Contract to provide Equipment with Operator and Materials.  
Minimum rental period per call-out: 1 week.

It shall be understood and agreed that any quantities and values listed in the Contract are estimates only and may be increased or decreased in accordance with the actual requirements of the PA Turnpike Commission. Payment by the Commission to the Contractor shall be based on actual hours of usage only.

Mobile Road Patcher with qualified operator who possesses CDL qualifications appropriate to vehicle classifications.

Cab and Chassis should be model year 2006 or newer. All equipment must be in conformance with applicable Federal and Pennsylvania Motor Vehicle Laws. All units must have current and valid inspection, plates, owner's cards, and fuel stamps necessary. Unit must be a minimum of 27,000 GVW with a minimum 5 cubic yard aggregate hopper. The unit must be able to move while patching. Vehicle must meet all PA Turnpike specifications for safe use on roadway, such as, but not limited to, beacon lights, flashers, and back-up alarms.

The Contractor shall not be paid for hours for which the machine is not capable of performing work for which it was hired. Contractor will maintain equipment in good mechanical and operating condition and make all repairs and/or replacements of the equipment while in the possession of the PA Turnpike at the Contractor's expense. The PA Turnpike will be responsible for fuel and insurance. If equipment fails due to mechanical

problems, Contractor agrees to have the vehicle repaired within 24-48 hours or have a replacement unit delivered to the site.

Equipment shall be delivered directly to the job site at no additional cost to the PTC. Contractor will be responsible for all tolls required for delivery.

Contractor will supply all materials, including but not limited to all asphalt, oil and washed aggregate. The materials provided shall be appropriate for the particular project, regardless of temperature.

Roadway repairs made by the Contractor must carry a 14-day minimum warranty. Contractor shall repair failed areas at no cost to the Commission. The PA Turnpike will be responsible for MPT during all operations, including warranty repairs.

Contractor is expected to respond within 48 hours' notice, and Contractor will report to the jobsite as directed by the PTC. Hours of payment shall be based on actual hours worked. No payment is to be made for travel time to and from PTC jobsite, scheduled breaks or time required for equipment repair/service.

Material Safety Data Sheets (MSDS) will be provided to the PA Turnpike with all information required and the regulations for each hazardous substance or mixture. The MSDS will be provided with the initial shipment and each shipment thereafter.

Insurance Coverage: A current Certificate of Insurance is to be supplied at time of equipment inspection or at first call-out. Contractor is responsible for providing a current certificate at time of insurance renewal.
