Prudential Group Long Term Care Insurance Plan Highlights

Long Term Care Insurance

Prudential has 20 years of experience in the group Long Term Care Insurance market. Prudential Long Term Care Insurance helps employees maintain financial independence and choose the kind of care they receive. It is easy to implement and helps employers attract and retain valuable employees. Our plan reflects Prudential's long experience in underwriting and administering successful Long Term Care Insurance programs — and the marketing skills necessary to encourage maximum employee plan participation.

Dedicated LTC Team

Our team of over 100 specialists focuses *solely* on LTC, covering sales, service, care management, administration, contracts, underwriting, and actuarial. Unlike other carriers, a dedicated LTC Account Manager is assigned to each client to design and execute plan implementation, enrollment, and marketing — minimizing a client's installation and administration costs for the Group Long Term Care Plan.

Flexible Plan

Unlike some of our competitors, Prudential's plan allows each client to decide which plans to offer employees and their family members. Prudential works with each of our customers to develop and market a program that meets their employee's specific needs. The plans offered by Prudential also inherently have flexible features built into our standard offer.

Provider Discounts

Policyholders choose where, and from whom, they want to receive long term care services. But Prudential provides them access to over 87,000 long term care service providers who discount their fees anywhere from 5% to 35%; ultimately extending the policyholders benefits.

Strong Communication Campaign

Based on years of hands-on experience, we have developed a professional and educational approach to the marketing of Long Term Care Insurance. We have developed materials that will help employees understand the value of this benefit by explaining what long term care is, how Long Term Care insurance can be used to protect assets and maintain independence, and why it is important to consider Long Term Care insurance as part of an overall financial plan.

Financial Strength of Prudential Financial

With LTC claims occurring as long as 30 years after the purchase of a policy, financial strength is critical to a carrier's ability to pay claims many years from now. Prudential doesn't reinsure any of our long term care claim risk, further demonstrating our commitment to the long term care business.

Plan Design Features

This proposal is for a reimbursement model Group LTC Insurance plan. As such, the policy provides coverage in the form of reimbursement for eligible expenses subject to the option(s) the insured chooses and any plan or benefit limitations or exclusions. Once Prudential has determined benefit eligibility and any applicable benefit-waiting period has been satisfied, Prudential reimburses for eligible charges incurred by the insured for long term care services.

Benefit plan features and exclusions may vary by state.

The Commonwealth of Pennsylvania's LTC plan includes the following features:

Daily Benefit Amounts	The proposed plan includes Daily Benefit Amounts ranging from \$100 to \$250 in \$10 increments.
Nursing Home Care	Eligible Nursing Home expenses are paid up to the selected Daily Maximum.
Assisted Living Facilities/ Residential Care Facilities	Eligible expenses for Assisted Living Facilities are paid up to the elected Daily Maximum.
Home and Community Based Care, Home Health Care, Adult Day Care, etc.	<p>Eligible expenses for Home and Community Based Care are paid up to 60% of the elected Daily Maximum.</p> <p>An option of a 100% Home Health Care benefit must be made available to residents of South Carolina.</p> <p>Home Care provided by an informal caregiver is also covered under the Cash Alternative Benefit.</p>
Cash Alternative Benefit	In lieu of utilizing the reimbursement benefit, claimants will have the option of electing the cash equivalent of the reimbursement for Home Care Daily Benefit. This is 50% of the reimbursement benefit. Claimants can use these funds at their discretion to pay for Qualified Long Term Care Services, including reimbursement for services provided by an informal or unlicensed caregiver.
Lifetime Maximum	<p>All benefits are drawn down from a Lifetime Maximum "Benefit Pool". This pool of money is equal to the benefit years of Nursing Home coverage based on the chosen Daily Maximum.</p> <p>The proposed plan includes a three year and a five year lifetime maximum. The maximum pool of dollars available for the Commonwealth of Pennsylvania is \$456,250.</p> <p>Lifetime Maximum = $\text{Elected Daily Maximum} \times 365 \text{ days} \times \text{number of years}$</p>
Hospice Care	Benefits are paid up to the elected Daily Maximum regardless of the type of services used. The waiting period does not need to be satisfied.

Periodic Inflation Protection	<p>Inflation protection will be offered at least every three years to those participants who do not elect one of the Automatic Inflation Options.</p> <p>No medical underwriting is required unless an insured declines two consecutive inflation offerings. Coverage amounts are increased by at least 5% per year, compounded annually. Rates for this additional coverage will be based on the age of the insured at the time the inflation offer is accepted.</p>
Caregiver Training	<p>This benefit provides training for an Informal Caregiver. Benefits for Eligible Charges will be paid up to \$500. No waiting period is required.</p>
Respite Care	<p>Respite Care provides relief for a family member who normally provides unpaid care to an insured.</p> <p>The benefit pays for up to 21 days of Respite Care per calendar year, 100 days per lifetime.</p> <p>The benefits are paid up to the elected Daily Maximum regardless of the type of services used and will be deducted from the Lifetime Maximum.</p>
Independence Support Benefit	<p>Insureds who are not in a Nursing Home can receive benefits for home modifications and medical alert systems.</p> <p>The benefit will be paid up to 50 times the elected Daily Maximum and is deducted from the Lifetime Maximum.</p> <p>An insured must meet our benefit eligibility criteria to be eligible. No waiting period is required.</p>
Bed Reservation	<p>If an insured is in a Nursing Home or Assisted Living Facility and needs to go into the hospital, that person's bed will be held during the hospital stay.</p> <p>This benefit pays up to the elected Daily Maximum per day and is limited to 21 days per calendar year. The benefits are deducted from the Lifetime Maximum.</p>

Information and Referral Services

Information and referral services are available from our Long Term Care Customer Service Center. The information and referral services are provided by associates that are required to be a Registered Nurse or have a Master's degree in Social Work with at least two years of geriatric experience.

The Prudential Long-Term Care Resource Center is also a resource that is available to insureds and insureds' family members. This resource makes the process of finding a long term care provider easier by offering an array of valuable local and national long term care information, quality ratings, and discounts. The Prudential Long-Term Care Resource Center can be accessed by insureds or insureds' family members through Prudential's website. At time of claim, personal assistance with locating a provider can be done by phone, at no additional charge. There is no limit on how many times this service may be accessed.

Some insureds may wish to use private care management services as opposed to our information and referral services. We will pay for eligible charges up to the private care management calendar year benefit limit. That limit is twelve times the elected Daily Maximum (available in most states).

Care management services must be received from a state licensed or certified (if licensure is not available) professional, such as a nurse or social worker. An insured must first be deemed eligible for benefits under the plan by Prudential to receive this benefit. No waiting period is required. Benefits are deducted from the Lifetime Maximum.

Alternate Plan of Care	Prudential recognizes there are emerging trends in the delivery of Long Term Care. We have attempted to describe the types of institutional and Home and Community Based Care settings that are covered under this plan. However, we will consider a claim for benefits for care received in an alternate setting or for non-institutional services designed to help an eligible person remain independent in his or her home. Determination of eligibility for this benefit and the benefit amount will be made on an individual basis at the sole discretion of Prudential. To qualify, such care must be qualified a Long Term Care Service.
Contingent Non-Forfeiture Benefit	This feature automatically provides a Non-Forfeiture Benefit if premium rates are increased by Prudential by more than certain allowable cumulative percentages, if the insured has not elected coverage under a traditional non-forfeiture benefit.
Restoration of Benefits	The lifetime maximum will be restored to the original level if an insured who has received benefits in the past returns to normal activities, with no ADL limitations or cognitive impairment for at least six consecutive months.
International Benefit	Benefits for Eligible Charges incurred outside the United States will be paid up to 75% of the Daily Maximum for Nursing Home Care and Home and Community-Based Care. Payment of International Coverage benefits is limited to 365 days during which Eligible Charges are incurred over the lifetime of the Coverage. Once the International Coverage limit of 365 days has been reached, claimants can continue to receive reduced benefits by selecting the Cash Alternative feature described above. These benefits are subject to the Elimination Period and reduce the Lifetime Maximum.
Waiver of Premium	Premiums will be waived the first of the month following the date the insured meets the Benefit Eligibility Criteria and satisfies the Benefit Waiting/Elimination Period. Premiums will be billed for the first of the month following a month in which the insured no longer meets the Benefit Eligibility Criteria.
Portability	As long as the insured continues to pay premiums on a timely basis and does not exhaust his/her benefits, coverage may be maintained regardless of his/her relation to the group contract holder and regardless of the relationship between the group contract holder and Prudential.

<p>Waiting Period</p>	<p>The Waiting Period begins on the date an insured is assessed, if that assessment results in eligibility for benefits.</p> <p>One Waiting Period applies towards all benefits except for Caregiver Training, Independence Support, Hospice Care, and Information and Referral Services. However, with the exception of the Information and Referral Services, these expenses will be deducted from the Lifetime Maximum.</p> <p>The Waiting Period is cumulative and is counted in calendar days. It needs to be satisfied only once during the insured's lifetime.</p>
<p>Married Person Discount</p>	<p>A discount of 10% will apply for a married insured.</p>

<p><i>Optional Features</i></p>	
<p>Automatic Inflation Option</p>	<p>This is an optional feature that an applicant can elect at the time of initial enrollment. Under this optional benefit, Plan benefits will automatically increase by 5% per year, compounded annually. Since these benefits are funded on a level premium basis, the increases occur without increasing premiums.</p>
<p>Non-Forfeiture Shortened Benefit Period</p>	<p>A client can include this optional feature for an 11% load to the rates.</p> <p>An insured may elect this option to help ensure some level of coverage even if the insured decides to stop paying premiums. Benefits will be available at the elected Daily Maximum, but with a Reduced Lifetime Maximum. This means the full daily benefit will be available, but for a shorter period of time. (Premiums must be paid for at least three full years before benefits will accrue under this option.)</p> <p>The Reduced Lifetime Maximum equals the amount of premium paid into the plan prior to termination and is decreased by any benefits paid under the plan, or 30 times the Daily Maximum Benefit at the time of lapse, whichever is greater.</p>

Benefit Eligibility Criteria

In order to receive any of the benefits offered under this plan, an insured must meet our benefit eligibility criteria.

To meet our benefit eligibility criteria, an insured must be assessed and confirmed as having a Chronic Illness or Disability. Prudential will arrange for an Assessor to conduct an assessment or the insured may select his or her own Assessor to determine whether the insured has a Chronic Illness or Disability. The assessment may be conducted by telephone or in person depending upon the insured's particular circumstances. A Chronic Illness or Disability is one in which there is:

- ♦ A loss of ability to perform, without Substantial Assistance, at least two Activities of Daily Living. This loss must be expected to continue for 90 days. Activities of Daily Living are Bathing, Contenance, Dressing, Eating, Toileting, Transferring;
- Or
- ♦ A severe cognitive impairment which requires Substantial Supervision to protect the insured from threats to health and safety.

The standard six Activities of Daily Living are defined as follows:

Bathing - washing oneself by sponge bath; or in either a tub or shower, including the task of getting into or out of the tub or shower.

Contenance - maintaining control of bladder and bowel functions, or when unable to maintain control of bladder or bowel functions, the ability to perform associated personal hygiene (including care for catheter or colostomy bag).

Dressing - putting on and taking off all items of clothing and any necessary braces, fasteners, or artificial limbs.

Eating - feeding oneself by getting food into the body from a receptacle (such as a plate, cup, or table) or by feeding tube or intravenously.

Toileting - getting to and from the toilet, getting on and off the toilet, and performing associated personal hygiene.

Transferring - having sufficient mobility to move into or out of bed, chair, or wheelchair, or to move from place to place either by walking, using a wheelchair, or by other means.

Once the insured is determined to be eligible for benefits and has satisfied the benefit waiting period, benefits will be payable according to the Plan of Care developed for the insured by the Licensed Health Care Practitioner responsible for care.

Prior hospitalization, admission to a Nursing Home, or any other institutional requirement are NEVER used to determine eligibility for Long Term Care benefits under this plan.
