## COSTARS-1 REBID Copiers

### QUESTIONS

**BIDDERS/CONTRACTOR'S LEGAL NAME:** XSE GROUP OF PA, LLC

**The bidder shall answer the following questions:**

The bidder shall answer the following questions.			
QUESTION	YES	NO	COMMENTS
1) Does the Bidder-Contractor have any minimum order requirements? If yes, please explain.		X	
2) In accordance with Section 14 of the <i>Standard Terms and Conditions</i> , the Contractor shall deliver all item(s) F.O.B. Destination. a.) Is the Bidder-Contractor quoting shipping costs as a separate line item?		X	
b.) If no, is the Bidder-Contractor including shipping costs in its pricing?	X		
3) Does the Bidder-Contractor offer any pricing incentive(s) such as for Internet ordering? If yes, please explain.		X	
4) Does the Bidder-Contractor offer any prompt payment discount(s)? If yes, please explain.		X	
5) a.) Does the Bidder-Contractor accept credit card(s) as a method of payment from any Purchaser? If yes, please specify the particular type(s) of card(s) accepted:	X		Visa, Mastercard, and American Express accepted. **Credit Cards may not be used for Lease/Rental Payments**
b.) If yes, does the Bidder-Contractor charge any fee(s) to the Purchaser for payment(s) made by credit card? If yes, please explain.		X	
6) Does the Bidder-Contractor charge any late fee(s) to the Purchaser for payment not made in accordance with Section 11 of the <i>Standard Terms and Conditions</i> ? If yes, please explain.		X	
7) After notification of contract award, is the Bidder-Contractor willing to further negotiate pricing with COSTARS members?	X		
8) a.) Does the Bidder-Contractor offer lease and installment purchases?	X		
b.) If yes, does the Bidder accept DGS Leasing and Installment Purchase Terms and Conditions? If no, please include the Bidder's standard leasing or installment purchase terms and conditions with bid package.	X		Acceptance terms and Conditions in addition to agreed DGS Special Terms and Conditions, Standard Terms and Conditions as set forth in COSTARS-1 Rebid RFP
9) If the Bidder is a manufacturer bidding directly, does the Bidder wish to offer contract items via its dealer network? If yes, please attach (as an extra tab(s) to the workbook) a list of authorized dealers including supplier information and stating any dealer's territory breakdown (such as counties, municipalities, or regions). Also, indicate on the Bidder-Contractor Data Sheet a representative for Purchasers to contact regarding POs and payment.		X	XSE is not a direct Manufacturer. XSE is an authorized sales an service provider for Canon, Sharp, and Xerox
10) Is the Bidder-Contractor going to provide a dedicated COSTARS website for Purchasers (see Section 9 of the <i>Standard Terms and Conditions</i> )? If yes, how much time after notification of contract award will the Bidder-Contractor need to have the website up and running?		X

## imageRUNNER 5075 V2/5065 V2/5055 V2 Series

Featuring Canon's advanced imageCHIP (Concurrent Hyper Intelligent Platform) system architecture, the imageRUNNER 5075/5065/5055 Series devices deliver digital output at speeds of up to 75ppm, 65ppm, and 55 ppm (letter), respectively. With a long-lasting Amorphous Silicon drum, fast warm-up/recovery times, and a large paper capacity, these devices deliver the solid reliability needed in high volume office and light production environments. The imageRUNNER 5075/5065/5055 devices also feature as standard a brand new Single Pass Duplex Scanner/Feeder that efficiently captures image data from both sides of an original simultaneously. Expanded set finishing/stapling capacities, and advanced folding and document insertion options are also available.

## imageRUNNER 7095 V2 Printer

The Canon imageRUNNER 7095 Printer, operating at up to 95-ppm (letter), is excellent for print-only environments performing large volumes of transactions and host-based printing. You can configure the system with a choice of print controller options to execute complex workflows and complete long runs with minimal operator involvement. Using a full range of document handling and finishing accessories, professional publishing needs with available in-line perfect bookbinding, saddle-stitched booklet finishing, hole punching, tab feeding, and high capacity stacking can be accomplished.

Item No.	Description	MSRP	COSTARS Price

## Color imageRUNNER C3480/C3480i/C3080/C3080i/C2550

The Color imageRUNNER C3480/C3080 Series and Color imageRUNNER C2550 devices are new, full-color digital multifunctional solutions that offer Canon's advanced imageCHIP system architecture capabilities for exceptional quality and performance. These models operate at up to 34/30/25 ppm (letter), respectively, for black-and-white output and up to 30/28/23 ppm (letter), respectively, for color output. Each system pack impressive productivity and technology into a convenient, compact design. Offering digital copying and Mail Box features, standard Color Universal Send and printing, and superior paper handling, the Canon Color imageRUNNER C3480/C3080 Series and Color imageRUNNER C2550 devices deliver smart color in the office!

## Color imageRUNNER C2880 V2

The Color imageRUNNER C2880 model is powered by Canon's evolutionary imageCHIP system architecture. It not only enables simultaneous copying, printing, scanning, sending and faxing, it also delivers output at speeds of up to 28 ppm in monochrome and up to 26 ppm in brilliant color. The Color imageRUNNER model packs a great deal of productivity and technology into a convenient compact design. The Color Rapid Fusing System allows for short warm-up times and quick first-copy-out-times. And with 1200 dpi, the Color imageRUNNER model can address more sophisticated document production needs.

## Color imageRUNNER C5185 & C4580 /C4080 V3 Series &

### Color imageRUNNER C5185 PRO System

Based on four-drum technology, the Color imageRUNNER C5185 / C4580 / C4080 Series delivers speeds of up to 51/45/40 ppm, based on letter-sized documents, respectively, for black-and-white output and up to 51/40/36 ppm, based on letter-sized documents, respectively, for color output. The Color imageRUNNER C5185/C4580/C4080 models come standard with a 100-sheet duplexing automatic document feeder, which can handle multi-page originals at speeds up to 70 images-per-minute. The Color imageRUNNER C5185/C4580/C4080 models are available with a choice of print controllers, including an external print server. This print controller configuration flexibility allows the Color imageRUNNER Series to deliver optimized technology for virtually every color requirement and market segment.

The Color imageRUNNER C5185 PRO System is a complete On-Demand color solution. The components included in the System are the Color imageRUNNER C5185 which delivers output speeds up to 51ppm (LTR size output), the ColorPASS GX200 for production level true postscript 3 processing and job management, Graphics Arts Feature Set ver.2.1 and X-Rite Eye-One for sophisticated color management, imageWARE PrePress Manager ver.1.2 (1 License) which provides advanced Make Ready software integrating in a JDF workflow, and the Integrated interface and Stand-A1 for professional operator environments.

## imageRUNNER C5068/C5058

The imageRUNNER C5068/C5058 models deliver impressive, high volume, black-and-white letter sized performance at speeds of up to 68/58 pages per minute (ppm) and color output when you need it at up to 16 ppm (letter). For faster copying and capturing of black-and-white or color documents, the standard 100-sheet Duplexing Automatic Document Feeder can scan originals at speeds of up to 70 ipm (impressions per minute) at 300 dpi. And with high-capacity finishing options, professional output is available for any project - in black and white or with a touch of color for even greater appeal.

## Color imageRUNNER LBP5970/LBP5975

The Color imageRUNNER LBP5975/LBP5970 models are capable of output speeds of up to 31 pages per minute in monochrome and up to 30 pages per minute in brilliant color. If your workgroup needs to print higher volumes or larger documents, the LBP5975/LBP5970 models can easily handle paper sizes of up to 11" x 17". Canon's Color imageRUNNER LBP5975/LBP5970 models utilize robust four drum engine technology and the Color RAPID-Fusing System to produce beautiful high speed color and monochrome documents. In addition to standard network printing, these models offer optional wireless LAN support, optional PostScript 3 emulation, and for the imageRUNNER LBP5975 model, standard compact internal stapling.

**LASER CLASS 310**

Canon's LASER CLASS 310 is a 19-page-per-minute (letter) multifunctional solution that provides high quality and affordable faxing, laser printing, and copying to meet the needs of any small business or workgroup. The LASER CLASS 310 offers a large memory capacity of up to 510 pages, Canon's exclusive UHQ (Ultra High Quality) technology that will ensure superior image capture and reproduction of every page, and Super G3 Fax technology to transmit documents at quick speeds. When connected to the AXIS 1650 Print Server, the LASER CLASS 310 gives multi-user workgroups the ability to utilize the device as a shared network printer. It also includes a 50-sheet Automatic Document Feeding capabilities to quickly scan up to legal sized-pages and a 500-sheet adjustable paper cassette.

## DR-2050C

The DR-2050C offers high-quality image output, with resolution of up to 600 dpi for all your 24-bit color, grayscale, and black-and-white scanning needs. With scanning speeds of up to 20 pages or 40 images per minute, the DR-2050C was built to provide incredible throughput for high-performance duplex scanning. Superior speed and exceptional value are just the beginning of what makes Canon's DR-2050C scanner a leader in its class. Up to 100 user preference profiles can be programmed and stored for fast, easy access to frequently used settings. A variety of user-friendly image processing functions, such as front and back Color Dropout, Text Enhancement, and Pre-Scan, help you to consistently capture document data with accuracy and simplicity.

## DR-2050SP

The Canon DR-2050SP is a sheet-fed scanner that incorporates DR-2050C scanner's streamlined desktop design. The DR-2050SP model scans letter-size documents in black-and-white or grayscale at speeds of up to 20 (simplex) ppm and 40i (duplex) images-per-minute (ipm) and 24-bit color at up to 10 (simplex) ppm 20ii (duplex) ipm. When the Canon DR-2050SP is connected directly to a projector via a VGA cable, this scanner allows users to project images onto a screen of hardcopy scanned documents, data from a USB memory drive or even images captured from an IrDA Infrared including images from mobile devices like PDAs, and cell phones.

## DR-5010C

The Canon DR-5010C scanner, which targets production-volume environments, scans in both color and black-and-white at a constant rate of 50 ppm, as well as 100 images-per-minute (ipm) in duplex scanning at the industry standard of 200dpi resolution. For improved OCR results, a Custom Color Dropout feature allows you to remove color elements such as lines or shaded boxes. Automatically optimize readability of documents containing hard-to-scan elements such as faint text or pencil writing with two Text Enhancement modes. The DR5010C comes bundled with Canon's CapturePerfect and Adobe® Acrobat® software, in addition to a full-featured ISIS®/TWAIN driver.

## DR-7080C

The DR-7080C provides high-speed 70 page-per-minute color scanning for batch scanning needs, as well as fast and easy flatbed scanning. Equipped with Canon's technology, users will also enjoy the benefits of reliable document feeding, easy front-panel operation, and a user-friendly software interface that is common to all Canon DR document scanners. The DR-7080C is one of the most compact scanners of its kind, allowing for easier installation. This extremely durable and energy efficient device, makes it the ideal scanning solution for any size office.

## DR-7090C

The Canon imageFORMULA DR-7090C Universal Production Scanner delivers incredible flexibility, image quality and reliability, all at high scanning speeds, by leveraging the technologies from its award winning imageFORMULA and imageRUNNER product lines.

The DR-7090C's combination of flatbed and sheet-fed scanning is capable of withstanding the rigors of continuous use in the low-volume production scanning environment and enable it to handle even the most complex scan tasks. Not knowing the type of hard copy documents are to be scanned is no longer a cause for concern with this universal scanner. The well engineered imageFORMULA DR-7090C scanner can help businesses reduce overhead costs and improve scanning efficiencies.

## DR-7580/9080C

The DR-7580/9080C is at the top-end of the DR series. The DR-9080C scans up to 90 pages per minute in B/W or Grayscale mode and 50 ppm in Color mode and the DR-7580 achieves 75 ppm in B/W or Grayscale modes. While it remains the features of the DR series such as space saving / compact design and reliable document handling, it improves its scanning speed, operation, image quality and maintenance dramatically.
