

TECHNICAL PROPOSAL REPORT

Agreement: 061867	Project Specific	Active
Name: Bridge replacements on S.R. 1009, Section 04B on S.R. 2103, Section 01B	Selection Process: Normal	Initiating Org: Engineering District 6-0
 Supplement: 5	Normal	Executed
Description: add work for the conservation of the Pineville Rd Bridge Concrete Mile Marker and mounting recommendations.		

Part 4 - Preliminary Design

Description

Preliminary design for Pineville Road bridge replacement on S.R. 2103, Section 01B

Task 1 - Project Management/Administration

Objective:

2.1.1

This task consists of the administrative effort required by principals, project manager, and involved personnel to complete the project on time and within budget, and to provide a quality product.

Scope:

2.1.1

Project Management involves the planning, scheduling, organizing and controlling of resources to achieve specific objectives within established schedule, budget and quality standards. The Project Manager is responsible for the tasks outlined in the Department Detail.

Detail Task 24 - Project Management/Administration

Department Details:

Coordination to complete the Conservation of the Mile Marker.

Approach:

Jacobs will complete this task, with assistance from Materials Conservation Collaborative, LLC (MCC), in accordance with the procedures outlined in WBS 2.1.1, as modified by the Department Details and as indicated.

MCC will provide specifications for the installation of the restored mile marker and plan dimensions for the concrete base pedestal. It is anticipated that the mile marker will be grouted into a notched portion of the concrete base pedestal. Jacobs will identify the location of the mile marker and concrete base pedestal details on the construction plans. Jacobs will prepare a special provision for the concrete base pedestal and installation of the mile marker (provided by MCC).

MCC will restore the mile marker in accordance with their scope and provide the marker to PennDOT or the Contractor as directed.
