Federal HIPAA Notice of Privacy Practices for Protected Health Information

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

"We" refers to The Prudential Insurance Company of America in its capacity as a provider of Group and Individual Long Term Care insurance. "You" or "yours" refers to any individual covered by a Long Term Care insurance policy issued by The Prudential Insurance Company of America.

Federal law—meaning the Health Insurance Portability and Accountability Act and related privacy rules—requires The Prudential Insurance Company of America to keep your health information private. We are not allowed to use or disclose it unless we receive your permission or unless permitted by law. Federal law requires us to give you this Notice of our legal duties and privacy practices. This Notice is to inform you of uses and disclosures of your health information that we may make. It also informs you of your rights and our duties with regard to this health information.

We must follow the terms of this Notice. We do reserve the right to change the terms of this Notice and make the new Notice provisions apply to all the health information we keep. This includes health information we had prior to any change in this Notice. We must promptly change this Notice when there is a material change to our uses or disclosures, your rights, our duties and other related circumstances. We will mail you any such revised Notice, unless you have agreed to receive Notices electronically. To receive such Notices by E-mail, you should tell the contact listed at the end of this Notice.

Use and Disclosure of Protected Health Information
Federal law permits us to use and disclose protected health information for purposes of treatment, payment and health care operations as those terms are defined under federal law. As an insurer, we do not provide treatment, but we may use and disclose protected health information for payment purposes, such as in connection with the payment of an insurance claim. We may also use and disclose protected health information for our health care operations such as when we decide to give you insurance or when we renew or replace your insurance. We will also comply with any state or federal law that is more restrictive as to our uses and disclosures of protected health information.

There are also times when federal law permits or requires us to use or disclose your information without your written permission.

Additionally, where appropriate, we may disclose protected health information to a group health plan or plan sponsor in accordance with federal law.

Permitted Disclosures

We may not make all of the uses and disclosures listed here, but federal law permits use or disclosure of your information without your permission:

- When we disclose your information to you.

- To a governmental authority when we reasonably believe you may be a victim of abuse, neglect or domestic violence where the governmental authority is allowed by law to have such information.
- To a health oversight agency for such activities.
- For judicial and administrative proceedings.
- To a law enforcement official for a law enforcement purpose.
- To a medical examiner for the purpose of identifying a deceased person, determining the cause of death, or other duties authorized by law.
- To organ donor organizations in order to aid in such donations.
- For certain research purposes authorized by and subject to federal law.
- To avert a serious threat to health or safety.
- To government officials regarding military personnel and certain domestic and foreign government officials for certain functions authorized by federal law.
- To comply with workers' compensation and other similar programs.
- To make certain marketing communications and for certain fundraising purposes.

Required Disclosures

We are required to disclose your information when required by the Secretary of the Department of Health and Human Services to make sure we comply with federal law.

We are also required, with certain exceptions, to provide you with access to inspect and obtain a copy of your information that we keep. See "Your Right To Inspect and Copy Protected Health Information" below.

Need for Authorization

We will not make any uses or disclosures other than those mentioned above without your permission. You may withdraw such permission in writing. Your withdrawal will not be effective (1) if we took action relying on your permission before it was withdrawn, or (2) if we obtained your permission as a condition of issuing you insurance, and the law allows us to contest a claim under the policy or to contest the policy itself. To withdraw your authorization, please write the contact listed at the end of this Notice. If you wish additional information, you should write to the contact listed at the end of this Notice.

THINGS YOU SHOULD KNOW BEFORE YOU BUY LONG TERM CARE INSURANCE

Long Term Care Insurance

- A long term care insurance policy may pay most of the costs for your care in a nursing home. Many policies also pay for care at home or other community settings. Since policies can vary in coverage, you should read this policy and make sure you understand what it covers before you buy it.
- You should not buy this insurance policy unless you can afford to pay the premiums every year. Remember that Prudential can increase premiums in the future.
- The Personal Worksheet includes questions designed to help you and the company determine whether this policy is suitable for your needs.

Medicare

- Medicare does not pay for most long term care.

Medicaid

- Medicaid will generally pay for long term care if you have very little income and few assets. You probably should not buy this policy if you are now eligible for Medicaid.
- Many people become eligible for Medicaid after they have used up their own financial resources by paying for long term care services.
- When Medicaid pays your spouse's nursing home bills, you are allowed to keep your house and furniture, a living allowance and some of your joint assets.
- Your choice of long term care services may be limited if you are receiving Medicaid. To learn more about Medicaid, contact your local or state Medicaid agency.

Shopper's Guide

- Make sure the insurance company or agent gives you a copy of a book called *A Shopper's Guide to Long Term Care Insurance* published by the National Association of Insurance Commissioners. Read it carefully. If you have decided to apply for long term care insurance, you have the right to return the policy within 30 days and get back any premium you have paid if you are dissatisfied for any reason or choose not to purchase the policy.

Counseling

- Free counseling and additional information about long term care insurance are available through your state's insurance counseling program. Contact your state insurance department or department on aging for more information about the senior health insurance counseling program in your state.

**LONG TERM CARE INSURANCE
PERSONAL WORKSHEET**

People buy long term care insurance for a variety of reasons. These reasons include to avoid spending assets for long term care, to make sure there are choices regarding the type of care received, to protect family members from having to pay for care, or to decrease the chances of going on Medicaid. However, long term care insurance can be expensive, and is not appropriate for everyone.

State law requires Prudential to ask you to complete this worksheet to help you and us determine whether you should buy this policy. If you do not wish to complete it, you must still check and sign the disclosure statement on page 2 and return the incomplete worksheet with your enrollment form. Prudential cannot process your enrollment form unless this worksheet is returned to us.

Premium

The premium for the coverage you are considering will be \$ _____ per month, or \$ _____ per year.

Prudential has a right to increase premiums in the future. Prudential has sold long term care insurance since 1986 and has sold this policy since 2002. Prudential has not raised its rates for this policy.

Have you considered whether you could afford to keep this coverage if the premiums were raised, for example, by 20%?

Income

Where will you get the money to pay each year's premiums?

What is your annual income? (check one)

How do you expect your income to change over the next 10 years? (check one)

If you will be paying premiums with money received only from your own income, a rule of thumb is that you may not be able to afford this coverage if the premiums will be more than 7% of your income.

Potential Rate Increase Disclosure Form**

1. **Premium Rate:** The premium rate that is applicable to you and that will be in effect until a request is made and filed for an increase is \$ _____
(fill in amount from Rate Sheet based on plan design and options you choose).
2. The premium for this Certificate will be shown on the Confirmation Statement you will receive together with your Certificate of Insurance.
3. **Rate Schedule Adjustments:** The company will provide a description of when premium rate or rate schedule adjustments will be effective (e.g., next anniversary date, next billing date, etc.) (fill in the blank): No premium rate or rate schedule adjustments are scheduled for this coverage.
4. **Potential Rate Revisions:** This Certificate is Guaranteed Renewable. This means that the rates for this coverage may be increased in the future. Your rates can NOT be increased due to your increasing age or declining health, but your rates may go up based on the experience of all insureds with coverage similar to yours.

If you receive a premium rate or premium rate schedule increase in the future, you will be notified of the new premium amount and you will be able to exercise at least one of the following options:

- Pay the increased premium and continue your coverage in force as is.
- Reduce your benefits to a level such that your premiums will not increase.
(Subject to state law minimum standards.)
- Exercise your non- forfeiture option if purchased. (This option may be available for purchase for an additional premium.)
- Exercise your contingent non-forfeiture rights.* (This option may be available if you do not purchase a separate non- forfeiture option.)

***Contingent Non-forfeiture**

If the premium rate for your coverage goes up in the future and you didn't buy a non-forfeiture option, you may be eligible for contingent non forfeiture. Here's how to tell if you are eligible:

You will keep some long term care insurance coverage, if:

- Your premium after the increase exceeds your original premium by the percentage shown (or more) in the following table and
- You lapse (not pay more premiums) within 120 days of the increase.

The amount of coverage (i.e., new lifetime maximum benefit amount) you will keep will equal the total amount of premiums you've paid since your coverage was first issued. If you have already received benefits, so that the remaining maximum benefit amount is less than the total amount of premiums you've paid, the amount of coverage will be that remaining amount.

Except for this reduced lifetime maximum benefit amount, all other benefits will remain at the levels attained at the time of the lapse and will not increase thereafter.

Should you choose this Contingent Non-forfeiture option, your coverage with this reduced maximum benefit amount will be considered paid up with no further premiums due.

Example:

You bought the coverage at age 65 and paid the \$1,000 annual premium for 10 years, so you have paid a total of \$10,000 in premium.

In the eleventh year, you receive a rate increase of 50%, or \$500 for a new annual premium of \$1,500, and you decide to lapse the coverage (not pay any more premiums).

Your paid-up benefits are \$10,000 (provided you have at least \$10,000 of benefits remaining.)

**Contingent Non-forfeiture

Disclosure Form
Long Term Care Insurance
Certificate Form Number 83500 BCOV 5010 et al
under Group Policy LT-44864-WA

The decision to buy new Long Term Care Coverage is very important. It should be carefully considered.

The following data give you some general tips and furnish you with a summary of benefits available under our Coverage.

Your Long Term Care Certificate provides sixty days within which you may decide without cost whether you wish to keep it. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available under your Certificate.

If you now have insurance which provides benefits for long-term care, *read your Certificate carefully*. Look for what is said about renewing it. See if it contains waiting periods before benefits are paid. Note how it covers preexisting conditions (health conditions you already have). Compare these features with similar ones in any new certificate. Use this information to measure the value of any insurance or health care plans you now have.

This is NOT Medicare Supplement coverage.

DON'T BUY MORE INSURANCE THAN YOU REALLY NEED. One certificate that meets your needs is usually less expensive than several limited certificates.

If you are eligible for state medical assistance coupons (Medicaid), you should not purchase long-term care insurance coverage.

After you receive your Certificate, make sure you have received the coverage you thought you bought. If you are not satisfied with the Certificate, you may return it within sixty days for a full refund of premium.

Benefit Waiting/Elimination Period. A Benefit Waiting/Elimination Period must be met once during your lifetime before benefits are payable. This Certificate has one combined Benefit Waiting/ Elimination Period for all covered services, except Hospice Care, Independence Support, Caregiver Training, Information & Referral and Private Care Management. This is a period, counted in calendar days, which begins on the date you are assessed, if that assessment results in eligibility for benefits, and continues as long as you have a Chronic Illness or Disability. You do not need to incur charges to satisfy the Benefit Waiting/Elimination Period. The Benefit Waiting/Elimination Period can be satisfied over multiple periods of Chronic Illness or Disability. The Benefit Waiting/ Elimination Period is shown in the Schedule of Benefits above.

Eligibility for Payment of Benefits. In order to receive benefits you must be assessed by an Assessor and be confirmed as having a Chronic Illness or Disability. A Chronic Illness or Disability is one in which there is:

- 1) A loss of the ability to perform, without Substantial Assistance, at least two Activities of Daily Living. This loss must be expected to continue for 90 days. Activities of Daily Living are Bathing, Continence, Dressing, Eating, Toileting, and Transferring; or
- 2) A similar level of disability as that described in 1) above; or
- 3) A severe Cognitive Impairment, which requires Substantial Supervision to protect you from threats to health or safety.

Prudential will arrange for a trained Assessor to assess you or you may select your own Assessor. The assessment will be based on objective standards of measurement. Based on the information obtained during the assessment, your eligibility will be confirmed or denied based on Prudential's use of objective standards of measurement. If you are eligible, you will need a Plan of Care. Your Plan of Care will be used to determine benefits based on the Plan you have chosen.

LIMITATIONS AND EXCLUSIONS.

Charges Not Covered:

- a) **Work-connected Conditions Charge.** A charge covered by a workers' compensation law, occupational disease law or similar law.
- b) **Government Plan Charge.** A charge for a service or supply: (A) furnished by or for the United States government or any other government, unless payment of the charge is required by law; or (B) to the extent that the service or supply, or any benefit for the charge, is provided by any law or governmental plan under which the patient is or could be covered. This (B) does not apply to a state plan under Medicaid or to any law or plan when, by law, its benefits are excess to those of any private insurance program or other non-governmental program. When this (B) applies to Medicare, the benefits provided by Medicare will be deemed to include any amount that would have been payable by Medicare in the absence of a deductible or coinsurance requirement under that program.
- c) **War, Felony, Riot or Insurrection.** Charges for a condition due to war or any act of war while you are insured or due to your participation in an act of felony, riot or insurrection. "War" means declared or undeclared war and includes resistance to armed aggression. "Riot" means a wild, violent, public disturbance of the peace.

- e) **Services and Supplies Outside the United States.** Charges for services or supplies outside of the United States and its possessions.

**THIS CERTIFICATE MAY NOT COVER ALL THE EXPENSES
ASSOCIATED WITH YOUR LONG-TERM CARE NEEDS.**

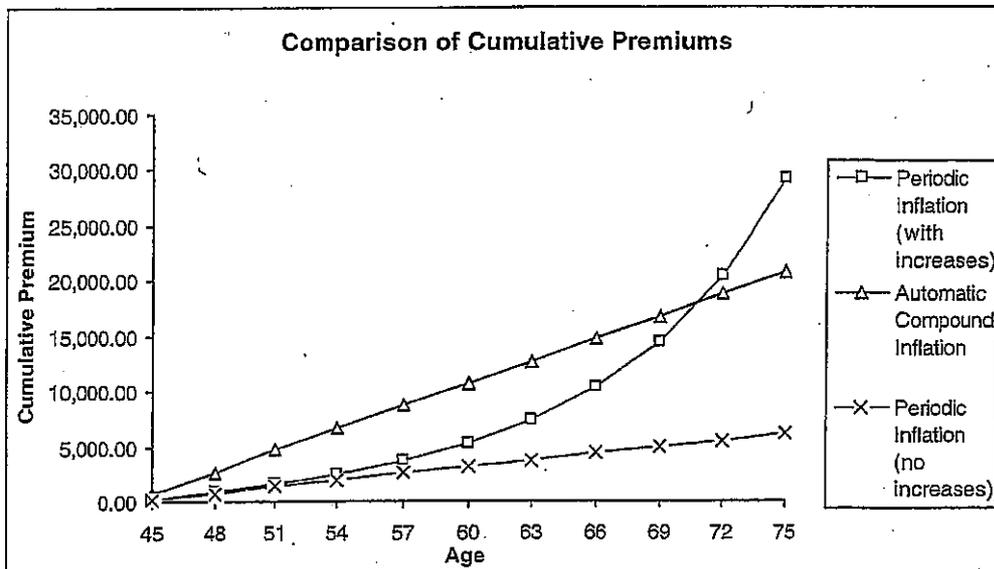

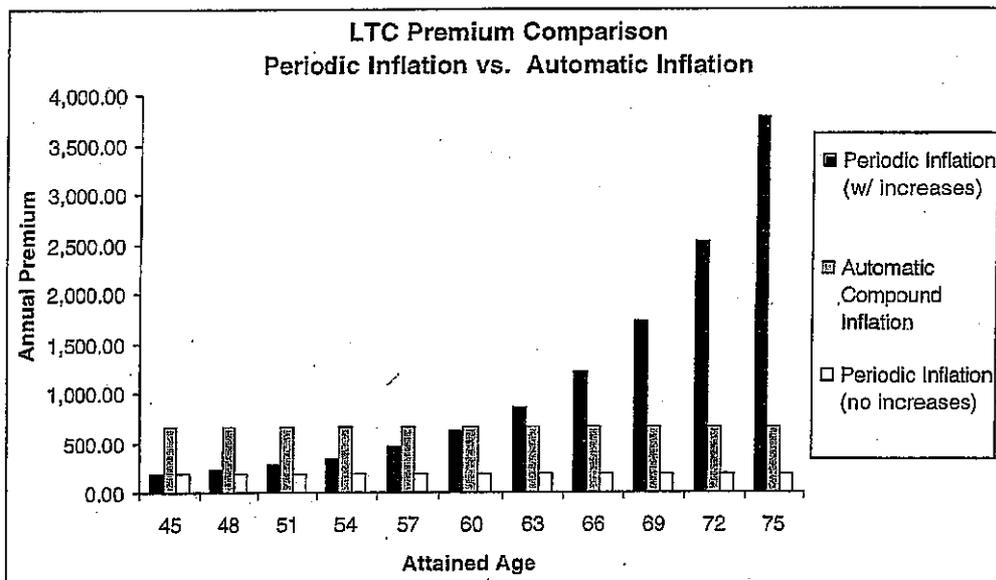

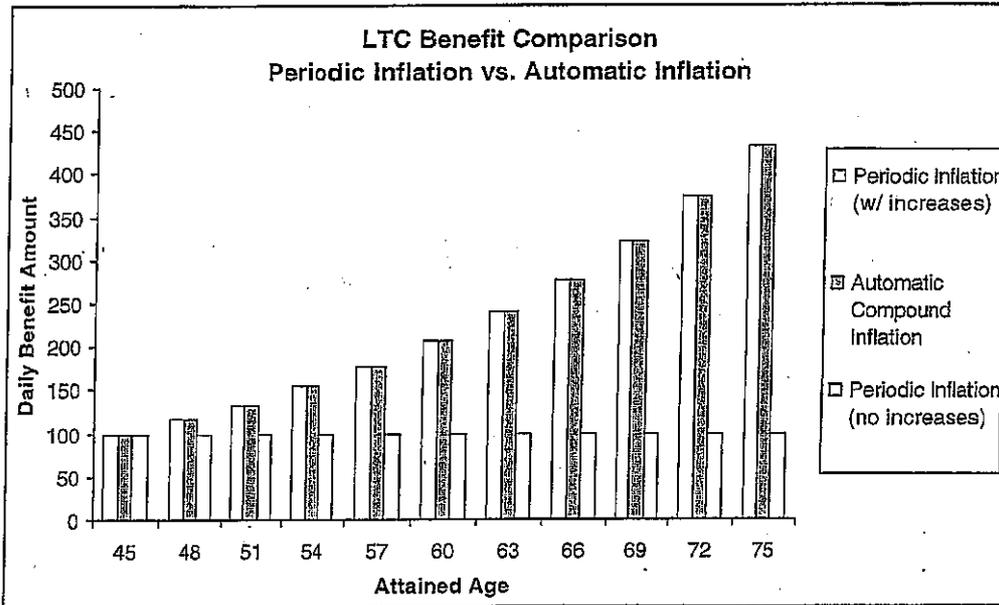

RELATIONSHIP OF COST OF CARE AND BENEFITS. Because the costs of long term care services will likely increase over time, you should consider whether and how the benefits of this plan may be adjusted. Benefit levels may increase over time in accordance with the inflation protection provision you choose.

Periodic Offers for Inflation Increase Protection. At least every three years you will be offered the opportunity to increase your benefits to keep up with inflation. If you accept the offer, the amount of the additional benefit shall be the difference between your existing benefits and those benefits compounded annually at a rate of at least five percent for the period beginning with the purchase of your existing benefits and extending until the year in which the offer is made. Benefits will be rounded to nearest dollar. Your Lifetime Maximum will also increase accordingly. Your age on the Effective Date of the increase will be used to determine the additional separate premium for the increased Coverage. Therefore, your premium will increase each time you accept an inflation protection offer. You do not have to provide evidence of insurability to take inflation increases. However, if you decline the previous two offerings made to you, and then want to increase Coverage, you will be required to submit satisfactory evidence of insurability the next time you accept an offer.

Optional Inflation Rider Available for Additional Premium:

Automatic Compound Inflation Increases Protection. Your benefits will automatically increase on the anniversary of the Effective Date of your Coverage. These increases will occur even if you are receiving benefits. Each year, all benefits increase by 5% compounded annually, rounded to the nearest dollar. Your Lifetime Maximum will also increase accordingly. You do not have to provide evidence of insurability. No additional premium charge will be imposed.

The following is a hypothetical graphic comparison of the benefit and premium levels of a plan that increases benefits over the period of coverage with a plan that does not increase benefits. The graphic comparison shows benefit and premium levels over a thirty year period. The example is based on a \$100 Daily Maximum Institutional Care Benefit plan purchased by a 45 year old.

You may change your designee at any time by notifying Prudential in writing.

Reinstating Coverage. If you fail to pay your premium and your Coverage ends for this reason, you may be eligible to reinstate your Coverage. You or your representative may request reinstatement within five months of the date premiums were due.

Premium Refund Available at Death. If you die before a certain age, Prudential may refund a percentage of the premiums paid. This benefit will be paid even if, at the time of your death, you are receiving benefits and premiums have been waived. Waived premiums are not considered paid premiums and will not be returned under this provision. In the event of your death, Prudential will pay the refund to your spouse, if living, otherwise to your estate.
