

TECHNICAL PROPOSAL REPORT

Agreement: E00973	Project Specific	Active
Name: Marshalls Creek Structure & Geo-Technical Review Contract	Selection Process: Modified	Initiating Org: Engineering District 5-0
<input type="checkbox"/> Supplement: 1	Normal	Executed
Description: perform a negative adjustment due to down scoping of the project		

Part 1 - Structure and Geo-technical Review Assistance

Description

This agreement encompasses the review of all structure and geo-technical submissions related to final design activities on the Marshall's Creek Bypass project located in Smithfield and Middle Smithfield Townships, Monroe County.

Task 1 - Other Structures Activities

Objective:

2.7.99

This includes any other necessary PennDOT structure activities for the project which are not otherwise covered under the standard structure tasks.

Scope:

2.7.99

Provide work as detailed by the Department. See Below.

Detail Task 2 - Structure and Geo-Technical Review

Department Details:

Negative adjustment due to down scoping of project from a Design Build to a Design Build. The project is now limited to 2-single cell box culverts, 1-structure re-decking, and 1-superstructure replacement. All MSE and noise walls have been eliminated.

Approach:

AECOM will perform structure/geo-technical reviews as stated in original tech proposal for the following structures:

Two (2) single cell box culverts.

One (1) structure redecking.

One (1) super-structure replacement.

We understand that all MSE walls and noise walls have been eliminated.

For the anticipated reviews, our project Team will be comprised of one subconsultant, Geo-Explorers, Inc. to support geotechnical reviews for the culverts. HNTB will not be required for any further services on this assignment.

Consultant Hierarchy

Business Partner	DBE Type	Supervising BP
AECOM USA, Inc.	No	
Geo - Explorers, Inc.	Yes	AECOM USA, Inc.
HNTB Corporation	No	AECOM USA, Inc.
