## **SECTION I: INCORPORATION OF DOCUMENTS**

### **A. Operative Documents**

The RFP, which is attached hereto as Appendix 1, and the Proposal, is attached hereto as Appendix 2, are incorporated herein and are made part of this Agreement. With regard to the governance of such documents, it is agreed that:

1. In the event that any of the terms of this Agreement conflict with, or are inconsistent with the terms of the RFP, the terms of this Agreement shall govern;
2. In the event that any of the terms of this Agreement conflict with, or are inconsistent with the terms of the Proposal, the terms of this Agreement shall govern;
3. In the event that any of the terms of the RFP conflict with, or are inconsistent with the terms of the Proposal, the terms of the RFP shall govern.

4. In the event that any of the terms of the Agreement conflict with, or are inconsistent with, the terms of any Appendix or Exhibit to the Agreement, the terms of the Agreement shall govern.

## **B. Operational Updates and Department Communications**

### **1. Managed Care Operations Memos (MC OPS Memos)**

The Department will issue MC OPS Memos via the Pennsylvania HealthChoices Extranet to provide clarifications to requirements pertaining to HealthChoices. PH-MCOs must routinely check the Pennsylvania HealthChoices Extranet. MC OPS Memos and notices are vehicles to clarify operational policies and procedures and are not intended to amend the terms of the Agreement.

### **2. Pennsylvania HealthChoices Extranet**

To access the Pennsylvania HealthChoices Extranet, the PH-MCO must have established connectivity with DHS.

In addition to the MCO-OPS Memos, the Pennsylvania HealthChoices Extranet Systems site contains current information on managed care systems policies and procedures, which include but are not limited to, information on eligibility, enrollment and reimbursement procedures, and encounter data submission requirements. It also contains information on pending changes and systems notices.

## **SECTION II: DEFINITIONS**

**Abuse** — Any practices that are inconsistent with sound fiscal, business, or medical practices, and result in unnecessary costs to the MA Program, or in reimbursement for services that are not Medically Necessary or that fail to meet professionally recognized standards or agreement obligations (including the RFP, Agreement, and the requirements of state or federal regulations) for health care in a managed care setting. The Abuse can be committed by the PH-MCO, Subcontractor, Provider, State employee, or a Member, among others. Abuse also includes Member practices that result in unnecessary cost to the MA Program, the PH-MCO, a Subcontractor, or Provider.

**ACCESS Card** — An identification card issued by the Department to each MA Recipient.

**Actuarially Sound Capitation Rate** — Actuarially sound Capitation rates are projected to provide reasonable, appropriate and attainable costs that are required

under the terms of the contract and for the operation of the Primary Contractor for the time period and the population covered under the terms of the contracts, and such Capitation rates are developed in accordance with the requirement in 42 C.F.R. §438.4(b).

**Actuary** — An individual who meets the qualification standards established by the American Academy of Actuaries for an actuary and follows the practice standards established by the Actuarial Standards Board. In this part, Actuary refers to an individual who is acting on behalf of the State when used in reference to the development and certification of capitation rates.

**Adjudicated Claim** — A Claim that has been processed to payment or denial.

**Advanced Directives** — A written instruction, such as a living will or durable power of attorney for health care, recognized under State law (whether statutory or as recognized by the courts of the State), relating to the provision of health care when the individual is incapacitated.

Without limitation, all officers, or persons, holding five percent (5%) or more of the outstanding ownership interests of PH-MCO or its parent(s), directors or subsidiaries of PH-MCO or parent(s) are Affiliates. For purposes of this definition, "control" means the possession, directly or indirectly, of the power (whether or not exercised) to direct or cause the direction of the management or policies of a Person, whether through the ownership of voting securities, other ownership interests, or by contract or otherwise including but not limited to the power to elect a majority of the directors of a corporation or trustees of a trust.

The PH-MCO must comply with applicable Federal and State laws that pertain to Member rights and protections. The PH-MCO must require that its staff and Providers take those rights and protections into account when furnishing services to Members.

4. The PH-MCO and its Subcontractors must respect the conscience rights of individual Providers, as long as said conscience rights are made known to the PH-MCO in advance, and comply with the current Pennsylvania laws prohibiting discrimination on the basis of the refusal or willingness to provide health care services on moral or religious grounds as outlined in 40 P.S. §901.2121 and §991.2171; 43 P.S. §955.2 and 18 Pa. C.S. §3213(d).

If the PH-MCO elects not to provide, reimburse for, or provide coverage of, a counseling or referral service because of an objection on moral or religious grounds, the PH-MCO must furnish information about the services not covered in accordance with the provisions of 42 C.F.R. §438.102(b)

- To the Department
- With its Proposal in response to the RFP
- Whenever it adopts the policy during the term of the Agreement.

The PH-MCO must provide this information to potential Members before and during Enrollment. This information must be provided to Members within thirty (30) days after adopting the policy with respect to any particular service.

5. The PH-MCO must maintain the highest standards of integrity in the performance of this Agreement and must take no action in violation of state or federal laws, regulations, or other requirements that govern contracting with the Commonwealth.
6. Nothing in this Agreement shall be construed to permit or require the Department to pay for any services or items which are not or have ceased to be compensable under the laws, rules and regulations governing the MA Program at the time such services are provided.
7. The PH-MCO must comply with all applicable Federal regulations, including 42 C.F.R. §§438.726 and 438.730 describing conditions under which CMS may deny payments for new enrollees.
8. The PH-MCO must comply with all applicable Federal regulations pertaining to provider screening and enrollment, including but not limited to 42 C.F.R. §§455.414 and 455.432.

9. The PH-MCO is required under 42 C.F.R. §455.436 to check the exclusion status of the provider, persons with an ownership or control interest in the provider, and agents, and managing employees of the provider on the U.S. Department of Health and Human Services-Office of Inspector General's (HHS-OIG) List of Excluded Individuals and Entities (LEIE), the System for Award Management (SAM), the Social Security Administration's Death Master File (SSADMF), the National Plan and the Provider Enumeration System upon enrollment and re-enrollment; and check the LEIE and SAM no less frequently than monthly. The PH-MCO is required to check the SSADMF at the time of initial enrollment and re-enrollment as well as providers, owners, agents, and managing employees against the LEIE and SAM on a monthly basis.
10. The PH-MCO must comply with the requirements of 42 CFR 438.62, the Patient Protection and Affordable Care Act; Interoperability and Patient Access for Medicaid Managed Care Plans.

**D. Limitation on the Department's Obligations**

The obligations of the Department under this Agreement are limited and subject to the availability of funds.

**E. Health Care Legislation, Regulations, Policies and Procedures**

The PH-MCO will comply with future changes in federal and state law, federal and state regulations, and Department requirements and procedures related to changes in the MA Program.

**F. Health Information Technology and the American Recovery and Reinvestment Act of 2009 (ARRA)**

The PH-MCO will comply with future changes in federal and state law, federal and state regulations, and Department requirements and procedures related to changes in the MA Program resulting from the Department's Health Information Technology (HIT) initiatives or requirements under the State Medicaid Health IT Plan (SMHP) as approved by CMS. This includes, but is not limited to, requirements under Public Law 111-5, known as the American Recovery and Reinvestment Act of 2009, and specifically:

- 42 U.S.C. §1396b(t)

as amended and as it meets the requirements of 42 U.S.C. §1395w-4(o) and Title XIII, section 13001, known as HITECH of Public Law 111-5, known as the American Recovery and Reinvestment Act of 2009.

Should the Department provide funding to the PH-MCO to support the HIT initiative or to meet the requirements under the SMHP as approved by CMS, the PH-MCO shall at a minimum and with approval from the Department use these funds to:

- Pursue initiatives that encourage the adoption of certified Electronic Health Record technology to promote health care quality and the exchange of health care information;
- Track the meaningful use of certified Electronic Health Record technology by providers;
- Provide oversight of the initiative including, but not limited to, attesting to qualifications of providers to participate in the initiative, tracking meaningful use attestations, and other reporting mechanisms as necessary.

### **G. Unauthorized Programs and Activities**

Should any part of the scope of work under this agreement relate to a program that is no longer authorized by law (e.g., which has been vacated by a court of law, or for which CMS has withdrawn federal authority, or which is the subject of a legislative repeal), the PH-MCO must do no work on that part after the effective date of the loss of program authority. The Department must adjust capitation rates to remove costs that are specific to any program or activity that is no longer authorized by law. If PH-MCO works on a program or activity no longer authorized by law after the date the legal authority for the work ends, PH-MCO will not be paid for that work. If the PH-MCO was paid in advance to work on a no-longer-authorized program or activity and under the terms of this agreement the work was to be performed after the date the legal authority ended, the payment for that work should be returned to the Department. However, if PH-MCO worked on a program or activity prior to the date legal authority ended for that program or activity, and the Department included the cost of performing that work in its payments to the PH-MCO, The PH-MCO may keep the payment for that work even if the payment was made after the date the program or activity lost legal authority.

## **SECTION V: PROGRAM REQUIREMENTS**

### **A. In-Plan Services**

The PH-MCO must ensure that all services provided are Medically Necessary.

The MCO may but is not required to impose copayments, but only for those services, items, and pharmacy services that have a copayment in the MA FFS delivery system and subject to the exemptions in the MA FFS delivery system. If the MCO imposes copayments, the amount of the copayments may not exceed the amounts imposed in the MA FFS delivery system. Network Providers and other Providers that may render services under the Agreement may not deny a covered service because a Member is unable to pay the copayment amount, but the Provider may continue to attempt to collect the copayment amount.

## **1. Amount, Duration and Scope**

At a minimum, the PH-MCO must provide In-Plan Services in the amount, duration and scope set forth in the MA FFS Program and be based on the Recipient's benefit package, unless otherwise specified by the Department. This includes quantitative and non-quantitative treatment limits (QTL) (NQTL) as indicated in state statutes and regulations, the Medicaid state plan and other state policies and procedures. The PH-MCO must provide services that are sufficient in amount, duration, or scope to reasonably be expected to achieve the purpose for which the services are furnished. If services or eligible consumers are added to the Pennsylvania MA Program or the HealthChoices Program, or if covered services or eligible consumers are expanded or eliminated, implementation by the PH-MCO must be on the same day as the Department's, unless the PH-MCO is notified by the Department of an alternative implementation date.

The PH-MCO may not arbitrarily deny or reduce the amount, duration or scope of a Medically Necessary service solely because of the Member's diagnosis, type of illness or condition.

Pursuant to 42 C.F.R. §438.3(e)(2)(i) – (iii), the PH-MCO may cover services or settings for enrollees that are in lieu of those covered under the Medicaid State Plan if:

- The State determines that the alternative service or setting is a medically appropriate substitute for the covered service or setting under the Medicaid State Plan.
- The State determines that the alternative service or setting is a cost effective substitute for the covered service or setting under the Medicaid State Plan.
- The enrollee is not required by the PH-MCO to use the alternative service or setting.

- The approved in lieu of services are authorized and identified in the PH-MCO contract.
- The approved in lieu of services are offered to enrollees at the option of the PH-MCO.

## **2. In-Home and Community Services**

The PH-MCO may not deny personal care services for members under the age of 21 based on the Member's diagnosis or because the need for personal care services is the result of a cognitive impairment. The personal care services may be in the form of hands-on assistance (actually performing a personal care task for a person) or cuing so that the person performs the task by him/her self.

The PH-MCO may not deny a request for Medically Necessary in-home nursing services, home health aide services, or personal care services for a Member under the age of 21 on the basis that a live-in caregiver can perform the task, unless there is a determination that the live-in caregiver is actually able and available to provide the level or extent of care that the Member needs, given the caregiver's work schedule or other responsibilities, including other responsibilities in the home.

The PH-MCO must include in its Provider Network any Home Health Agency that offers in-home nursing services, home health aide services, or personal care services for Members under the age of 21 that is enrolled in Pennsylvania Medical Assistance and is willing to comply with all of the PH-MCO's quality and non-quality contract standards, utilization management standards and accept PH-MCO rates that are consistent with reimbursement rates paid to similar Network Providers.

The PH-MCO must submit to the Department for prior review and written approval any Home Health Agency requests for entrance to the Network that it intends to deny based upon quality of care, program integrity or other relevant concerns.

The PH-MCO must implement a Public Health Dental Hygiene Practitioner (PHDHP) program or a dental hygienist program under the direct supervision of a dentist. The hygienists must spend the majority of their time face-to-face performing direct patient preventive care in the community.

### **3. Program Exceptions**

The PH-MCO is required to establish a Program Exception process, reviewed and approved by the Department, whereby a Provider may request coverage for items or services, which are included in the Member's benefit package but are not currently listed on the MA Program Fee Schedule. The PH-MCO must also apply the program exception process to requests to exceed limits for items or services that are on the Fee Schedule if the limits are not based in statute or regulation. These requests are recognized by the Department as a Program Exception and are described in 55 Pa. Code §1150.63.

### **4. Expanded Services**

The PH-MCO may provide expanded services subject to advance written approval by the Department. These must be services that are generally considered to have a direct relationship to the maintenance or enhancement of a Member's health status, and may include various seminars and educational programs promoting healthy living or illness prevention, memberships in health clubs and facilities promoting physical fitness and expanded eyeglass or eye care benefits. These services must be generally available to all Members and must be made available at all appropriate Network Providers. Such services cannot be tied to specific Member performance; however, the Department may grant exceptions when it believes that such performance will produce significant health improvements for Members. Previously approved services will continue to remain in effect under this Agreement, unless the PH-MCO is notified, in writing, by the Department, to discontinue the expanded service.

In order for information about expanded services to be included in any Member information provided by the PH-MCO, the PH-MCO must make the expanded services available for a minimum of one full year or until the Member information is revised, whichever is later. Upon sixty (60) days advance notice to the Department, the PH-MCO may modify or eliminate any expanded service. Such services as modified or eliminated shall supersede those specified in the Proposal. The PH-MCO must send written notice to Members and affected Providers at least thirty (30) days prior to the effective date of the change in covered services and must simultaneously amend all written materials describing its covered services or Provider Network. A change in covered services includes any reduction in services or a substantial change to the Provider Network.

## **5. Referrals**

The PH-MCO must establish and maintain a referral process to effectively utilize and manage the care of its Members. The PH-MCO may require a referral for any medical services, which cannot be provided by the PCP except where specifically provided for in this Agreement.

## **6. Self-Referral/Direct Access**

The PH-MCO may not require referrals from a PCP for certain services. A Member may self-refer for vision, dental care, obstetrical and gynecological (OB/GYN) services, providing the Member obtains the services within the Provider Network. A Member may access chiropractic services in accordance with the process set forth in MA Bulletin 99-10-12, and physical therapy services in accordance with the amended Physical Therapy Act (63 P.S. §§1301 et seq.)

The PH-MCO may not use either the referral process or Prior Authorization to manage the utilization of Family Planning Services. The PH-MCO may not restrict the right of a Member to choose a Health Care Provider for Family Planning Services and must make such services available without regard to marital status, age, sex or parenthood. Members may access at a minimum, health education and counseling necessary to make an informed choice about contraceptive methods, pregnancy testing and counseling, breast cancer screening services, basic contraceptive supplies such as oral birth control pills, diaphragms, foams, creams, jellies, condoms (male and female), Norplant, injectables, intrauterine devices, and other family planning procedures as described in Exhibit F, Family Planning Services Procedures. The PH-MCO must pay for Out-of-Network Services.

The PH-MCO must provide Members with direct access to OB/GYN services and must have a system in place that does not erect barriers to care for pregnant women and does not involve a time-consuming authorization process or unnecessary travel.

The PH-MCO must permit Members to select a Network Provider, including nurse midwives, to obtain maternity and gynecological care without prior approval from a PCP. This includes selecting a Network Provider to provide an annual well-woman gynecological visit, primary and preventive gynecology care, including a PAP smear and referrals for diagnostic testing related to maternity and gynecological care, and Medically Necessary follow-up care.

In situations where a new Member is pregnant and already receiving care from an Out-of-Network OB-GYN specialist at the time of Enrollment, the Member may continue to receive services from that specialist throughout the pregnancy and postpartum care related to the delivery, pursuant to 28 Pa. Code §9.684.

**7. Behavioral Health Services**

The PH-MCO is not responsible to provide services as set forth in the agreements between the Department and the BH-MCOs in effect at the same time as this Agreement, as outlined in Exhibit U, Behavioral Health Services.

**8. Pharmacy Services**

The PH-MCO must comply with the Department's outpatient drug services standards and requirements described in Exhibit BBB, Outpatient Drug Services.

**9. EPSDT Services**

The PH-MCO must comply with the requirements regarding EPSDT services as set forth in Exhibit J, EPSDT Guidelines.

The PH-MCO must also adhere to specific Department regulations at 55 Pa. Code Chapters 3700 and 3800 as they relate to EPSDT examination for individuals under the age of 21 and entering substitute care or a child residential facility placement.

**10. Emergency Services**

The PH-MCO must comply with the provisions of 42 U.S.C. §1396u-2(b)(2), 28 Pa. Code §9.672, and Sections 2102 and 2116 of the Insurance Company Law of 1921 as amended, 40 P.S. §991.2102 and §991.2116, pertaining to coverage and payment of Medically Necessary Emergency Services.

The PH-MCO must develop a process for paying for emergency services (including their plans, if any, to pay for triage). The PH-MCO shall pay for Emergency Services in or outside of the HealthChoices Zone (including outside of Pennsylvania). Payment for Emergency Services shall be made in accordance with applicable law.

The PH-MCO is financially responsible for the provision of Emergency Services without regard to Prior Authorization or the emergency care Provider's contractual relationship with the PH-MCO.

For emergency services rendered by a licensed emergency medical services agency, as defined in 35 Pa.C.S. § 8103, that has the ability to transport patients or is providing and billing for emergency services under an agreement with an emergency medical services agency that has that ability, the managed care plan may not deny a claim for payment solely because the enrollee did not require transport or refused to be transported.

The PH-MCO must limit the amount to be paid to Non-participating Providers of Emergency Services to no more than the amount that would have been paid for such services under the Department's FFS Program.

- Health Care Providers may initiate the necessary intervention to stabilize an Emergency Medical Condition of a Member without seeking or receiving prospective authorization by the PH-MCO. The attending physician or the Provider treating the Member is responsible for determining when the Member is sufficiently stabilized for transfer or discharge, and that determination is binding on the PH-MCO.
- The PH-MCO is responsible for all Emergency Services including those categorized as mental health or drug and alcohol except for emergency room evaluations for voluntary and involuntary commitments pursuant to 50 P.S. §§7101 et seq., which shall be the responsibility of the BH-MCO.

The PH-MCO may not deny payment for treatment obtained under either of the following circumstances:

- A Member has an Emergency Medical Condition, including cases in which the absence of immediate medical attention would not have placed the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part.
- A representative of the PH-MCO instructs the Member to seek emergency services.

The PH-MCO may not:

- Limit what constitutes an Emergency Medical Condition with reference to the definition of “Emergency Medical Condition, Emergency Services, and Post Stabilization Services” on the basis of lists of diagnoses or symptoms.
- Refuse to cover emergency services based on the emergency room provider, hospital, or fiscal agent not notifying the Member’s Primary Care Practitioner, PH-MCO, or applicable state entity of the Member’s screening and treatment within ten (10) calendar days of presentation for emergency services.
- Hold a Member who has an Emergency Medical Condition liable for payment of subsequent screening and treatment needed to diagnose the specific condition or stabilize the patient.
- Deny a claim for payment for emergency services rendered by a licensed emergency medical services agency, as defined in 35 Pa.C.S. § 8103, that has the ability to transport patients or is providing and billing for emergency services under an agreement with an emergency medical services agency that has that ability, solely because the enrollee did not require transport or refused to be transported.

The PH-MCO must also develop a process to ensure that PCPs promptly see Members who did not require or receive hospital Emergency Services for the symptoms prompting the attempted emergency room visit.

Nothing in the above section shall be construed to imply that the PH-MCO may not:

- track, trend and profile emergency department utilization;
- retrospectively review and where appropriate, deny payment for inappropriate emergency room use;
- use all appropriate methods to encourage Members to use PCPs rather than emergency rooms for symptoms that do not qualify as an Emergency Medical Condition; or
- use a Recipient restriction methodology for Members with a history of significant inappropriate emergency department usage.

## 11. Post-Stabilization Services

The PH-MCO must cover Post-Stabilization Services, as defined in 42 C.F.R. §438.114.

The PH-MCO must limit charges to Members for Post-Stabilization Services to an amount no greater than what the PH-MCO would charge the Member if he or she had obtained the services through a Network Provider.

The PH-MCO must cover Post-Stabilization Services without authorization, and regardless of whether the Member obtains the services within or outside its Provider Network if any of the following situations exist:

- a. The Post-Stabilization Services were administered to maintain the Member's stabilized condition within one hour of Provider's request to the PH-MCO for pre-approval of further Post-Stabilization Services.
- b. The Post-Stabilization Services were not pre-approved by the PH-MCO because the PH-MCO did not respond to the Provider's request for pre-approval of these Post-Stabilization Services within one (1) hour of the request.
- c. The Post-Stabilization Services were not pre-approved by the PH-MCO because the Provider could not reach the PH-MCO request pre-approval for the Post-Stabilization Services.
- d. The PH-MCO and the treating physician cannot reach an agreement concerning the Member's care and a PH-MCO physician is not available for consultation. In this situation, the MCO must give the treating physician the opportunity to consult with a PH-MCO physician and the treating physician may continue with care of the patient until a PH-MCO physician is reached or one of the criteria applicable to termination of PH-MCO's financial responsibility described below is met.

The PH-MCO's financial responsibility for Post-Stabilization Services it has not pre-approved ends when:

- a. A Network physician with privileges at the treating hospital assumes responsibility for the Member's care;

- b. A Network physician assumes responsibility for the Member's care through transfer;
- c. The PH-MCO and the treating physician reach an agreement concerning the Member's care; or
- d. The Member is discharged.

## **12. Examinations to Determine Abuse or Neglect**

- a. Upon notification by the County Children and Youth Agency system, the PH-MCO must provide Members under evaluation as possible victims of child abuse or neglect and who present for physical examinations for determination of abuse or neglect, with such services. These services must be performed by trained examiners in a timely manner according to the Child Protective Services Law, 23 Pa. C.S. §§6301 et seq. and Department regulations.
- b. The PH-MCO must ensure that emergency department staff and physicians know the procedures for reporting suspected abuse and neglect in addition to performing exams for Members under the care of the county Children and Youth Agency consistent with their obligations mandated in 18 Pa.C.S.A. §5106 and all other applicable statutes. This includes reporting to Adult Protective Services any suspected abuse or neglect of Members over the age of 18. These requirements must be included in all applicable Provider Agreements.
- c. Should a PCP determine that a mental health assessment is needed, the PCP must inform the Member or the County Children and Youth Agency representative how to access these mental health services and coordinate access to these services, when necessary.

## **13. Hospice Services**

The PH-MCO must provide hospice care and use certified hospice Providers in accordance with the provisions outlined at 42 C.F.R. 418.1 et seq.

Recipients who are enrolled in the Department's Hospice Program and were not previously enrolled in the HealthChoices Program will not be enrolled in HealthChoices. However, if a PH-MCO Member is determined eligible for the Department's Hospice Program after

being enrolled in the PH-MCO, the Member will remain the responsibility of the PH-MCO and will not be disenrolled from HealthChoices.

**14. Organ Transplants**

The PH-MCO will pay for transplants to the extent that the MA FFS Program pays for such transplants. When Medically Necessary, the MA FFS program currently covers the following transplants: Kidney (cadaver and living donor), kidney/pancreas, cornea, heart, heart/lung, single lung, double lung, liver (cadaver and living donor), liver/pancreas, small bowel, pancreas/small bowel, bone marrow, stem cell, pancreas, liver/small bowel transplants, and multivisceral transplants.

**15. Transportation**

The PH-MCO must provide for all Medically Necessary emergency ambulance transportation and all Medically Necessary non-emergency ambulance transportation.

Any non-emergency transportation (excluding Medically Necessary non-emergency ambulance transportation) for Members to and from MA compensable services must be arranged through the MATP. A complete description of MATP responsibilities can be found in Exhibit L, Medical Assistance Transportation Program.

**16. Waiver Services/State Plan Amendments**

**a. HIV/AIDS Targeted Case Management (TCM) Program**

The PH-MCO must provide for TCM services for persons with AIDS or symptomatic HIV, including access to needed medical and social services using the existing TCM program standards of practice followed by the Department or comparable standards approved by the Department. In addition, individuals within the PH-MCO who provide the TCM services must meet the same qualifications as those under the Department's TCM Program.

**b. Healthy Beginnings Plus (HBP) Program**

The PH-MCO must provide services that meet or exceed HBP standards in effect as defined in current or future MA Bulletins that govern the HBP Program. The PH-MCO must also continue the coordinated prenatal activities of the HBP

Program by utilizing enrolled HBP Providers or developing comparable resources. Such comparable programs will be subject to review and approval by the Department. The PH-MCO must provide a full description of its plan to provide prenatal care for pregnant women and infants in fulfillment of the HBP Program objectives for review and advance written approval by the Department. This plan must include comprehensive postpartum care.

The HBP Program also requires that high risk pregnant women should be adequately treated for substance use disorder (SUD). The PH-MCO will contract with high volume obstetrical hospitals and health systems that perform more than 900 Medicaid deliveries to establish highly coordinated health homes for pregnant Members with SUD. These health homes will be focused on identifying, initiating treatment, and referring pregnant Members for comprehensive drug and alcohol counseling services. If the PH-MCO is unsuccessful in contracting with any of the high-volume obstetrical hospitals or health systems, it must document its efforts to negotiate with the provider for review by the Department.

The PH-MCO maternity program must provide a maternal continuum of care by instituting a community-based maternal home visiting program. An in-person maternal home visiting program must be an extension of the PH-MCO's traditional case management program that transitions maternal family care to an evidence-informed or evidence-based home visiting program. The PH-MCO's must provide a full description of its community-based maternal home visiting program that fulfills the Department's HBP Program Description objectives for review and approval by the Department as per Exhibit B(5).A. Home Visiting Program.

## **17. Nursing Facility Services**

The PH-MCO is responsible for payment for nursing home care (including hospital reserve or bed hold days).

A PH-MCO may not deny or otherwise limit Medically Necessary services, such as home health services, on the grounds that the Member needs, but is not receiving, a higher level of care.

The PH-MCO must abide by the decision of the Functional Eligibility Determination process determination letter related to the need for Nursing Facility services.

The Department will not enroll Recipients who are placed into a Nursing Facility and who were not previously enrolled in the HealthChoices Physical Health Program or individuals who enter a Nursing Facility and are then determined eligible for MA in the HealthChoices Physical Health Program. If an individual leaves the Nursing Facility to reside in the HealthChoices Physical Health Zone covered by this Agreement and is then determined eligible for Enrollment into the HealthChoices Physical Health Program, the individual will be enrolled in the HealthChoices Physical Health Program.

#### **18. Benefit Limits and Benefit Limit Exceptions (BLEs)**

The PH-MCO has the option to impose the same benefit limits or lesser benefit limits as the Department. For those services that are covered in a Member's benefit package only with an approved BLE, the PH-MCO must use the same criteria as the Department or may use criteria that are less restrictive for its review of BLE requests.

The PH-MCO must establish and maintain written policies and procedures for its BLE process. The PH-MCO must receive advance written approval from the Department of these policies and procedures. The policies and procedures must comply with guidance issued by the Department. The PH-MCO's submission of revised policies and procedures for review and approval by the Department shall not act to void any existing policies and procedures which have been prior approved by the Department for operation in a HC Zone. Unless otherwise required by law, the PH-MCO may continue to operate under such existing policies and procedures until such time as the Department approves the new or revised version thereof. The Department may periodically request ad hoc information related to PH-MCO operations surrounding these BLE requests.

If the PH-MCO imposes benefit limits, the PH-MCO must issue notices to its members and notify network providers at least thirty (30) days in advance of the changes. The member notices must receive advance Department approval prior to being sent to Members.

The time frames for notices of decisions for prior authorization set forth at Section V.B.2 and V.B.3. apply to requests for BLEs. If the

PH-MCO denies a BLE request, the PH-MCO must issue a written denial notice, using the appropriate template available in DocuShare.

If the Member is currently receiving a service or item that is subject to a benefit limit and the request for a BLE is denied, and the recipient files a complaint, grievance or request for a Fair Hearing that is postmarked or hand-delivered within 10 days of the date of the notice, the PH-MCO must continue to provide the service until a decision is made.

Recipients with approved BLE's are in a course of treatment. As such, the requirements for Continuity of Care for Course of Treatment Services Not Requiring Prior Authorization for Adults Age 21 and Older and Children Under the Age of 21, set forth in MA Bulletin 99-03-13, Attachment D, apply. PH-MCOs are required to honor all approved BLE requests issued by the Fee-for-Service (FFS) program, another PH-MCO, or a CHC-MCO. The FFS delivery system and CHC-MCOs will also honor all approved BLE requests issued by PH-MCOs.

#### **19. Environmental Lead Testing**

The PH-MCO must provide for necessary comprehensive environmental lead investigations as part of covered blood lead treatment services. The PH-MCO must contract with the necessary number of MA-enrolled Comprehensive Lead Investigation Providers to ensure access to this service in all HealthChoices zones in which the PH-MCO operates. The PH-MCO will ensure that results of environmental lead investigations are shared with the referring provider and the Member (or Member's guardian).

#### **20. Opioid Use Disorder/Substance Abuse Disorder Management**

The PH-MCO must implement and maintain an opioid use disorder/substance abuse disorder (OUD/SUD) strategy for its members with OUD/SUD. The OUD/SUD strategy must address how the PH-MCO will manage their members with OUD/SUD and include initiatives similar to those described in the following links:

- Dowell D, Haegerich TM, Chou R. CDC Guideline for Prescribing Opioids for Chronic Pain — United States, 2016. *MMWR Recomm Rep* 2016; 65(No. RR-1):1–49. DOI: <http://dx.doi.org/10.15585/mmwr.rr6501e1>

The Pennsylvania Guidelines on the Use of Opioids to Treat Chronic Noncancer Pain. Accessed January 31, 2017,

<https://www.health.pa.gov/topics/Documents/Opioids/Non-cancer%20Pain%20Guidelines%20Final.pdf>

At a minimum, the OUD/SUD strategy must include care management initiatives, alternative treatment modalities such as pain management, strategies to address opioid related harm reduction, tapering strategies and medication assisted treatment (MAT). In addition, the PH-MCO must coordinate and collaborate with the Opioid Use Disorder Centers of Excellence for its member with OUD/SUD.

## **B. Prior Authorization of Services**

### **1. General Prior Authorization Requirements**

If the PH-MCO wishes to require Prior Authorization of any services, the PH-MCO must establish and maintain written policies and procedures which must have advance written approval by the Department. In addition, the PH-MCO must include a list and scope of services for referral and Prior Authorization, which must be included in the PH-MCO's Provider manual and Member handbook. The PH-MCO must receive advance written approval of the list and scope of services to be referred or prior authorized by the Department as outlined in Exhibit H, Prior Authorization Guidelines for Participating Managed Care Organizations in the HealthChoices Program, and Exhibit M(1), Quality Management and Utilization Management Program Requirements. The Department will consider Prior Authorization policies and procedures approved under previous HealthChoices agreements approved under this Agreement. The PH-MCO's submission of new or revised policies and procedures for PARP review and approval shall not act to void any existing, previously approved policies and procedures. Unless otherwise required by law, the PH-MCO may continue to operate under such existing policies and procedures until such time as the PARP approves the new or revised version.

The Department may subject Prior Authorization Denials issued under unapproved Prior Authorization policies to Retrospective Review and reversal and may impose sanctions and/or require corrective action plans in the event that the PH-MCO improperly implements any Prior Authorization policy or procedure or implements such policy or procedure without Department approval.

When the PH-MCO denies a request for services, the PH-MCO must issue a written notice of denial using the appropriate notice outlined in templates N(1), N(2), N(3), and N(7) which are available in

DocuShare. In addition, the PH-MCO must make the notice available in accessible formats for individuals with visual impairments and for persons with limited English proficiency. If the PH-MCO receives a request from the Member, prior to the end of the required period of advance notice, for a translated and/or accessible version of the notice of denial, the required period of advance notice will begin anew as of the date that PH-MCO mails the translated and/or accessible notice of denial to the Member.

For Children in Substitute Care, the PH-MCO must send notices to the County Children and Youth Agency with legal custody of the child or to the court-authorized juvenile probation office with primary supervision of a juvenile provided the PH-MCO knows that the child is in substitute care and the address of the legal custodian of the child.

In cases where a Member fails to select a new PCP, re-assignment must take place prior to the PCP's termination effective date.

Reinsurance is also not required if the PH-MCO has, at a minimum, a combined membership of 60,000 Members across all Pennsylvania lines of business.

- a. If risk protection reinsurance is required, the PH-MCO must obtain reinsurance to cover, at a minimum, eighty (80) percent of inpatient costs incurred by one (1) Member in one (1) year in excess of \$200,000 except as provided at 1.b. below the Department may alter or waive the reinsurance requirement if the PH-MCO proposes an alternative risk protection arrangement that the Department determines is acceptable.

The PH-MCO may not change or discontinue the approved risk protection arrangement without advance written approval from the Department, which approval shall not be unreasonably withheld. Not less than forty-five (45) days before each risk protection arrangement expires, the PH-MCO must provide the Department with a detailed plan for risk protection after the current arrangement expires, including any planned changes. The PH-MCO must submit each risk protection arrangement to the Department for prior approval. If the risk protection arrangement is an annual agreement, the PH-MCO must submit each annual agreement to the Department for prior written approval.

- b. The reinsurance threshold requirement shall be \$100,000, if any of the following criteria is met:
- i. The PH-MCO has been operational (providing medical benefits to any type of consumer) for less than three (3) years; or
  - ii. The PH-MCO's SAP basis Equity is less than six (6.0) percent of revenue earned by the licensed HMO during the most recent four (4) quarters for which the due date has passed for submission of the unaudited reports filed by the PH-MCO with the PID; or
  - iii. The net income as reported to the PID over the past three (3) years was less than zero.
- c. The PH-MCO may not purchase required reinsurance risk protection from a Related Party or an Affiliate unless all of the following conditions are met:
- The Related Party or Affiliate is a reinsurance or insurance company in the business to provide such reinsurance risk protection;
  - The PH-MCO's reinsurance risk protection annual premium is less than six (6.0) percent of the Related Party or Affiliate's total annual written reinsurance or insurance related premium; and
  - The PH-MCO has received prior written approval from the Department to purchase the reinsurance risk protection from the Related Party or Affiliate.

## **2. Equity Requirements and Solvency Protection**

The PH-MCO must meet the Equity and solvency protection requirements set forth below.

The PH-MCO must maintain SAP-basis Equity equal to the highest of the amounts determined by the following "Three (3) Part Test" as of the last day of each calendar quarter:

- \$20.00 million;

- 7.000% of Revenue earned by the licensed HMO during the most recent four (4) calendar quarters; or
- 7.000% of Revenue earned by the licensed HMO during the current quarter multiplied by three (3).

Revenue, for the purpose of the Equity requirement calculation, is defined as the total gross Direct Business Premiums, for all Pennsylvania lines of business, reported in Schedule T, "Premiums and Other Considerations," of the PID report.

For the purpose of this requirement, Equity amounts, as of the last day of each calendar quarter, shall be determined in accordance with statutory accounting principles as specified or accepted by the PID. The Department will accept PID determinations of Equity amounts, and in the absence of such determination, will rely on required financial statements filed by the PH-MCO with PID to determine Equity amounts.

The PH-MCO must provide the Department with reports as specified in Section VIII.D and E. Financial Reports and Equity.

With approval from the Department, the PH-MCO may elect this alternative equity requirement. This alternative requirement has three parts:

- a. PH-MCO RBC ratio of at least three (3.0); and
- b. Substitution of five and one-half percent (5.5%) where the figure seven percent (7.0%) is included in the Three Part Test above; and
- c. Compliance with the Three Part Test with the figure of eight and three tenths percent (8.3%), where seven percent (7.0%) is stated, by individual at-risk Subcontractors who collectively receive at least seventy five percent (75%) of the revenue provided by the Department to the PH-MCO. Revenue, for the purpose of this alternative equity requirement, would be premium revenue reported on the most recently available audited statements and updated to incorporate more recent quarterly information.

The PH-MCO must provide documentation of compliance that is satisfactory to the Department, and failing that, must comply with the standard Three Part Test equity requirement.

**3. Risk Based Capital (RBC)**

The PH-MCO must maintain a RBC ratio of 2.0.

**4. Prior Approval of Payments to Affiliates**

With the exception of payment of a Claim, the PH-MCO may not pay money or transfer any assets for any reason to an Affiliate without prior approval from the Department, if any of the following criteria apply:

- a. The PH-MCO's RBC ratio was below the requirement in Section VII.A.3 as of December 31 of the most recent year for which the due date for filing the annual unaudited PID financial report has passed;
- b. The PH-MCO was not in compliance with the Agreement Equity and solvency protection requirement as of the last day of the most recent quarter for which the due date for filing PID financial reports has passed;
- c. After the proposed transaction took place, the PH-MCO would not be in compliance with the Agreement Equity and solvency protection requirement; or
- d. Subsequent adjustments are made to the PH-MCO's financial statement as the result of an audit, or are otherwise modified, such that after the transaction took place, a final determination is made that the PH-MCO was not in compliance with the Agreement Equity requirements. In this event, the Department may require repayment of amounts involved in the transaction.

The Department may elect to waive the requirements of this section.

**5. Change in Independent Actuary or Independent Auditor**

The PH-MCO must notify the Department within ten (10) calendar days when its contract with an independent auditor or actuary has ended. The notification must include the date and reason for the change or termination and the name of the replacement auditor or actuary, if any. If the change or termination occurred as a result of a disagreement or dispute, the PH-MCO must disclose the nature of the disagreement or dispute.

## **6. Modified Current Ratio**

The PH-MCO must maintain current assets, plus long-term investments that can be converted to cash within five (5) Business Days without incurring an assessment of more than twenty (20) percent, which equal or exceed current liabilities.

- If an assessment for conversion of long-term investments is applicable, only the value net of the assessment may be counted for the purpose of compliance with this requirement.
- The definitions of current assets and current liabilities are included in the Financial Reporting Requirements.
- Restricted assets may be included only with authorization from the Department.
- The following types of long-term investments may be counted, consistent with above requirements, so long as they are not issued by or include an interest in an Affiliate:
  - Certificates of Deposit
  - United States Treasury Notes and Bonds
  - United States Treasury Bills
  - Federal Farm Credit Funding Corporation Notes and Bonds
  - Federal Home Loan Bank Bonds
  - Federal National Mortgage Association Bonds
  - Government National Mortgage Association Bonds

**9. Member Liability**

In accordance with 42 C.F.R. §438.106, the PH-MCO must provide that Members are not held liable for the following:

- d. Payments to a Provider that furnishes compensable services under a contractual, referral or other arrangement with the PH-MCO in excess of the amount that would be owed by the Member if the PH-MCO had directly provided the services.

**10. Related Party Hospitals**

The PH-MCO may not include a related party hospital in its network unless the related party hospital, and all physician sites and clinics owned or controlled by the hospital, are included in the network of all but one other PH-MCO that has an Agreement with the Department

to operate in the applicable zone. The Department may waive this requirement if the PH-MCO satisfies the Department that a sufficient number of PH-MCOs are unwilling to contract with the hospital at reasonable terms.

## **B. Commonwealth Capitation Payments**

### **1. Payments for In-Plan Services**

The obligation of the Department to make payments shall be limited to Capitation payments, maternity care payments, and any other payments provided by this Agreement.

- iii. If a PH-MCO Member is enrolled into a CHC MCO, the Department will pay capitation to the PH-MCO only through the day prior to the CHC begin date.
- iv. The Department will not make a Capitation payment for a Member Month if the Department notifies the PH-MCO before the first of the month that the individual's MA eligibility or PH-MCO Enrollment ends prior to the first of the month.
- v. The Department will make arrangements for payment by wire transfer or electronic funds transfer. If such arrangements are not in place, payment shall be made by check and will be sent to the PH-MCO through the U.S. Mail.
- vi. Upon notice to the PH-MCO, and for those months specified by the Department, by the fifteenth (15<sup>th</sup>) of

each month, the Department will make a Capitation payment for each Member for all dates of Enrollment indicated on the Department's eCIS through the last day of the current month. This payment will be limited to those days for which the Department has not previously made payment to the PH-MCO.

- vii. Unless paragraph vi. above applies, by the fifteenth (15<sup>th</sup>) of each month, the Department will make a Capitation payment for each Member for all dates of Enrollment indicated on the Department's eCIS prior to the first day of the current month. This payment will be limited to those days for which the Department has not previously made payment to the PH-MCO.

Exceptions:

## **2. Maternity Care Payment**

For each live birth, the Department will make a one-time maternity care payment to the PH-MCO with whom the mother is enrolled on the date of live birth. However, if the mother is admitted to a hospital and a change in the PH-MCO coverage occurs during the hospital admission, the PH-MCO responsible for the hospital stay shall receive the maternity care payment. Similarly, if the mother is covered by FFS when admitted to the hospital and then assumes PH-MCO coverage while still in the hospital, the Department will not make a maternity care payment to the PH-MCO. In the event of multiple births (twins, etc.), the Department will make only one maternity care payment.

The PH-MCO must pay fees for delivery services at least equal to the Department's MA fee schedule when the PH-MCO is the primary payer.

The PH-MCO must submit a claim for each eligible maternity care payment to the Department's MMIS in accordance with Section VIII.B.7.

## **3. Program Changes**

Amendments, revisions, or additions to the MA State Plan or to state or federal regulations, laws, guidelines, or policies shall, insofar as they affect the scope or nature of benefits available to eligible Members, amend the PH-MCO's obligations as specified herein, unless the Department notifies the PH-MCO otherwise. The Department will inform the PH-MCO of any changes, amendments, revisions, or additions to the Medicaid State Plan or changes in the Department's regulations, guidelines, or policies in a timely manner.

If the scope of Recipients or services, inclusive of limitations on those services that are the responsibility of the PH-MCO is changed, the Department will determine whether the change is sufficient that an actuarial analysis might conclude that a rate change is appropriate. If yes, the Department will arrange for the actuarial analysis, and the Department will determine whether a rate change is appropriate. The Department will take into account the actuarial analysis, and the

Department will consider input from the PH-MCO, when making this determination. At a minimum, the Department will adjust the rates as necessary to maintain Actuarial Sound Rates. If the Department makes a change, the Department will provide the analysis used to determine the rate adjustment. If the scope of services or consumers that are the responsibility of the PH-MCO is changed, upon request by the PH-MCO, the Department will provide written information on whether the rates will be adjusted and how, along with an explanation for the Department's decision.

The rates in Appendix 3f, Capitation Rates will remain in effect until agreement is reached on new rates and their effective date, unless modified to reflect changes to the scope of services or consumers in the manner described in the preceding paragraph.

### **C. Acceptance of Actuarially Sound Rates**

By executing the Agreement, the PH-MCO has reviewed the rates as set forth in the Rate Appendices in this Agreement, Capitation Rates, and accepts the rates for the relevant Agreement period.

### **D. Claims Processing Standards, Monthly Report and Assessments**

These requirements and assessments are applied separately by zone.

#### **1. Timeliness Standards**

The PH-MCO must adjudicate Provider Claims consistent with the requirements below. These requirements apply collectively to Claims processed by the PH-MCO and any Subcontractor. Subcapitation payments are excluded from these requirements.

The adjudication timeliness standards follow for each of three (3) categories of Claims:

- a. Claims received from a hospital for inpatient admissions ("Inpatient"):

90.0% of Clean Claims must be adjudicated within thirty (30) days of receipt.

100.0% of Clean Claims must be adjudicated within forty-five (45) days of receipt.

100.0% of all Claims must be adjudicated within ninety (90) days of receipt.

b. Drug Claims:

90.0% of Clean Claims must be adjudicated within thirty (30) days of receipt.

100.0% of Clean Claims must be adjudicated within forty-five (45) days of receipt.

100.0% of all Claims must be adjudicated within ninety (90) days of receipt.

c. All Claims other than inpatient and drug:

90.0% of Clean Claims must be adjudicated within thirty (30) days of receipt.

100.0% of Clean Claims must be adjudicated within forty-five (45) days of receipt.

100.0% of all Claims must be adjudicated within ninety (90) days of receipt.

The adjudication timeliness standards do not apply to Claims submitted by Providers under investigation for Fraud or Abuse from the date of service to the date of adjudication of the Claims. Providers can be under investigation by a governmental agency or the PH-MCO; however, if under investigation by the PH-MCO, the Department must have immediate written notification of the investigation.

The PH-MCO must adjudicate every Claim entered into the PH-MCO's computer information system that is not a Rejected Claim. The PH-MCO must maintain an electronic file of Rejected Claims, inclusive of a reason or reason code for rejection. The PH-MCO must deny a claim for a Recipient who was not a MCO Member as of the date of service at the time of processing of the claim and must notify the Provider.

The amount of time required to adjudicate a paid Claim is computed by comparing the date the Claim is received with the check date or the MCO bank notification date for electronic payment. The check date is the date printed on the check. The amount of time required to adjudicate a Denied Claim is computed by comparing the date the Claim is received with the date the denial notice was created or the

transmission date of an electronic denial notice. The PH-MCO must mail checks not later than three (3) Business Days from the check date and make electronic payments within three (3) Business Days of the bank notification date.

The PH-MCO must record, on every Claim processed, the date the Claim was received. A date of receipt imbedded in a Claim reference number is acceptable for this purpose. This date must be carried on Claims records in the Claims processing computer system. Each hardcopy Claim received by the PH-MCO, or the electronic image thereof, must be date-stamped with the date of receipt no later than the first (1<sup>st</sup>) Business Day after the date of receipt. The PH-MCO must add a date of receipt to each Claim received in the form of an electronic record or file within one (1) Business Day of receipt.

If responsibility to receive Claims is subcontracted, the date of initial receipt by the Subcontractor determines the date of receipt applicable to these requirements.

## **2. Assessments**

The Department will utilize the monthly report that is due on the fifth (5<sup>th</sup>) calendar day of the fifth (5<sup>th</sup>) subsequent month after the Claim is received to determine Claims processing timeliness. For example, the Department shall utilize the monthly report that is due January 5<sup>th</sup>, to determine Claims processing timeliness for Claims received in the previous August. The Department shall utilize the monthly report that is due February 5<sup>th</sup>, to determine Claims processing timeliness for Claims received in the previous September. The Department shall utilize the monthly report that is due March 5<sup>th</sup>, to determine Claims processing timeliness for Claims received in the previous October, and so on.

All Claims received during the month, for which an assessment is being computed, that have not been adjudicated at the time the assessment is being determined, shall be considered a Clean Claim.

If a Commonwealth audit, or an audit required or paid for by the Commonwealth, determines Claims processing timeliness data that are different than data submitted by the PH-MCO, or if the PH-MCO has not submitted required Claims processing data, the Department will use the audit results to determine the assessment amount.

The assessments included in the charts below shall apply separately to:

- a. Inpatient Claims
- b. Claims other than inpatient and drug

The PH-MCO will be considered in compliance with the requirement for adjudication of 100.0% of all inpatient Claims if 99.5% of all inpatient Claims are adjudicated within ninety (90) days of receipt. The PH-MCO will be considered in compliance with the requirement of adjudication of 100.0% of all Claims other than inpatient and drug if 99.5% of all Claims other than inpatient and drug are adjudicated within ninety (90) days of receipt.

The Department will reduce the assessments in the charts below by one-third if the PH-MCO has 25,000-50,000 Members and by two-thirds if the PH-MCO has less than 25,000 Members.

The total assessment for the current month will increase to \$10,000 if the following conditions exist:

- PH-MCO fails to comply with any adjudication timeliness requirement for Claims received in any seven (7) of the nine (9) previous months; and

The sum of adjudication timeliness assessments for the current month is greater than zero (0) but less than \$10,000.

- a. In compliance with the Social Security Act §1903(i)(2)(A-C) and (i)(16-18), the PH-MCO is prohibited from paying for: Medically necessary medical services or products provided or dispensed to Members when:
  - i. The provider is excluded from participation under this or any other Federal funded program;
  - ii. The service is provided at the medical direction or on the prescription of a physician, during the period when such physician is excluded from participation under this or any other Federally funded program;
  - iii. When the provider furnishing the medical product or service knew or had reason to know of the ordering or referring physician's exclusion from participation under this or any other Federally funded program (after a reasonable time period after reasonable notice has been furnished to the provider); or
  - iv. When the Department has failed to suspend payments during any period when there is a pending investigation of credible

allegation of fraud against a provider, unless the Department determines there is good cause not to suspend such payments in accordance with regulations at 42 C.F.R. 455.23 promulgated by the Secretary of Health and Human Services for purposes of Section 1862(o) of the Social Security Act.

- v. Exception – When the medically necessary medical service or product is provided as an emergency service to the Member.
- b. The PH-MCO shall not make payment with respect to any amount expended for which funds may not be used under the Assisted Suicide Funding Restriction Act of 1997.
- c. The PH-MCO shall not make payment with respect to any amount expended for roads, bridges, stadiums, or any other item or service not covered under the Medicaid State Plan.
- d. The PH-MCO shall not make payment with respect to any amount expended for home health care services provided by any agency or organization, unless the agency or organization provides the Department with a surety bond as specified in §1861(o)(7) of the Social Security Act.

## **9. Value Based Purchasing**

Value-based purchasing (VBP) is the Department’s initiative to transition providers to being paid for the value of the services provided, rather than simply the volume of services. VBP Payment Strategies and VBP Models are critical for improving quality of care, efficiency of services, reducing cost, and addressing Social Determinants of Health.

The Department has developed an aligned VBP framework that consists of both VBP Payment Strategies and VBP Models. VBP Payment Strategies define the mechanism by which the providers are paid by the MCO. VBP Payment Strategies are tiered by three levels of risk: low, medium, and high.

VBP Models define a way to organize and deliver care and may incorporate one or more VBP Payment Strategies as ways to pay providers. The Department is categorizing VBP Models into recommended models and required models.

PH-MCOs, BH-MCOs, CHC-MCOs, and CHIP-MCOs can form integrated VBP models. MCOs should work towards integrating VBP

models, because addressing physical health needs can improve behavioral health outcomes, and vice versa.

a. VBP Payment Strategies

The MCO must enter into VBP Payment Arrangements with Providers that incorporate approved VBP Payment Strategies. The Department retains the ability to accept or reject any proposals to count toward the required VBP medical spend percentage. The approved VBP Payment Strategies are tiered as low-risk (performance based contracting), medium risk (shared savings, shared risk, bundled payments), and high risk (global payments).

Each arrangement must include quality benchmarks, financial incentives, penalties or both, without which the Department will reject the arrangement as counting towards the required VBP medical spend percentage. MCOs can also layer additional non-financial incentives as long as financial incentives are also in the arrangement.

Approved payment strategies:

- i. Performance based contracting (low-risk strategy): FFS contracts in which incentives payments and/or penalties are linked to Network Provider performance. The MCO must measure Network Providers against quality benchmarks or incremental improvement benchmarks, and must include in the contract incentives or penalties or both based upon meeting these benchmarks.
- ii. Shared Savings (medium-risk strategy): Supplemental payments to Network Providers if they can reduce health care spending relative to an annual cost benchmark, either for a defined Member sub-population or the total Member population served by a Network Provider. The cost benchmark should be developed prospectively, based at least in part on historical claims, and be risk adjusted if needed. The supplemental payment is a percentage of the net savings generated by the Network Provider.
- iii. Shared Risk (medium-risk strategy): Supplemental payments to Network Providers if they are able to reduce health care spending relative to a cost benchmark, either for a defined Member sub-population or the total Member population served by a Network Provider. The cost

benchmark should be developed prospectively, based at least in part on historical claims, and risk adjusted if needed. The payment is a percentage of the net savings generated by the Network Provider. These arrangements also include shared losses with Network Providers if costs are higher relative to a benchmark.

- iv. Bundled payments (medium-risk strategy): Bundled payments include all payments for services rendered to treat a Member for an identified condition during a specific time period. The payments may either be made in bulk, or be paid over regular predetermined intervals. DHS may specify certain services that must be paid through bundled payments.
- v. Global payment (high-risk strategy): Population-based payments that cover all services rendered by a Network Provider, hospital, or health system by the participating MCO.
  - An annual global budget is developed prospectively. These payments can either be made in bulk, delivered over regular predetermined intervals, or based on fee-for-service payments with retrospective reconciliation to the global budget. If these payments are subject to retrospective reconciliation, at least a portion of the payment must be prospective to allow Network Providers to make upfront investments in population health infrastructure.
  - Global payments should link payments to both improved physical health and behavioral health quality measures, and provide incentive to reduce potentially avoidable utilization and address social determinants of health. Global payments must also take into consideration market shift on an annual basis, to ensure that Network Providers are not simply decreasing the amount of care provided.
  - Network Providers who are paid via global payments are excluded from participating in separate bundled payment, shared savings, and shared risk arrangements with the same MCO, because this would be a duplication of payment for services rendered.

b. VBP Models:

VBP Models are divided into Recommended Models, which the Department encourages MCOs to adopt, and Required Models, which are models that MCOs must adopt if they decide to contract with participating Network Providers. MCOs may also implement VBP payment arrangements outside of the recommended models and required models.

Recommended Model:

- Accountable Care Organization (ACO): An ACO Model integrates the financing arm with the delivery arm within the same organization, such that both are collectively responsible for the Member. ACO models may include shared savings, shared risk, or global payments.

Required Models: MCOs must participate in required VBP payment models as specified by the Department and work with the Department on the development of new models. Required models include, but are not limited to:

- Maternity Care Bundled Payment: The MCO must pay Network Providers who elect to partake in the Maternity Care Bundled Payment as specified by the Department.
- Patient Centered Medical Home (PCMH): The MCO must include all requirements for PCMHs as defined in Exhibit DDD to have the arrangement qualify as a PCMH. Note that payments to PCMHs must be categorized as one of the VBP payment arrangements listed in Section A, and still include quality benchmarks, with incentives or penalties or both based upon meeting these benchmarks, without which the payments will not count towards the required VBP medical spend percentage.
- Rural Health Model: MCOs that pay greater than \$500,000 to a hospital participating in the PA Rural Health Model, must offer to pay the participating hospital in the form of a global budget as established by the current Technical Specifications for Rural Hospital Global Budget as published by the Rural Health Redesign Center. Hospitals participating in the Rural Health Model are excluded from bundled payment arrangements, because this would make the hospital doubly liable for a member (in both the global

budget and the bundled payment). Payments that are linked to the Rural Health Model count as a Global Payment.

c. Financial Goals

The financial goals for the VBP strategies for each calendar year are based on a percentage of the PH-MCO's expenditures to the medical portion of the risk adjusted capitation and maternity revenue without consideration of risk sharing risk pools, P4P or other revenue or revenue adjustments. These goals apply collectively to all HealthChoices Agreements between the PH-MCO and the Department in all HealthChoices Zones. For the purpose of this requirement, Capitation revenue is gross of premiums for risk sharing or risk pool arrangements without adjustment for risk sharing or risk pool results. The PH-MCO must achieve the following percentages through VBP arrangements:

- Calendar year 2022 – 50% of the medical portion of the capitation and maternity care revenue rate must be expended through VBP. At least 50% of the 50% must be from a combination of strategies 9.a.ii. through 9.a. v.

In addition, the MCOs must incorporate CBOs into VBP arrangements with Network Providers to address SDOH as follows:

- 75% of the medical portion of the capitation and maternity care revenue expended in strategies 9.a.ii. through 9.a.v., must incorporate at least one CBO that addresses at least one SDOH domain. 25% of the medical portion of the capitation and maternity care revenue expended in strategies 9.a.ii. through 9.a.v., must incorporate one or more CBOs that together address 2 or more SDOH domains. For example, if an MCO's total medical spend is \$20 million, and \$10 million is expended in strategies 9.a.ii. through 9.a.v., \$5 million of the \$10 million could incorporate a CBO that addresses food insecurity, and \$2.5 million of the \$10 million could incorporate CBOs that address both food and housing insecurity. The Department may waive this requirement upon receipt from the PH-MCO of alternate proposals to address SDOH needs through VBP.

The MCO must incorporate CBOs into VBP arrangements by either:

- Contracting with a CBO directly. The contract structures between the MCOs and CBOs may include, but are not limited to, payment for services rendered, capitation payments, or value-based payments as long as there is no downside risk to the CBO; or
- Contracting with a Network Provider that subcontracts with a CBO.

The MCO must require the CBO to address at least one of the following SDOH domains, which are included in the statewide resource and referral tool:

- Childcare access and affordability
- Clothing
- Employment
- Financial Strain
- Food insecurity
- Housing instability/ homelessness
- Transportation
- Utilities

Additionally, in determining which CBOs to incorporate into VBP agreements, the MCO should also consider the following characteristics of CBOs:

- Types of services provided
- Accessibility to community members, including hours of operation, location, staffing capacity, accommodations for individuals with special needs including physical disabilities and language barriers
- Number of MA participants served
- Quality of social services provided and experience addressing SDOH
- Soundness of fiscal, operational and administrative practices and capacity
- Service area and populations served
- Capacity for increased referrals from providers or the MCO
- Ability to capture and report SDOH data

d. Reporting

The Department will measure compliance through required reports that have been accepted by the Department. By January 1 of each calendar year, the PH-MCO must submit its proposed VBP plan to the Department that outlines and describes its plan for compliance in that calendar year. The Department will review and provide feedback on the plan to the PH-MCO. By the last work day of every quarter, the PH-MCO must submit a progress report.

By June 30 of the subsequent calendar year, the PH-MCO must submit a report on accomplishments from the prior year. This annual report must include a listing of the VBP arrangements by provider; and an explanation of each arrangement; and the dollar amount spent for medical services provided during the previous year through these arrangements. The dollar amounts that qualify toward meeting the VBP goals are as follows:

- i. Performance based contracting – dollar value of performance (bonus) payments and direct payments made to the Provider for Members attributed to the provider’s panel during the calendar year.
- ii. Shared savings– dollar value of any performance (bonus) payments, direct payments made to the provider and total medical costs incurred by the PH-MCO for Members of the provider’s panel during the time period of the calendar year the Member was attributed to the provider’s panel.
- iii. Shared risk – dollar value of any performance (bonus) payments and penalty payments, direct payments made to the provider total medical costs incurred by the PH-MCO for Members of the provder’s panel during the time period of the calendar year the Member was attributed to the provder’s panel.
- iv. Bundled payments– dollar value of bundled payments made to providers. The Department may add additional reporting requirements depending on the services being bundled.

- v. Global payments – dollar value of any performance (bonus) payments, direct payments made to the provider and total medical costs incurred by the PH-MCO for Members of the provider’s panel inclusive of any previous (bonus) payments during the time period of the calendar year the Member was attributed to the provider’s panel.
- vi. Patient Centered Medical Homes – dollar value of any PCMH payments, performance (bonus) payments, direct payments made to the provider and total medical costs, incurred by the PH-MCO for Members of the provider’s panel during the time period of the calendar year the Member was attributed to the provider’s panel.

e. New Agreements

If a new PH-MCO Agreement is executed and effective during a calendar year, the reporting requirements are applicable to the calendar year that crosses Agreements, and the Department will determine compliance for the complete calendar year.

f. Assessment

This section provides for an assessment against the PH-MCO’s revenue if an annual goal is not met.

Not later than 60 calendar days after receipt from the PH-MCO of the annual report on VBP accomplishments, the Department will notify the PH-MCO of its determination about compliance with the goal for the preceding year. The PH-MCO may provide a response within 30 calendar days. After considering the response from the PH-MCO, if any, the Department will notify the PH-MCO of its final determination of compliance.

If the PH-MCO fails to provide a timely and adequate report on VBP accomplishments, the Department may determine that the PH-MCO is not compliant with the goal of the preceding year.

If the determination results in a finding of non-compliance, the Department may reduce the next monthly capitation payment by an amount equivalent to one (1) percent of the capitation it paid to the PH-MCO for December of the prior calendar year.

g. Data Sharing

The PH-MCOs must provide timely and actionable data to its providers participating in VBP arrangements. This data should include, but is not limited to, the following:

- i. Identification of high risk patients;
- ii. Comprehensive care gaps inclusive of gaps related to quality metrics used in the VBP arrangement; and
- iii. Service utilization and claims data across clinical areas such as inpatient admissions, non-inpatient facility (Short Procedure Unit/Ambulatory Surgical Center), emergency department, radiology services, lab services, durable medical equipment and supplies, specialty physician services, home health services, and prescriptions.

**10. Financial Obligations when the Agreement has Ended**

The Department's obligation to make payments under this HealthChoices Agreement survives the expiration or termination of the Agreement

**11. Liability During an Active Grievance or Appeal**

The PH-MCO shall not be liable to pay Claims to Providers if the validity of the Claim is being challenged by the PH-MCO through a Grievance or appeal, unless the PH-MCO is obligated to pay the Claim or a portion of the Claim through a separate agreement with the Provider.

**12. Financial Responsibility for Dual Eligibles**

Dual Eligibles age 21 and older who the Department has confirmed are enrolled in Medicare Part D will not participate in HealthChoices and will be disenrolled from HealthChoices prospectively. The PH-MCO must pay Medicare deductibles and coinsurance amounts relating to any Medicare-covered service for qualified Medicare beneficiaries up to the managed care plan Disenrollment date, in accordance with Section 4714 of the Balanced Budget Act of 1997.

The PH-MCO will not be responsible for copayments or cost-sharing for Medicare Part D prescriptions.

If no contracted PH-MCO rate exists or if the Provider of the service is an Out-of-Network Provider, the PH-MCO must pay deductibles and coinsurance up to the applicable MA fee schedule for the service.

For Medicare services that are not covered by either MA or the PH-MCO, the PH-MCO must pay cost-sharing to the extent that the payment made under Medicare for the service and the payment made by the PH-MCO do not exceed eighty percent (80%) of the Medicare-approved amount.

The PH-MCO, its Subcontractors and Providers are prohibited from balance billing Members for Medicare deductibles or coinsurance. The PH-MCO must provide a Member who is Dual Eligible access to a Medicare product or service from the Medicare Provider of his or her choice. The PH-MCO must pay any Medicare coinsurance and deductible amount, whether or not the Medicare Provider is included in the PH-MCO's Provider Network and whether or not the Medicare Provider has complied with the Prior Authorization requirements of the PH-MCO.

The Commonwealth enters into a Coordination of Benefits Agreement with Medicare for the MA populations. Consistent with 42 C.F.R. §438.3 (t), the PH-MCO must enter into individual Coordination of Benefits Agreements with Medicare for members dually eligible for Medicaid and Medicare, and participate in the automated claims crossover process.

### **13. Financial Responsibility for transitioning CHC Members**

A. Section 13.A applies to the PH-MCO's responsibility to provide benefits to a Member who is transitioning to CHC due to approval of LTSS and does not have a spend down period.

- i. Residence in a nursing facility is not cause for disenrollment from the PH-MCO.
- ii. The PH-MCO is responsible for nursing facility services so long as the Member is enrolled in the PH-MCO. Once the PH-MCO is notified that a Member has been determined Nursing Facility Clinically Eligible (NFCE), despite not being enrolled in CHC at the time, the PH-MCO would continue to

be responsible to provide nursing facility benefits and all other covered health benefits from the thirty-first (31st) day forward.

- iii. If eCIS provides a CHC start date and if the PH-MCO's responsibility to provide benefits absent this information continues up to the date prior to the CHC start date or an earlier date in the same month, the last day of the PH-MCO's responsibility to provide nursing facility benefits and all other covered health benefits is the date prior to the Member's CHC start date.
- B. Section 13.B applies to the PH-MCO's responsibility to provide benefits to a Member who is transitioning to CHC due to approval for LTSS and is subject to a spend down period.
- i. Residence in a nursing facility is not cause for disenrollment from the PH-MCO.
  - ii. The PH-MCO will not be responsible to pay the nursing facility benefits for the Member having a spend down period for any day after the thirtieth (30<sup>th</sup>) consecutive day the Member resides in the nursing facility and is a Member of this PH-MCO.
  - iii. The PH-MCO is responsible for all other services covered by this Agreement on the 31<sup>st</sup> consecutive day and all subsequent days that the Member is enrolled in the PH-MCO. This exemption from responsibility to pay the nursing facility will continue unabated if the Member is admitted to a hospital and returns to the nursing facility. It is acceptable for the PH-MCO to decline to accept or approve nursing facility claims for days after the thirtieth (30<sup>th</sup>) consecutive day the Member is in the nursing facility until notice is received that the Member's spend down requirement has been met.
  - iv. The PH-MCO's responsibility for nursing facility benefits begins the date after the spend down period is complete.
  - v. If eCIS provides a CHC start date and if the PH-MCO's responsibility to provide benefits absent this information continues up to the date prior to the CHC start date or an earlier date in the same month, the last day of the PH-MCO's responsibility to provide nursing facility benefits and

all other covered health benefits is the date prior to the Member's CHC start date. The CHC start date may be retroactive to the date the Member both received NFCE status and the spend down period commenced.

- C. Section 13.C applies to the PH-MCO's responsibility to provide benefits to a Member who was determined not to be NFCE due to a penalty period.
- i. Residence in a nursing facility is not cause for disenrollment from the PH-MCO.
  - ii. The PH-MCO will not be responsible to pay the nursing facility during the Member's penalty period, as determined by the Department.
  - iii. The PH-MCO is responsible for all other services covered by this Agreement during the Member's penalty period as long as the Member remains enrolled in the PH-MCO.
  - iv. This exemption from responsibility to pay the nursing facility will continue unabated if the Member is admitted to a hospital and returns to the nursing facility within the Member's penalty period. It is acceptable for the PH-MCO to decline to accept or approve nursing facility claims during the Member's established penalty period.
  - v. If the Member's penalty period has ended and the Member remained enrolled in the PH-MCO, then the PH-MCO is responsible for nursing facility benefits the day after the penalty period is complete and all subsequent days the Member remains enrolled in the PH-MCO.
  - vi. If eCIS provides a CHC start date and if the PH-MCO's responsibility to provide benefits absent this information continues up to the date prior to the CHC start date or an earlier date in the same month, the last day of the PH-MCO's responsibility to provide nursing facility benefits and all other covered health benefits is the date prior to the Member's CHC start date, which is a date subsequent to completion of the Member's penalty period.
- D. Section 13.D applies to the PH-MCO's responsibility to provide benefits to a Member who was determined not to be NFCE.

- i. Residence in a nursing facility is not cause for disenrollment from the PH-MCO.
- ii. The PH-MCO is responsible to pay the nursing facility after the thirtieth (30<sup>th</sup>) day of residence until the participant leaves the facility, including situations when the member passes away or is discharged prior to being determined eligible for CHC.

#### **14. Coverage for Members in an IMD**

Effective January 1, 2020, the Department will make Capitation payments for a Member aged twenty-one through sixty-four (21 – 64) residing in a freestanding IMD and the Member's condition is not related to Substance Use Disorder (SUD) based on the following criteria:

- If the stay is no more than fifteen (15) cumulative days during the period of the monthly capitation payment and the provision of inpatient psychiatric treatment in a freestanding IMD meets the requirements for *in lieu of services* in 42 C.F.R. 438.3 (e) (2)(i) through (iv), payment will be full capitation in which a Member is enrolled in the PH-MCO.
- If the stay is at least sixteen (16) cumulative days during the period of the monthly capitation payment and the provision of inpatient psychiatric treatment in a freestanding IMD meets the requirements for *in lieu of services* in 42 C.F.R. 438.3 (e) (2)(i) through (iv), the payment will be based as follows: per diem rate identified in Section VII.B.1 multiplied by the number of days the Member is both enrolled in the PH-MCO and not residing in a freestanding IMD.

#### **15. Telephonic Psychiatric Consultation Team Services**

The PH-MCO will provide documentation on the expenditure of the funds upon request.

#### **16. Confidentiality**

The Department may from time to time share with the PH-MCO an internal Business Requirements Document (BRD) or an internal Business Design Document (BDD). The Department may also elect to share FFS inpatient hospital rates and cost-to-charge ratio

information with the PH-MCO. The PH-MCO shall not use this information for a purpose other than support for the PH-MCO's mission to perform its responsibilities per its Agreement with the Department and related responsibilities provided by law. The PH-MCO may share a BRD, a BDD, or the FFS/ inpatient hospital rates and cost-to-charge ratio information provided by the Department with another party, provided that the other party does not use the information for a purpose other than support for the PH-MCO's mission to perform its responsibilities per this Agreement and any other related responsibilities provided by law.

#### **17. Audits**

The PH-MCO is responsible to comply with audit requirements as specified in Exhibit WW of this Agreement, HealthChoices Audit Clause.

#### **18. Restitution for Overpayments**

The PH-MCO must make full and prompt restitution to the Department, as directed by the Department, for any payments received in excess of amounts due to the PH-MCO under this Agreement whether such overpayment is discovered by the PH-MCO, the Department, or other third party.

### **F. Third Party Liability**

The PH-MCO must comply with the TPL procedures defined by Section 1902(a)(25) of the Social Security Act, 42 U.S.C. 1396a(a)(25) implemented by the Department. Under this Agreement, the TPL responsibilities of the Department will be allocated between the Department and the PH-MCO.

#### **1. Cost Avoidance Activities**

- a. The PH-MCO will have primary responsibility for cost avoidance through the COB relative to federal and private health insurance-type resources including, but not limited to, Medicare, private health insurance, ERISA plans, and Workers Compensation. Except as provided in subparagraph b., the PH-MCO must attempt to avoid initial payment of Claims, whenever possible, where federal or private health insurance-type resources are available. The number of claims cost avoided by the MCO's claims system should be reported in Financial Report #8A, "Claims Cost Avoided." The PH-MCO shall not be held responsible for any TPL errors in

the Department's Eligibility Verification System (EVS) or the Department's TPL file.

- b. The PH-MCO and its Subcontractors must pay, and then chase all Clean Claims for preventive pediatric care (including EPSDT services to children), and services to children having medical coverage under a Title IV-D child support order to the extent the PH-MCO is notified by the Department of such support orders or to the extent the PH-MCO becomes aware of such orders, and then seek reimbursement from liable third parties. The PH-MCO recognizes that cost avoidance of these claims is prohibited with the exception of hospital delivery claims, which may be cost-avoided.
- c. The PH-MCO may not deny or delay approval of otherwise covered treatment or services based upon TPL considerations. The PH-MCO may neither unreasonably delay payment nor deny payment of claims unless the existence of TPL is established at the time the claim is adjudicated.

## **2. Post-Payment Recoveries**

- a. Post-payment recoveries are categorized by (a) health-related insurance resources and (b) Other Resources. Health-related insurance resources are ERISA health benefit plans, Blue Cross/Blue Shield subscriber contracts, Medicare, private health insurance, workers compensation, and health insurance contracts. Other resources include, but are not limited to recoveries from personal injury claims, liability insurance, first-party automobile medical insurance and accident indemnity insurance.
- b. The Department's Division of TPL retains the sole and exclusive right to investigate, pursue, collect, and retain all Other Resources. The Department is assigned the Contractor's subrogation rights to collect the "Other Resources" covered by this provision. Any correspondence or Inquiry forwarded to the PH-MCO (by an attorney, provider of service, insurance carrier, etc.) relating to a personal injury accident or trauma-related medical service, or which in any way indicates that there is, or may be, legal involvement regarding the Member and the services which were provided, must be immediately forwarded to the Department's Division of TPL. The PH-MCO may neither delay payment nor deny payment of Claims because they involved an injury stemming

from an accident such as a motor vehicle accident, where the services are otherwise covered. Those funds recovered by the Commonwealth under the scope of these "Other Resources" shall be retained by the Commonwealth.

With respect to any third party payment received by the PH-MCO from a Provider, the PH-MCO shall return all casualty funds to the Department. PH-MCOs shall not instruct providers to send funds directly to the Department. These third party payments shall not be held by the PH-MCO for more than 30 calendar days. If the casualty funds received by the Department must be returned to the PH-MCO for any reason, for example, an outdated check or the amount of the check does not match supporting documentation, the PH-MCO shall have 60 calendar days to return all casualty funds to the Department using the established format.

The PH-MCO must pursue, collect and retain recoveries of a claim involving Workers' Compensation.

- c. Due to potential time constraints involving cases subject to litigation and due to the large dollar value of many claims which are potentially recoverable by the Department's Division of TPL, the Department must ensure that it identifies these cases and establishes its claim before a settlement has been negotiated. Should the Department fail to identify and establish a claim prior to settlement due to the PH-MCO's untimely submission of notice of legal involvement where the PH-MCO has received such notice, the amount of the Department's actual loss of recovery shall be assessed against the PH-MCO. The Department's actual loss of recovery shall not include the attorney's fees or other costs, which would not have been retained by the Department.
- d. Should the Department lose recovery rights to any Claim due to late or untimely filing of a Claim with the liable third party, and the untimeliness in billing that specific Claim is directly related to untimely submission of Encounter Data or additional records under special request, or inappropriate denial of Claims for accidents or emergency care in casualty related situations, the amount of the unrecoverable Claim shall be assessed against the PH-MCO.
- e. Encounter Data that is not submitted to the Department in accordance with the data requirements and/or time frames identified in this Agreement can possibly result in a loss of

revenue to the Department. Strict compliance with these requirements and time frames shall therefore be enforced by the Department and could result in the assessment of penalties against the PH-MCO.

- f. The PH-MCO has the sole and exclusive responsibility and right to pursue, collect and retain all health-related insurance resources for a period of nine (9) months from the date of service or six (6) months after the date of payment, whichever is later. The PH-MCO must indicate their intent to recover on health-related insurance by providing to the Department an electronic file of those cases that will be pursued. The cases must be identified and a file provided to the Department by the PH-MCO within the window of opportunity afforded by the nine (9) months from the date of service or six (6) months after the date of payment unless otherwise granted by the Department. The Department's Division of TPL may pursue, collect and retain recoveries of all health-related insurance cases which are outstanding, that is, not identified by the PH-MCO for recovery, after the later of nine (9) months from the date of service or six (6) months after the date of payment. Notification of intent to pursue, collect and retain health-related insurance is the sole responsibility of the PH-MCO, and cases not identified for recovery will become the sole and exclusive right of the Department to pursue, collect and retain. In such cases where the PH-MCO has identified the cases to be pursued, the PH-MCO shall retain the exclusive responsibility for the cases for a period not to exceed eighteen (18) months. The calculation of the eighteen (18) month period shall commence with receipt of the file from the PH-MCO identifying the cases to be pursued. Any case not completed within the eighteen (18) month period will become the sole and exclusive right of the Department to pursue, collect and retain. The PH-MCO is responsible to notify the Department through the prescribed electronic file process of all outcomes for those cases identified for pursuit. Cases included in Encounter files that were suspended will not be able to be included in the flagging process since the Claims cannot be adjusted in the Department's automated processing system.

With respect to any third party payment received by the PH-MCO from a Provider, the PH-MCO shall ensure that the funds are within their right of recovery following the prescribed order outlined above. If the funds are outside the allowable recovery window, the funds shall be returned to the

Department. These third party payments shall not be held by the MCO for more than 30 calendar days. If the provider funds received by the Department must be returned to the PH-MCO for any reason, for example, an outdated check or the amount of the check does not match supporting documentation, the PH-MCO shall have 60 calendar days to return all provider funds to the Department using the established format.

**3. Health Insurance Premium Payment Program**

The HIPP Program pays for employment-related health insurance for Recipients when it is determined to be cost effective.

**4. Requests for Additional Data**

The PH-MCO must provide, at the Department's request, information not included in the Encounter Data submissions that may be necessary for the administration of TPL activity. The PH-MCO must provide this information within fifteen (15) calendar days of the Department's request. The PH-MCO must respond to Urgent requests within forty-eight (48) hours. Confidentiality of the information must be maintained as required by Federal and State regulations. The Department may request information such as individual medical records for the express purpose of determining TPL for the services rendered.

**5. Accessibility to TPL Data**

The Department will provide the PH-MCO with access to data maintained on the TPL monthly file.

**6. Third Party Resource Identification**

The PH-MCO must supply to the Department's TPL Division Third Party Resources identified by the PH-MCO or its Subcontractors, which do not appear on the Department's TPL database, within two weeks of its receipt by the PH-MCO. In addition to newly identified resources, the PH-MCO must provide information on coverage for other household members, addition of a coverage type, changes to existing resources, including termination of coverage and changes to coverage dates to the Department's TPL Division. The method of reporting must be by electronic file or by any alternative method approved by the Department. TPL resource information must be submitted within two weeks of its receipt by the PH-MCO. A web-based referral is only to be submitted in the following instance: the PH-MCO is no longer the recipient's MCO or the Contract/Policy ID

In the event that this Agreement is terminated, or expires without a new Agreement in place, the PH-MCO must notify all Members of such termination or such expiration at least forty-five (45) days in advance of the effective date of termination or expiration, if practical. Notice must be made available in an accessible format for individuals with visual impairments and in the relevant language for Members with limited English proficiency. The PH-MCO must coordinate the continuation of care prior to termination or expiration for Members who are undergoing treatment for an acute condition.

## **3. Submission of Invoices**

Upon termination or expiration, the PH-MCO must submit to the Department all outstanding invoices for allowable services rendered prior to the date of termination in the form stipulated by the Department no later than forty-five (45) days from the effective date of termination or expiration. Invoices submitted later than forty-five (45) days from the effective date of termination shall not be payable. This does not apply to submissions and payments in Appendices 3a – 3g.

#### **4. Termination Requirements**

Within one hundred eighty (180) days of expiration or termination of the Agreement, the PH-MCO must also provide the Department with all outstanding Encounter Data. If either the Department or the Contractor provides written notice of termination, the Department will withhold ten percent (10%) of one (1) month's Capitation payment. Once the Department determines that the Contractor has substantially complied with the requirements in this section, the Department will pay the withheld portion of the Capitation payment to the PH-MCO. The Department will not unreasonably delay or deny a determination that the PH-MCO has substantially complied. The Department will share with the PH-MCO the determination on substantial compliance by the first (1<sup>st</sup>) day of the fifth (5<sup>th</sup>) month after the Agreement ends. If the Department determines that the PH-MCO has not substantially complied, the Department will share a subsequent determination by the first (1<sup>st</sup>) day of each subsequent month.

#### **D. Transition at Expiration or Termination of Agreement**

If the PH-MCO and the Department have not entered into a new Agreement for any of the HealthChoices Zones covered by this Agreement, the Department will develop a transition plan. During the transition period, the PH-MCO must cooperate with any subsequent PH-MCO and the Department. As part of the transition plan, the Department will define the program information and the working relationship between the PH-MCOs. The Department will consult with the PH-MCO regarding such information and relationship. The length of the transition period shall be no less than three (3) months and no more than six (6) months in duration.

The PH-MCO is responsible for the costs relating to the transfer of materials and responsibilities as a normal part of doing business with the Department.

The PH-MCO must provide necessary information to a PH-MCO and the Department during the transition period to ensure a smooth transition of responsibility. The Department will define the information required during

this period and time frames for submission and may solicit input from the PH-MCOs involved.

The Department shall provide timely notice of any disallowance to the PH-MCO and allow the PH-MCO an opportunity to participate in the disallowance appeal process and any subsequent judicial review to the extent permitted by law. Any payment required under this provision shall be due from the PH-MCO upon notice from the Department. That interpretation shall be final, conclusive, and binding on the PH-MCO, and unreviewable in all respects unless the PH-MCO within twenty (20) calendar days of its receipt of said interpretation, delivers a written appeal to the Secretary of the Department. Unless the PH-MCO consents to extend the time for disposition by the Secretary, the decision of the Secretary shall be released within thirty (30) calendar days of the PH-MCO's written appeal and shall be final, conclusive, and binding, and the PH-MCO must thereafter with good faith and diligence, render such performance in compliance with the Secretary's determination; subject to the provisions of Section XVI.B below. ## **APPENDIX 3b**

### **EXPLANATION OF CAPITATION PAYMENTS**

#### **I. Base Capitation Rates**

The final schedule of Base Capitation Rates and Maternity Care Rates is found in Appendix 3f, Capitation Rates.

#### **II. Base Capitation Rates for Subsequent Years**

##### **A. Initial Schedule of Base Capitation Rates**

Annually, the Department will provide an initial schedule of Base Capitation Rates and Maternity Care Rates. The Department will provide the PH-MCO with information on methodology and data used to develop the initial schedule of Base Capitation Rates.

The Department will provide the PH-MCO with the opportunity for a meeting, in which the Department will consider and respond to questions from the PH-MCO on development of the initial schedule of Base Capitation Rates and Maternity Care Rates.

##### **B. Final Schedule of Base Capitation Rates**

The Department will provide the PH-MCO with a final schedule of Base Capitation Rates and Maternity Care Rates. The rates in Appendix 3f, Capitation Rates, included with this Agreement will remain in effect until agreement is reached on new rates and their effective date. The PH-MCO must conclude discussion about the rates timely for the purposes of execution of an amendment and the Department's need to obtain prior approval of the rates from the Centers for Medicare and Medicaid Services (CMS).

#### **III. Capitation Payment Rates with Risk Adjusted Rates**

##### **A. Applicability of Risk Adjusted Rates**

The Department will risk adjust the Base Capitation Rates for Rate Cells included in this Agreement using an actuarially sound method to adjust

Base Capitation Rates to reflect differences in health status and demographics of the Members enrolled in each PH-MCO's program.

The Department may elect to terminate the risk adjustment of any or all Base Capitation Rates. If the Department makes this election, the Department will notify the PH-MCO and will provide an effective date for this change. If the Department makes this election, the Department will enter into negotiations with the PH-MCO on the subject of Base Capitation Rates that will apply on and after the effective date of the change.

Base Capitation Rates contained in Appendix 3f for Under Age 1 and Maternity Care payments are not subject to risk adjustment.

## **B. RAR MCO Plan Factors**

If Base Capitation Rates are risk adjusted, the Department and its actuarial consultant will develop each RAR MCO Plan Factor to reflect the health status and demographics of Members enrolled in the PH-MCO's program within one Rate Cell and one Rate Region or combinations thereof.

The Department and its actuaries will recalculate the RAR MCO Plan Factors in accordance with a periodicity schedule determined by the Department.

## **C. MCO Assessment Amount**

The Base Capitation Rates include an MCO Assessment Amount. The MCO Assessment Amount is the amount included in the Base Capitation Rates for the MCO Assessment fee inclusive of a multiplier that accounts for the PH-MCO's responsibility to pay the MCO Assessment fee for partial member months. The MCO Assessment Amount for January 2022 is \$25.19 (\$24.95 MCO Assessment x 1.0097 multiplier).

## **D. Medical Loss Ratio (MLR) Reduction**

A reduction to revenue will be applied to Base Capitation Rates for PH-MCOs that have reported a total, inclusive of the both the Newly Eligible and all other populations MLRs, MLR below 88 percent (88.00%) on the most recently submitted MLR Report, as required in Appendix 3h. The reduction applied will be based on the following schedule:

- MLR below 85.00% will result in a 1.50% reduction
- MLR greater than or equal to 85.00% but less than 86.00% will result in a 0.50% reduction

- MLR greater than or equal to 86.00% but less than 87.00% will result in a 0.25% reduction
- MLR greater than or equal to 87.00% but less than 88.00% will result in a 0.125% reduction

The Department will apply the MLR Reduction, per the schedule above, based on the following calculation to determine the MLR Reduction Amount:

	Base Capitation Rate
MINUS	MCO Assessment Amount
MINUS	Provider Pay for Performance Amount
EQUALS	Amount Subject to MLR Reduction
MULTIPLIED BY	MLR Reduction Percentage
EQUALS	MLR Reduction Amount

The MLR Reduction Percentage, on the schedule above, is limited to a percentage that would result in Base Capitation Rates not lower than the lower bound Base Capitation Rates before Risk Adjustment as provided to the PH-MCOs in Section II.B above. If this limitation is necessary, the Department will notify the PH-MCO of the MLR Reduction Percentage that was used to determine the applicable MLR Reduction Amount above.

**E. Contracted Rate Less Applicable Exclusions**

For each PH-MCO in a Zone, the following calculation will be made for each Rate Cell and Rate Region with the exception of Under Age 1 and Maternity Care payments. Allowance Amounts are the applicable amount as shown on Appendix 3f.:

	Base Capitation Rate
MINUS	Home Nursing Risk Sharing Allowance Amount
MINUS	High Cost Risk Pool Allowance Amount
MINUS	DME Home Accessibility Risk Sharing Allowance
MINUS	Provider Pay-for-Performance Allowance
MINUS	MCO Assessment Amount
MINUS	MLR Reduction Amount
EQUALS	Contracted Rate Less Applicable Exclusions

## **F. Risk Adjusted Rate**

The Risk Adjusted Rate paid to the PH-MCO, per Appendix 3f, for each program month for a given Rate Cell and Rate Region is calculated by the Department as follows:

The lowest Contracted Rate Less Applicable Exclusions for all the PH-MCOs for that given Rate Cell and Rate Region within each Zone multiplied by the PH-MCO's RAR MCO Plan Factor.

This paragraph provides for an exception to all of the above. For the Under Age One Rate Cell, the Risk Adjusted Rate will be the Base Capitation Rate. The MCO must pay Under Age 1 Allowance Amounts at the rate shown on Appendix 3f.

## **G. Capitation Payment Rate**

The Capitation Payment Rate is equal to the Risk Adjusted Rate plus the amounts included in the Base Capitation Rate that are not subject to risk adjustment.

If the Contracted Rate Less Applicable Exclusions is higher than the lowest Contracted Rate Less Applicable Exclusions that the Department has calculated for a given Rate Cell and Rate Region for the applicable program month among all PH-MCOs that operate in this Zone, the difference is referred to as Amount A.

This is calculated as follows.

	Risk Adjusted Rate
PLUS	Amount A (if applicable)
PLUS	Home Nursing Risk Sharing Allowance Amount
PLUS	High Cost Risk Pool Allowance Amount
PLUS	DME Home Accessibility Risk Sharing Allowance
PLUS	MCO Assessment Amount
PLUS	Provider Pay for Performance
EQUALS	Capitation Payment Rate.

In accordance with Section VII.B.1.a.ii, the Department will make capitation payments at per diem equivalents of the Capitation Payment Rates that are calculated and issued by the Department.

This paragraph provides for an exception to all of the above. For the Under Age One Rate Cell, the Capitation Payment Rate will be equal to the Base Capitation Rate reduced by the MLR Reduction described in Paragraph D. above.

## **H. Quality Incentives**

Appendix 3f specifies per-member-per-month (PMPM) amounts for Provider Pay for Performance. The Department will pay the Provider Pay for Performance amounts to the PH-MCO in accordance with Exhibit B(3). The amounts are not subject to risk adjustment.

## **I. Maternity Care Payment**

A Maternity Care Payment as identified in Section VII.B.2 will be made to the PH-MCO. The Maternity Care Payment made to the PH-MCO will be the amount as shown in the “Base Capitation Rate / Maternity Care Payment” column on Appendix 3f, net of the MLR Reduction as outlined in paragraph D. above.

## **J. Newly Eligible**

For purposes of this Appendix, Newly Eligible is defined as a Member who has a category of assistance/program status code combination of MG91 and Members age 19 and 20 who have a category of assistance/program status code combination of MG90.

## APPENDIX 3c

### **HOME NURSING RISK SHARING ARRANGEMENT**

This Agreement establishes a risk sharing arrangement (Arrangement) between the Department and the PH-MCO for certain HealthChoices Members who incur costs for home nursing services.

#### **I. Arrangement Years**

- A. Arrangement Years are equivalent to calendar years. Exception: If the PH-MCO does not operate a HealthChoices program in a zone under this or any other HealthChoices Agreement throughout the complete calendar year, then the Arrangement Year consists of the portion of the year in which the PH-MCO operates the program. Each Arrangement Year serves as an accumulation period for incurring costs for Covered Services.
- B. An Arrangement Year includes all portions of a calendar year that the PH-MCO operates a HealthChoices program in each zone under this Agreement or another Agreement. If there is more than one Agreement in the calendar year, the terms for the Department's payments included in the more recent Agreement apply in the event of a conflict in terms.
- C. If the PH-MCO has purchased the assets or liabilities of a PH-MCO that previously contracted with the Department to operate a HealthChoices program in the same zone ("Previous PH-MCO"); or if the Department transferred the Members enrolled in the Previous PH-MCO, who did not make a different choice, to the current PH-MCO; then the Department will allow the PH-MCO to include claims paid by the Previous PH-MCO with dates of service in the current Arrangement Year, provided the Previous PH-MCO relinquishes any claims to revenue under the Home Nursing Risk Sharing appendix in their Agreement, for dates of service that overlap with the current Arrangement Year.

## **II. Covered Members**

This Arrangement covers Members who have attained their first birthday and are under age twenty-one (21), and who do not reside in any of the following types of facility:

- State Intermediate Care Facilities for Individuals with Intellectual Disabilities (State ICFs/IID)
- Intermediate Care Facility for Individuals with Intellectual Disabilities (ICFs/IID)
- South Mountain Restoration Center
- County Nursing Facility
- General Nursing Facility
- Hospice
- Intermediate Care Facility for Persons with Other Related Conditions

## **III. Covered Services**

- A. This Arrangement covers services provided by a Licensed Practical Nurse, Registered Nurse, Home Health Aide, or Personal Care Provider in a home, home-like, or school-based setting paid by the PH-MCO.
- B. Covered Services include only Medically Necessary services. Administrative services, as defined in the HealthChoices Financial Reporting Requirements, are not covered by this Arrangement.
- C. Prescribed Pediatric Extended Care Centers (PPECCs) and Residential Skilled Pediatric Facilities are an acceptable venue for services included in this Arrangement. All requirements apply, including the type of provider and the Covered Services.

## **IV. Risk Sharing**

In each Arrangement Year, the PH-MCO is responsible for the first \$5,000 (Threshold Amount) in paid amounts of Covered Services provided to each Member. An additional Threshold Amount does not apply if the Member changes zones and is enrolled in the same PH-MCO. The Department will reimburse the PH-MCO eighty percent (80.0%) of Covered Services (net of third party liability/other insurance) submitted by the PH-MCO that are greater than \$5,000.

## **V. Home Nursing Risk Sharing Allowance Amounts**

- A. The Home Nursing Risk Sharing Allowance Amounts are an obligation of the PH-MCO to the Department. Home Nursing Risk Sharing Allowance Amounts are specified in Appendix 3f.

- B. The Department will determine the total Home Nursing Risk Sharing Allowance Amount obligation by multiplying the Home Nursing Risk Sharing Allowance Amounts by the applicable Member Months for all Members covered by the Arrangement.
- C. Each Home Nursing Risk Sharing payment made by the Department will be net of the PH-MCO's uncollected Home Nursing Risk Sharing Allowance Amount obligation. If the PH-MCO's uncollected Home Nursing Risk Sharing Allowance Amount obligation exceeds the Department's Home Nursing Risk Sharing obligation, the Department will reduce a subsequent payment to the PH-MCO by the amount of the difference.
- D. If the Department notifies the PH-MCO of cancellation of this HealthChoices Agreement; OR if the PH-MCO notifies the Department of cancellation of this HealthChoices Agreement; OR if this Agreement expires within four months; OR if a PH-MCO fails to submit a required report or file to support the administration of the risk sharing arrangement within fifteen work days of the final due date:
  - The Department may elect to reduce a subsequent monthly capitation payment by the total amount of the outstanding Home Nursing Risk Sharing Allowance Amount obligation for current and previous program months; AND
  - The Department may reduce each subsequent monthly capitation payment by the PH-MCO's Home Nursing Risk Sharing Allowance Amount obligation for the same month.

**VI. Data Source**

- A. The Department will use the Department's MMIS approved encounter data to identify those claims eligible for risk sharing, unless the Department notifies the PH-MCO that it will use different data. The Department will extract approved encounter data based on a schedule as determined by the Department.
- B. Upon notification by the Department, the PH-MCO must submit files in a format determined by the Department for the administration of the risk sharing in lieu of or in addition to encounter data.

**VII. Distributions**

The Department will perform at least two settlements for each Arrangement Year. The Department will use encounter data or other data that is timely available for

processing prior to each settlement date. The Department will notify the PH-MCO of the settlement amount and provide documentation by the settlement date as provided below. The PH-MCO's uncollected Home Nursing Risk Sharing Allowance Amounts, as specified in Appendix 3f, will be subtracted from the settlement amount. If the result is a positive number, the Department will pay that amount to the PH-MCO. If the result is a negative number, the Department will reduce a subsequent payment to the PH-MCO by this amount. Settlement distributions will take place within thirty days of each of the settlement notifications.

- A. The initial settlement will be completed by the Department at least seven (7) months after the end of the Arrangement Year. This settlement will include encounter data experience for the entire Arrangement Year with data cutoff dates determined by the Department and prior to the initial settlement date.
- B. The final settlement will be completed at least fifteen (15) months after the Arrangement Year. The final settlement notification will be sent to the PH-MCO within 60 days from the data extraction date. This settlement will include experience for the entire Arrangement Year and will be net of the initial settlement for the same Arrangement Year.

TBD - To Be Determined

These rates do not apply after December 31, 2022, which is the expiration date of the actuary's certification. Exception: If this Agreement continues to be effective after December 31, 2022, the Department's Capitation obligation will continue to be defined by this Appendix 3f as applicable until the rates are supplanted by an amendment to the Agreement.

The Department's obligation is determined by the amounts included in the column titled "Base Capitation Rate / Maternity Care Payment". The capitation amounts will be converted to per diems as provided by the Agreement.

These rates were developed using Rate Setting Methodology #2 - Use of Managed Care Data. An overview of this methodology is found in Appendix 3g of the HealthChoices Agreement.

These base rates include an amount for the MCO Assessment. Additional information is provided in Appendix 3b and Appendix 3m of the HealthChoices Agreement.

The High Cost Risk Pool Allowance (HCRPA) is used to determine the MCO's HCRPA obligation as per Appendix 3k of the HealthChoices Agreement.

The Provider Pay for Performance Allowance and the Community Based Care Management amounts are included in the Base Capitation Rate. More information about the Provider Pay for Performance allowance amount is in Exhibit B(3) of the HealthChoices Agreement. More information about the Community Based Care Management amount is in Exhibit B(5) of the HealthChoices Agreement.

The DME Home Accessibility Risk Sharing Allowance is used to determine the MCO's DME Home Accessibility Risk Sharing obligation as per Appendix 6 of the HealthChoices Agreement.

## APPENDIX 3g

### **OVERVIEW OF METHODOLOGIES FOR RATE SETTING AND DETERMINATION OF RISK SHARING PREMIUM ALLOWANCE AMOUNTS**

#### **I. Rate Setting Methodology #1 — Use of Historical Fee-For-Service Data**

To develop Actuarially Sound Capitation Rates (Actuarially Sound Capitation Rates are projected to provide reasonable, appropriate and attainable costs that are required under the terms of the contract and for the operation of the Primary Contractor for the time period and the population covered under the terms of the contracts, and such Capitation rates are developed in accordance with the requirement in 42 CFR §438.4(b)) for the HealthChoices program using historical fee-for-service (FFS) data, the following general steps are performed:

- Summarize the FFS Claims and Eligibility Data
- Assess Data Credibility
- Include the Effect of Program/Policy Changes
- Project the FFS Base Data Forward
- Adjust the FFS Data to Reflect Managed Care Principles
- Add an Appropriate Non-Medical Load
- Add an Amount for State/Federal Taxes/Assessments

Summarize the FFS Claims and Eligibility Data — The Commonwealth of Pennsylvania (Commonwealth) provides summarized FFS claims and eligibility data for the recipients and services to be covered under the HealthChoices program. Normally, multiple years of FFS data are made available for rate setting purposes. This data is then adjusted to account for items not included in the initial FFS data collection process. These adjustments (positive and/or negative) generally include, but are not limited to: completion factors, legal settlements, gross adjustments, graduate medical education payments, pharmacy rebates, and other adjustments needed to improve the accuracy of the data.

Assess Data Credibility — To arrive at an appropriate FFS data source that will serve as the basis for rate setting, multiple years of FFS data may be combined together. Through this process, the older data is projected forward to be comparable to the most recent information. All of the data is then blended together to form a single set of base data (Commonly with the most recent year of data receiving equal or more weight).

Include the Effect of Program/Policy Changes — The Commonwealth

occasionally changes the services, reimbursements, or populations covered under the HealthChoices program (e.g., an expansion of a new benefit or restructuring of a currently covered benefit). Material program changes are included in the capitation rates by either increasing or decreasing the FFS data by an appropriate adjustment.

**Project the FFS Base Data Forward** — The base data is then projected forward to the period for which the capitation rates are contracted. Trend factors are used to estimate the future costs of the services that the covered population would generate in the FFS program. These trend factors normally vary by, but are not limited to: major category of service, geographic area, or rate cell.

**Adjust the FFS Data to Reflect Managed Care Principles** — Since HealthChoices is a managed care program and not FFS based, the projected FFS data needs to be adjusted to reflect the utilization and unit cost of a typical managed care program. This generally involves increasing the cost/use of preventative services, and decreasing hospital and emergency room cost/use.

**Add an Appropriate Non-Medical Load** — After the base data has been trended to the appropriate period, and adjusted for program/policy changes, non-medical loads, including, but not limited to administrative and underwriting gain components, will be added to the medical claim cost component to determine the overall capitation rates applicable to each rate cell. The non-medical loads can be applied as a percentage of the total capitation rate (e.g., percent of premium revenue) and may or may not vary by rate cell, or other rating characteristic, depending on the structure of adjustments.

**Add an amount for State/Federal Taxes/Assessments** — The final capitation rate, after all other components have been completed, is further adjusted to reflect any legislatively mandated State/Federal taxes and/or assessments. These adjustments are typically applied as a percent of final premium revenue, or an additional fixed amount after non-medical loads are accounted for, and is added to the final capitation rate.

## **II. Rate Setting Methodology #2 — Use of Managed Care Data**

To develop capitation rates on an actuarially sound basis for the HealthChoices program using actual managed care data, the following general steps are performed:

- Summarize, Analyze, and Adjust the Managed Care Data,
- Include the Effect of Program/Policy Changes,
- Project the Managed Care Base Data Forward,
- Add Appropriate Non-Medical Load, and
- Add an Amount for State/Federal Taxes/Assessments.

Summarize, Analyze, and Adjust the Managed Care Data — The Commonwealth collects data from each of the managed care organizations (MCOs) participating in the HealthChoices program. This data is summarized, analyzed, and adjustments (positive and/or negative) are applied as needed to account for underlying differences between each MCO's management of the HealthChoices program. These adjustments can account for items such as, but not limited to, reinsurance, over- or under-reserving of unpaid claims, under/over reporting between sources of data, utilization and unit cost efficiency, risk class structure, and provider contracting relations. After adjusting each MCO's data, each plan's specific medical claim costs is aggregated together to arrive at a set of base data for each rate cell.

Include the Effect of Program/Policy Changes — The Commonwealth occasionally changes the services or populations covered under the HealthChoices program (e.g., an expansion of a new benefit or a restructuring of a currently covered benefit).

Any new, material program/policy changes that were not already reflected in the managed care data are included in the capitation rates by either increasing or decreasing the managed care data by an appropriate adjustment.

Project the Managed Care Base Data Forward — The aggregate base of managed care data is projected forward to the period for which the capitation rates are contracted. Trend factors are used to estimate the future costs and utilization of the services that the covered population would generate in the managed care program. These trend factors normally vary by, but not limited to: major category of service, geographic area, and/or rate cell.

Add Appropriate Non-medical Load — After the base data has been trended to the appropriate period, and adjusted for program/policy changes, a non-medical load will be added to the medical claim cost component to determine the overall capitation rates applicable to each rate cell. The non-medical load can be applied as a percentage of the total capitation rate (e.g., percent of premium revenue) and may or may not vary by rate cell and includes all administrative liabilities expected for the average health plan in the Commonwealth operating the program in an efficient manner.

Add an amount for State/Federal Taxes/Assessments — The final capitation rate, after all other components have been completed, is further adjusted to reflect any legislatively mandated State/Federal taxes and/or assessments. These adjustments are typically applied as a percent of final premium revenue, or an additional fixed amount after non-medical loads are accounted for, and is added to the final capitation rate.

Optional Rate Update — In lieu of rebasing rates on newer experience base data, it is possible to update the prior year's rates for new, material program changes, trend and other adjustments following a similar process outlined above.

### **III. Rate Setting Methodology #3 — Blending of Fee-For-Service and Managed Care Data**

When updated FFS data is unavailable and actual managed care experience first becomes available, capitation rates for the HealthChoices program can be developed on an actuarially sound basis using a blending of both data sources using the following two track approach:

- Project the prior year's rates forward (Track 1),
- Summarize and adjust the managed care data (Track 2),
- Include the effect of new program/policy changes and trend (Track 1 and Track 2),
- Apply credibility factors to each track and blend together,
- Add Appropriate Non-medical Load, and
- Add an Amount for State/Federal Taxes/Assessments.

**Project the Prior Year's Rates Forward (Track 1)** — The first step of Track 1 is to begin with the previous year's capitation rates that were originally developed using historical FFS claims and eligibility data. This data is projected forward to the period for which the new capitation rates are contracted. Trend factors are used to estimate the future costs of the services the covered population would generate under managed care. These trend factors normally vary by major category of service and/or rate cell.

**Include the Effect of New Program/Policy Changes (Track 1)** — In Track 1, any new, material program/policy changes implemented by the Commonwealth or required by the federal government that were not already accounted for in the previous year's rates, are included in the new capitation rates by either increasing or decreasing the rates by an appropriate adjustment.

**Summarize and Adjust the Managed Care Data (Track 2)** — The more recent managed care data is collected from the MCOs, summarized, and analyzed to support rate setting. Adjustments (positive and/or negative) are applied to the managed care data as needed to account for underlying differences between each MCO's management of the HealthChoices program. These adjustments can account for items such as, but not limited to, the collection of TPL/COB, over- or under-reserving of unpaid claims, reinsurance, rebates, management efficiency, and provider contracting relations.

**Include the Effect of Trend and New Program/Policy Changes (Track 2)** — In Track 2, the managed care data is projected forward to the time period the capitation rates are contracted. Trend factors may vary by major category of service, geographic area, or rate cell, and are used to estimate the future costs of the services that the covered population would generate under managed care. Any new program/policy changes that were not already reflected in the managed care

data are included in the rates by either increasing or decreasing the data by an appropriate adjustment.

**Apply Credibility Factors to Each Track and Blend Together** — After separately developing capitation rates using Track 1 and Track 2, the two (2) sets of rates are combined together. This blending involves applying a credibility weight to each track and adding the two (2) components together. The credibility weights may vary between the rate cells.

**Add Appropriate Non-medical Load** — After the base data has been trended to the appropriate time period, and adjusted for program/policy changes, a non-medical load will be added to the medical claim cost component to determine the overall capitation rates applicable to each rate cell. The non-medical load can be applied as a percentage of the total capitation rate (e.g., percent of premium revenue) and may or may not vary by rate cell and includes all administrative liabilities expected for the average health plan in Pennsylvania operating the program in an efficient manner.

**Add an amount for State/Federal Taxes/Assessments** — The final capitation rate, after all other components have been completed, is further adjusted to reflect any legislatively mandated State/Federal taxes and/or assessments. These adjustments are typically applied as a percent of final premium revenue, or an additional fixed amount after non-medical loads are accounted for, and is added to the final capitation rate.

#### **IV. Additional Information on Rate Development**

The reimbursement provided under this contract is intended for Medically Necessary services covered under the Commonwealth's State Plan. The MCO has the option to utilize this reimbursement to provide alternatives to the Medically Necessary services covered under the State Plan in order to meet the needs of the individual enrollee in the most efficient manner. However, an adjustment may be required in the rate development process to ensure that only alternative services approved by the Commonwealth are included.

DHS will provide documentation, upon request, that addresses the actuarial soundness of the rates.

#### **V. Information Sharing with MCOs**

The Commonwealth will annually provide the MCO with certain information on the development of capitation rates, maternity care rates, and risk mitigation premium allowances. This information will include the pieces of information listed below, exclusive of the underlying data used to develop the information. The majority of the numerical data provided will take the form of rating exhibits, variously detailed by geographic rating area, by rate cell, and/or by category of service group. The Commonwealth's commitment to provide data does not

extend to data to which it is not legally entitled. The accuracy of data furnished by the Commonwealth is in some cases dependent on the integrity of data supplied by MCOs. The following items pertain where applicable to all three types of rates indicated above:

- Maternity and non-maternity historical utilization, unit costs and PMPMs reported to the Commonwealth by MCOs, summarized by geographic rating area, by rate cell, and by service group.
- The cost base detailed by utilization, unit costs and PMPMs (as applicable), by rate cell and by category of service group, for each geographic rating area that is utilized by our actuaries, after adjustments to underlying data, with the maternity data used to develop case rates provided separately from the remaining non-maternity costs used to produce the capitation rates. The Commonwealth will also provide a text explanation of the adjustments applied to underlying data to develop the cost base.
- Information on, and the value of, program-wide adjustments.
- A review of the method employed by the Commonwealth's actuaries to produce the final "best estimate" rates, along with a text explanation of how the ends of the actuarially sound rate range were determined.
- Information on, and the value of, adjustments to capitation rates specific to changes in the HealthChoices program or the Commonwealth's Medicaid program, by rate cell and/or service category.
- Historic and projected member counts, by geographic rating area and rate cell that have been used for purposes of rate development and comparison of rates.
- Average PMPM trend rates by rate cell and by service group used by the actuaries in each HealthChoices zone to project future costs.
- The amount of each rate that is intended to provide funding for administrative costs and profit collectively.
- The lower end, "best estimate," and upper end of the range of actuarially sound rates determined by the Commonwealth's actuaries for each rate cell.

- A description of non-HealthChoices data sources considered in the course of rate development, along with comment on the applicability to HealthChoices.

The Commonwealth will provide this information in advance of discussions with the MCOs. DHS may provide the MCO, upon request, documentation that addresses the actuarial soundness of the rates.

The Commonwealth may elect to not provide information, as it deems appropriate, in advance of any HealthChoices rate bids that might be required from MCOs, should the Commonwealth resume the use of a rate bidding process for the HealthChoices program.

## **VI. Methodology to Determine High Cost Risk Pool (HCRP) Amount(s) (Where Applicable)**

The amount that is attributable to a risk pool is the portion of the capitation rates used to fund a risk pool based on an analysis of data (FFS or managed care) from the population and services covered, as well as the design of the HCRP (e.g., threshold levels). This data is considered the primary source of information for developing the risk pool amounts which may vary by rate cell. Since any one (1) year may reflect unusual occurrences, when available, multiple years of information may be reviewed and combined together. Since the data is generally historical in nature and risk pool(s) are applicable to the future capitation rates, the data must be trended and adjusted as necessary to coincide with the period in which the rates are contracted. These trends are estimates of the future costs and utilization of services provided. Given the programs' narrow specificity of risk and high per recipient cost, total risk pool costs may fluctuate substantially from year to year.

## **VII. Methodology to Determine Risk Sharing Amount(s)**

The amount that is applicable to a risk sharing program is the portion of the capitation rates used to fund the risk sharing program based on an analysis of data (FFS or managed care) from the population and services covered by the risk sharing program. This data is considered the primary source of information for developing the risk sharing amounts which may vary by rate cell. Since any one year may reflect unusual occurrences, when available, multiple years of information may be reviewed and combined together. Since the data is generally historical in nature and the risk sharing amounts are applicable to the future capitation rates, the data must be trended and adjusted as necessary to coincide with the period in which the rates are contracted. These trends are estimates of the future costs and utilization of services provided. Given the programs' narrow specificity of risk and high per recipient cost, total risk sharing costs may fluctuate substantially from year to year. However, over a period of several years, the risk sharing amount is expected to be equivalent to the amount paid by the Commonwealth in risk sharing claims (i.e., budget neutral).

## APPENDIX 3h

### **MEDICAL LOSS RATIO REPORTING AND REMITTANCE REQUIREMENTS**

This appendix establishes requirements for the PH-MCO's responsibility to calculate and report their medical loss ratio (MLR) to the Department consistent with the 2016 Medicaid/CHIP Managed Care Final Rule requirements at 42 CFR §438.8. This appendix also establishes a requirement for remittance to the Department.

The reporting requirements apply collectively to all Agreements the PH-MCO has with the Department to operate Physical Health (PH) HealthChoices (HC) programs during a CY. The PH-MCO must provide one report inclusive of all zones, rating periods and Agreements within a CY. The PH-MCO must not include revenue or costs that are not specific to the PH HC program.

#### **I. Timing**

The PH-MCO must submit the annual MLR report to the Department by November 30 of the following CY.

#### **II. MLR Reporting Year**

Consistent with 42 CFR §438.8, the MLR reporting year is a 12-month period that aligns with the Department's PH HC rating period. The Department's current, standard rating period is a 12-month CY.

#### **III. Contents of Annual MLR Report**

The PH-MCO is to submit their MLR report containing at least the information outlined herein for the current MLR reporting year, consistent with the requirements in 42 CFR §438.8(k) or subsequently modified by CMS. The Department reserves the right to request additional information and/or require the use of a MLR report template.

1. Total incurred claims (including fraud reduction efforts)
2. Expenditures on quality improving activities
3. Expenditures on fraud prevention activities (not applicable)
4. Non-claim costs
5. Premium revenue
6. Premium related taxes, licensing, and regulatory fees
7. Methodologies for allocation of expenditures
8. Any credibility adjustment applied

9. The calculated MLR (including numerator and denominator)
10. Any remittance potentially owed to the Department
11. A comparison of the MLR report information to the PH-MCO's audited financial report(s)
12. The number of member months
13. A description of the aggregation method used to aggregate data for all Medicaid eligibility groups covered under this Agreement

#### **IV. New HealthChoices PH-MCOs**

The Department, at its discretion, may exclude a PH-MCO that did not previously have a HC Agreement from these requirements for the first year of the PH-MCO's HC operations. However, the new PH-MCO will be required to comply with these requirements during the next MLR reporting year even if the first year of operations was not a full 12 months. For example, if a PH-MCO is new on July 1, 2022, the Department may exclude the new PH-MCO from completing and submitting the CY 2022 MLR report. The new PH-MCO will be required to complete the subsequent CY 2023 MLR report. If a PH-MCO exits HC, a report will still be required, even if it is less than twelve months of experience.

#### **V. MLR Numerator and Denominator**

Detail of what is included and how the MLR numerator and denominator are computed can be found in 42 CFR §438.8(e) and (f) respectively. If an expenditure related to Social Determinants of Health is an "activity that improves health care quality" as specified in 42 CFR § 438.8(e)(3), the PH-MCO may include the costs in the numerator of the MLR. The PH-MCO is expected to comply with any additional requirements, guidance or instructions released by CMS that relate to the computation of the MLR as required in 42 CFR §438.8.

#### **VI. Aggregate Medicaid Eligibility Groups**

The Department requires the PH-MCO's MLRs and MLR report to be calculated for two aggregated groups: Newly Eligibles and all other populations. These two aggregated groups must represent all HC Medicaid/Title XIX rate cells/populations and rating regions/zones combined that are covered under the HC Agreements.

#### **VII. Credibility Adjustment**

Per 42 CFR §438.8(h), the PH-MCO may add a credibility adjustment to the reported MLRs per Aggregate Medicaid Eligibility Group in section VI of this appendix if the PH-MCO has sufficient member months to be partially credible, but not enough member months to be fully credible. The credibility adjustment is required for any remittance calculations. CMS will publish the table of credibility adjustments to be used. Fully credible plans may not use a credibility adjustment.

#### **VIII. Remittance**

Per 42 CFR §438.8(c) the Department has chosen a minimum MLR of 85.00 percent (85.00%). The Department will require a remittance in accordance with

42 CFR §438.8(j) for each Aggregate Medicaid Eligibility Group listed in section VI above. Settlement of any remittance obligation will be due 75 calendar days after the Department has issued a remittance notification to the PH-MCO.

**IX. Newly Eligibles**

For purposes of this Appendix, Newly Eligibles are defined as Members who have a category of assistance/program status code combination of MG91 and Members age 19 and 20 who have a category of assistance/program status code combination of MG90.

**X. Attestation**

The PH-MCO must provide an attestation of the accuracy of the information provided in their submitted MLR report as required in 42 CFR §438.8(n) and consistent with 42 CFR §438.606. The attestation is due on the report due date.

**XI. Sub-Regulatory Guidance and Capitation Adjustments**

These requirements are subject to change as CMS releases sub-regulatory guidance. If there are retroactive capitation adjustments these MLR reports may need to be updated. For more information about MLR calculations, please see 42 CFR §438.8.

**XII. Continuation**

If CMS issues regulation that revises or replaces the citations in this appendix, the revised or replacement citations will apply.

## **APPENDIX 3k** **HIGH COST RISK POOL**

### **Overview**

The Department will establish, administer, and distribute funds from three quarterly High Cost Risk Pools (HCRP).

Each quarterly risk pool will be funded through High Cost Risk Pool Allowance Amounts (HCRPAA). HCRPAAs are contained in Appendix 3f and provide for different amounts by zone and Medicaid Eligible Group (MEG). The Department will utilize encounter data or files submitted by the PH-MCO with information on high cost Members during the Experience Period (defined below). After repricing inpatient encounters, to the amount the Department would have paid, the Department will sum the amount spent by each PH-MCO in excess of the HCRP Threshold on each Member in each of three MEGs, defined below, for the Experience Period. The Department will distribute the funds in the HCRP in proportion to each PH-MCO's adjusted expenditures in excess of the HCRP Threshold for all Members included in each risk pool for the Experience Period. The Department's payment to each PH-MCO will be net of the PH-MCO's HCRPAA obligation for the Quarter. If the PH-MCO's HCRPAA obligation exceeds its share of the HCRP, the Department will reduce a subsequent payment to the PH-MCO by the amount of the difference.

### **High Cost Risk Pool Quarters**

A High Cost Risk Pool Quarter (Quarter) is defined as a calendar quarter unless the HealthChoices program period covered by this Agreement ends mid-quarter. In this event, the last High Cost Risk Pool Quarter will begin on the first day of the next-to-last calendar quarter and end on the last day of the program period covered by this Agreement. Example: The program period covered by this Agreement ends May 31, 2022. The last High Cost Risk Pool Quarter begins January 1, 2022, and ends May 31, 2022.

### **Medicaid Eligible Group (MEG)**

The Department will administer one risk pool per Quarter per HealthChoices zone for each of the three defined MEGs:

- TANF – which is inclusive of Members with TANF and MAGI Medical Assistance (MA) eligibility. Newly Eligible Members with eligibility as identified in the Newly Eligible MEG below are excluded from the TANF MEG.  
Disabled – which is inclusive of Members with SSI, Healthy Horizons, Breast and Cervical Cancer, Other Disabled MA eligibility, and Members aged twenty-one (21) or older having MAGI MA eligibility under program status code 90. Newly Eligible Members with eligibility as identified in the Newly Eligible MEG below are excluded from the Disabled MEG.
- Newly Eligible - which is inclusive of Members having eligibility under MAGI MA eligibility with program status code 91 aged between nineteen through sixty four (19-64) and Members aged nineteen through twenty (19-20) with program status code 90.

Members under age one (1) are excluded from all MEGs of this risk pool.

### **Members in an IMD**

Provisions for Members aged twenty-one through sixty-four (21 – 64) residing in a free-standing IMD at least 16 days during the calendar month and the Member's condition is not related to Substance Use Disorder (SUD) are outlined below:

- Effective January 1, 2020, the Department will apply the HCRPAA on a per-diem basis and include any claim with a date of service within a calendar month for those days in which the Member is both enrolled in the MCO and not residing in the IMD and the provision of inpatient psychiatric treatment in an IMD meets the requirements for *in lieu of services* in 42 CFR 438.3 (e) (2)(i) through (iii).

For acute care inpatient hospital claims, the discharge date will count as the date of service for the purpose of this paragraph.

### **HCRP Threshold**

The HCRP Threshold is \$80,000.

### **PH-MCO Inclusion/exclusion**

A PH-MCO will participate in a zone's quarterly HCRP if both of the criteria below are met:

- The Department has made or will make Capitation payments to the PH-MCO for this HealthChoices zone under this HealthChoices Agreement for all months during the High Cost Risk Pool Quarter; and
- The Department has made or will make Capitation payments to the PH-MCO under this HealthChoices Agreement or any other HealthChoices Agreement for this HealthChoices zone for all of the twelve months prior to the High Cost Risk Pool Quarter. These twelve months constitute the Experience Period.

The Department will deem this criterion to have been met if it was met by the PH-MCO or by a PH-MCO that operated in the same HealthChoices zone (“Previous PH-MCO”) if one of the following criteria is met:

- The current PH-MCO purchased the assets or liabilities of the Previous PH-MCO; or
- The Department transferred substantially all of the Members enrolled in the Previous PH-MCO, who did not make a different choice, to the current PH-MCO.

If the PH-MCO does not meet the criteria for inclusion in a zone’s quarterly HCRP, then:

- The PH-MCO has no HCRPAA obligation for that Quarter for that zone; and
- The PH-MCO has no opportunity to receive a distribution from that zone’s quarterly HCRP; and
- The PH-MCO will not be required to contribute to that quarterly zone’s HCRP through a reduction to a subsequent payment.

The Department will determine each Quarter which PH-MCOs meet the criteria for inclusion in that Quarter’s HCRPs.

### **Calculation of Quarterly Funds in each Zone’s Risk Pool**

Appendix 3f provides HCRPAAs. After each Quarter has ended, the Department will determine the sum of the PH-MCO’s HCRPAA obligation for the Quarter for each MEG, by multiplying the HCRPAA by the number of Member Months included in the PH-MCO during the High Cost Risk Pool Quarter (not the Experience Period). The Department will use membership data compiled as of one date, for the purpose of determining each PH-MCO’s HCRPAA obligation, for the Quarter. The Department will provide documentation to the PH-MCO related to their Quarterly HCRP distribution amounts.

The sum of the HCRPAA obligation of every PH-MCO will be the total amount allocated to each HCRP for that Quarter.

### **Covered Services**

All medical claims paid by the PH-MCO for a medical product or service received by an enrolled Member during the Experience Period, with the following exceptions:

- Any product or service provided to Members under age one (1).
- Any product or service covered under the Department’s other risk mitigation arrangements including, but not limited to:
  - Home Nursing Risk Sharing (Appendix 3c)
  - Under Age One Risk Sharing (Appendix 3p)
  - Home Accessibility Risk Sharing (Appendix 6)

The Department will apply the same criteria if it elects to use the PH-MCO’s submitted files at its request in lieu of encounter data.

### **Experience Period**

The Experience Period is defined as the twelve months that ended the day before the Quarter for which HCRPAAs are allocated to the quarterly risk pools.

The Experience Period defines the dates that Covered Services are provided to Members, not the dates claims are paid.

The discharge date on an inpatient claim determines PH-MCO eligibility for inclusion in an Experience Period.

### **Data Source**

Unless the Department has informed the PH-MCO that it has determined a need to use a different data source, the Department will utilize the Department’s MMIS approved encounter data to administer the steps outlined in this Appendix, and to determine the adjusted amount each PH-MCO paid in excess of the HCRP threshold for each Member for Covered Services provided during the Experience Period. The Department will extract encounter data at least 7 months after the last day in the Experience Period.

Upon notification by the Department, the PH-MCO will submit files in a format determined by the Department for the administration of the risk pools in lieu of encounter data.

For purposes of risk pool allocation, the Department will utilize information on Members whose costs exceed the HCRP Threshold during the Experience Period, after repricing

and other adjustments. Interim encounters for acute care inpatient services (Provider Type and Specialty of 01/010) are excluded.

Covered Service cost for the Experience Period will be included in total for each Member exceeding the threshold in only one MEG's risk pool. The MEG for the Member will be determined based on the category and program status code in the last monthly capitation payment made to the PH-MCO within the Experience Period.

### **Inpatient Hospital Repricing**

The Department will reprice each acute care inpatient hospital encounter to the amount the Department would have paid for the discharge, except where a repriced amount is not able to be determined.

The Department will send the PH-MCO a file that shows the repriced amount for each inpatient hospital claim.

If the PH-MCO is required to submit a data file in lieu of use of encounter data, the PH-MCO must submit all necessary data fields so that inpatient claims can be repriced. Failure to submit the necessary fields may result in exclusion of inpatient claims from the HCRPs.

### **Quarterly Distributions**

The Department will utilize the Department's MMIS approved encounter data to administer the steps outlined in this Appendix, and to determine the adjusted amount each PH-MCO paid in excess of the HCRP Threshold, for each Member, for Covered Services provided, during the Experience Period. These steps will be separately applied for the risk pool for each MEG. The PH-MCO-specific sum will be the numerator in the calculation, for the risk pool distribution. The denominator will be the applicable sum for all PH-MCOs in the HealthChoices zone. The resulting percentage figure will be multiplied by the amount in the risk pool. The PH-MCO's uncollected HCRPAA obligation for the Quarter will be subtracted from this amount. If the result is a positive number, the Department will pay the amount to the PH-MCO. If the result is a negative number, the Department will reduce a subsequent payment to the PH-MCO by this amount.

The Department will notify PH-MCOs of information related to the quarterly distribution amounts resulting from this HCRP Arrangement at least 60 days after the Department's extraction of encounter data.

### **Early Payment of a PH-MCO's HCRPAA Obligation**

If the Department notifies the PH-MCO of termination of this HealthChoices Agreement; OR if the PH-MCO notifies the Department of termination of this HealthChoices Agreement; OR if this Agreement expires within four months; OR if the PH-MCO fails to submit a required report or file to support the administration of this risk pool arrangement within fifteen work days of the final due date:

- The Department may elect to reduce a subsequent monthly capitation payment by the total amount of the outstanding HCRPAA obligation for current and previous program months; AND
- The Department may reduce each subsequent monthly capitation payment by the PH-MCO's HCRPAA obligation for the same month.

**APPENDIX 3m**

**MCO ASSESSMENT**

The PH-MCO will provide MCO Assessment reports and make payments as directed by the Department in accordance with Act 92 of 2015 (62 P.S. § 801-I, et. seq).

The Department will make an Annual MCO Assessment Payment to the PH-MCO no later than June 5 of each year. The Department will not make the payment if the PH-MCO has no obligation to make an MCO Assessment payment on its HealthChoices membership for the April – June calendar quarter of the same year. The Department will calculate the payment amount as follows for the zone covered by this Agreement:

	The MCO Assessment fee amount per person provided by statute or as adjusted by the Secretary in accordance with 62 P.S. § 803-I, if applicable, as of March 1 of the same year
MULTIPLIED BY	The number of Members enrolled in the PH-MCO on any one or more days in February of the current year per the Department's records in March
MULTIPLIED BY	Three
EQUALS	The Department's Annual MCO Assessment Payment obligation amount to the PH-MCO

The Department will reduce payment(s) made to the PH-MCO in July of the same year by the amount of the Department's payment obligation amount to the PH-MCO per this Appendix for this year.

## APPENDIX 3p

### **RISK SHARING ARRANGEMENT FOR MEMBERS UNDER AGE ONE**

This Agreement establishes a risk sharing arrangement (Arrangement) between the Department and the PH-MCO for each HealthChoices Member who has not attained their first birthday.

#### **I. Arrangement Years**

- A. Arrangement Years are equivalent to calendar years. Exception: If the PH-MCO does not operate a HealthChoices program in a zone under this or any other HealthChoices Agreement throughout the complete calendar year, then the Arrangement Year consists of the portion of the year in which the PH-MCO operates the program. Each Arrangement Year serves as an accumulation period for incurring costs for Covered Services.
- B. An Arrangement Year includes all portions of a calendar year that the PH-MCO operates a HealthChoices program under this Agreement or another Agreement. If there is more than one Agreement in the calendar year, the terms for the Department's payments included in the more recent Agreement apply in the event of a conflict in terms.
- C. If the PH-MCO has purchased the assets or liabilities of a PH-MCO that previously contracted with the Department to operate a HealthChoices program in the same zone ("Previous PH-MCO"); or if the Department transferred the Members enrolled in the Previous PH-MCO, who did not make a different choice, to the current PH-MCO; then the Department will allow the PH-MCO to include claims paid by the Previous PH-MCO with dates of service in the current Arrangement Year, provided the Previous PH-MCO relinquishes any claims to revenue under the Risk Sharing Arrangement for members Under Age One, for dates of service that overlap with the current Arrangement Year.

#### **II. Covered Members**

This Arrangement covers each Member who has not attained their first birthday. The Member is covered from birth through the day prior to their first birthday unless otherwise specified under IV. E. in this Arrangement.

### **III. Covered Services**

All medical claims paid by the PH-MCO for a medical product or service received by an enrolled Under Age 1 Member during the Arrangement Year unless otherwise specified under IV. E. in this Arrangement.

### **IV. Risk Sharing**

- A. In each Arrangement Year, the PH-MCO is responsible for the first \$25,000 (Threshold Amount) in paid amounts of Covered Services provided to each Member.
- B. The Department will reimburse the PH-MCO seventy five percent (75.0%) of Covered Services (net of third party liability/other insurance) submitted by the PH-MCO that are greater than \$25,000.
- C. A new Threshold Amount applies at the beginning of each Arrangement Year.
- D. If the Member moves to a different HealthChoices zone and is covered by the same PH-MCO, a new Threshold Amount does not apply.
- E. All amounts paid by the PH-MCO to a hospital for an admission are counted as of the admission date, which might be the date of birth, and are limited to admissions where the admission is before the first birthday and discharge occurs on or before the date of the Member's second (2<sup>nd</sup>) birthday. Admissions, where admission is after the first birthday, or discharge occurs after the Member's 2<sup>nd</sup> birthday, will be counted in the appropriate HealthChoices zone High Cost Risk Pool per Appendix 3k. The Department will not cover interim hospital claims as part of this Arrangement.

F.

Only the PH-MCO's payment to the hospital and any medications dispensed and billed separately to the PH-MCOs by that same hospital's pharmacy during the dates of that Member's admission will be included in this Arrangement as part of the Member's Covered Services per IV.E above.

### **V. Under Age One Risk Sharing Allowance Amounts**

- A. The Under Age One Risk Sharing Allowance amounts are an obligation of the PH-MCO to the Department. These amounts are specified in Appendix 3f.

- B. The Department will determine the Under Age One Risk Sharing Allowance Amounts obligation by multiplying the Under Age One Risk Sharing Allowance amount by the applicable Member months for all members covered by the Arrangement.

## **VI. Data Source**

- A. The Department will use Pennsylvania MMIS approved encounter data to identify those claims eligible for risk sharing, unless the Department notifies the PH-MCO that it will use different data. The Department will extract Pennsylvania MMIS approved encounter data based on a schedule as determined by the Department.
- B. Interim encounters for acute care inpatient services (Provider Type and Specialty of 01/010) are excluded.
- C. Upon notification by the Department, the PH-MCO will submit files in a format determined by the Department for the administration of the risk sharing in lieu of encounter data.

## **VII. Distributions**

The Department will perform at least two settlements for each Arrangement Year. The Department will use encounter data or other data that is timely available for processing prior to each settlement date. The Department will notify the PH-MCO of the settlement amount and provide documentation by the settlement date as provided below. The PH-MCO's uncollected Under Age 1 Risk Sharing Allowance amounts as specified in Appendix 3f will be subtracted from the settlement amount. If the result is a positive number, the Department will pay the amount to the PH-MCO. If the result is a negative number, the Department will reduce a subsequent payment to the PH-MCO by this amount. Settlement distributions will take place within thirty days of each of the settlement notifications.

- A. The initial settlement will be completed by the Department at least twelve (12) months after the end of the Arrangement Year. This settlement will include encounter data experience for the entire Arrangement Year with data cutoff dates determined by the Department and prior to the initial settlement date.
- B. The final settlement will be completed at least eighteen (18) months after the end of the Arrangement Year. This settlement will include experience for the entire Arrangement Year and will be net of the initial settlement for the same Arrangement Year.

- C. The Department will provide the PH-MCOs notification of the dates of the data extractions related to the settlements above.

If the Department notifies the PH-MCO of cancellation of this HealthChoices Agreement; OR if the PH-MCO notifies the Department of cancellation of this HealthChoices Agreement; OR if this Agreement expires within four months; OR if a PH-MCO fails to submit a required report or file to support the administration of a risk pool or risk sharing arrangement within fifteen work days of the final due date:

- The Department may elect to reduce a subsequent monthly capitation payment by the total amount of the outstanding Under Age One Risk Sharing Allowance Amounts obligation for current and previous program months; AND
- The Department may reduce each subsequent monthly capitation payment by the PH-MCO's Under Age One Risk Sharing Allowance Amounts obligation for the same month.

## APPENDIX 6

Each Arrangement Year serves as an accumulation period for incurring costs for Covered Services.
- B. An Arrangement Year includes all portions of a calendar year that the PH-MCO operates a HealthChoices program in each zone under this Agreement or another Agreement. **APPENDIX 14**

**APR/DRG ADJUSTMENT**  
**INPATIENT ACUTE CARE SERVICES**

- B. An Out of State acute care hospital that provides inpatient acute care services to a PH-MCO’s Members.

**II. Funding by the Department to the PH-MCO**

The rates in Appendix 3f include an APR Adjustment component. The APR Adjustment component is specified in the chart below. The APR Adjustment component is subject to the same risk adjustment as the rates included in Appendix 3f.

The amount of the payment will be calculated as follows:

Step #1. The Department will determine the number of Member Months, for each Rate Cell and Rate Region combination, for which it paid a capitation payment to the PH-MCO for the January program month. The result will be referred to as Schedule A.

Step #2. The Department will multiply each APR Adjustment component above by the appropriate RAR MCO Plan Factor that the Department has promulgated to the PH-MCO for the January program month. The result will be referred to as Schedule B. If no RAR MCO Plan Factor is applicable, the APR Adjustment component above will be used to populate Schedule B.

Step #3. The Department will multiply each amount in Schedule A by the corresponding amount in Schedule B and sum the results. This sum will then be multiplied by three (3). The product of this calculation will be the total amount of the payment to the PH-MCO.

## APPENDIX 18

### COVID-19 VACCINE NON-RISK ARRANGEMENT

This Appendix establishes a Non-Risk Arrangement for the coverage and administration of COVID-19 vaccines, in accordance with 42 CFR 447.362. This Appendix will only become effective in the event that at least one COVID-19 vaccine is developed and becomes the financial responsibility of the PH-MCO during the January 1, 2021 to December 31, 2021 and January 1, 2022 to December 31, 2022 calendar years. Each calendar year is equal to an Arrangement Year.

For each Arrangement Year, the following terms shall apply:

#### **I. Covered Population**

Any Member that is eligible to receive a COVID-19 vaccine and is enrolled with the PH-MCO during the Arrangement Year is potentially eligible for this Arrangement. To be included in this Arrangement, a Member must have received a covered COVID-19 vaccine during the Arrangement Year.

#### Members in an IMD

Provisions for Members aged twenty-one through sixty-four (21 – 64) residing in a free-standing IMD at least 16 days during the calendar month and the Member's condition is not related to Substance Use Disorder (SUD) are outlined below:

- Effective January 1, 2020, the Department will include any claim with a date of service within a calendar month for those days in which the Member is both enrolled in the MCO and not residing in the IMD and the provision of inpatient psychiatric treatment in an IMD meets the requirements for *in lieu of services* in 42 CFR 438.3 (e) (2)(i) through (iii).

#### **II. Covered Services**

Covered Services for this Arrangement will include any COVID-19 vaccine, as well as the associated cost to administer the vaccine, that ultimately becomes the financial responsibility of the PH-MCO during the Arrangement Year. Only vaccines to specifically address COVID-19 will be included. To be eligible for this Arrangement, COVID-19 services which include the vaccines and the administration must be eligible for reimbursement under the MA Fee-for-Service program. The Non-Risk Arrangement only applies to Covered Services with dates of service during the Arrangement Year.

### **III. Quarterly Payment Process**

There will be quarterly payments. Each payment will include covered services paid by the PH-MCO for dates of service beginning with the start date of the Non-Risk Arrangement and limited to not more than 18 months prior to the end of the payment quarter. The payment for each covered service will be the lesser of the amount paid by the PH-MCO or the MA Allowed Amount. Each payment will exclude any claim that was included in a prior quarter's payment. The Department will provide the PH-MCO with the payment amount, and documentation not later than the last workday of the fourth month after the end of the quarter. The Department will utilize the Department's MMIS approved encounter data for the purpose of calculating payments for this Non-Risk Arrangement at least 75 days after the last day in the quarter.

If the PH-MCO does not operate a HealthChoices program in a zone under this Agreement throughout the complete quarter, then the payment quarter consists of the portion of the quarter in which the PH-MCO operates the program under this Agreement.

If the PH-MCO has purchased the assets or liabilities of a PH-MCO that previously had an Agreement with the Department to operate a HealthChoices program ("Previous PH-MCO"); or if the Department transferred the Members enrolled in the Previous PH-MCO, who did not make a different choice, to the current PH-MCO; then the Department will include claims paid by the Previous PH-MCO.

### **IV. Transportation Expenses Paid by the PH-MCO**

The Department will reimburse the PH-MCO for the paid expenses the PH-MCO made for transportation to and from Covered Services for the Covered Population. This reimbursement is limited to the Member's case county's transportation trip rate. The Department will provide to the PH-MCO a transportation trip rate schedule including the maximum per trip transportation reimbursement amount for each county for each quarter covered by this Arrangement.

Where a Member in the Covered Population currently receives transportation to and from medical services under the Medical Assistance Transportation Program (MATP), the PH-MCO shall refer the Member to the MATP prior to the PH-MCO paying for the transportation to and from the Covered Services. The PH-MCO can reimburse the transportation expenses to and from the Covered Services when the MATP covered Member receives notice from the MATP provider that they are not eligible to receive MATP transportation to and from the Covered Services.

The PH-MCO must submit to the Department a quarterly invoice that includes the amount the PH-MCO paid for transportation expenses to and from Covered

Services for the Covered Population during each calendar quarter. The Department will limit transportation expenses included on each quarterly invoice to the maximum per trip transportation reimbursement amount shown on that quarter's transportation trip rate schedule. When necessary, the Department will apply an adjustment to the quarterly invoice to limit the reimbursement to the maximum per trip transportation reimbursement amount based on each Member's case county for transportation to and from each Covered Service for the Covered Population.

The quarterly invoice must be in the format approved by the Department and must be submitted on a frequency determined by the Department.

The Department will verify the quarterly invoice and confirm that the transportation expense paid by the PH-MCO and included on the quarterly invoice were for transportation to and from Covered Services for the Covered Population. If the Department requests supporting documentation, the PH-MCO must submit the requested documentation within 15 business days.

The Department will notify the PH-MCO in writing of transportation expenses that cannot be confirmed. The PH-MCO shall submit within 45 calendar days from the date of the written notification additional documentation to the Department which would allow the Department to confirm the transportation expense paid by the PH-MCO was for transportation to and from Covered Services for the Covered Population. The Department will issue a final written notification on transportation expenses that cannot be confirmed, and the Department will apply an adjustment to reduce the quarterly invoice by that same amount.

The Department will make a separate payment to the PH-MCO in the amount of the quarterly invoice less any applicable adjustments through the gross adjustment process.

Administrative expenses incurred by the PH-MCO for transportation to and from Covered Services for the Covered Population will not be reimbursed under this Appendix.

Member's having a case county of Philadelphia are excluded from reimbursement under this Section IV. PH-MCO must refer the Members needing transportation to Covered Services to Philadelphia County's MATP broker.

## **V. CMS Requirements**

This Arrangement shall comply with all applicable CMS requirements and regulations pertaining to non-risk arrangements and is subject to the CMS regulations for payments under non-risk managed care contracts at 42 CFR 447.362. Payments to the PH-MCO are contingent upon CMS approval and participation of federal matching funds. The PH-MCO agrees to provide DHS any supporting information or data that may be required to respond to CMS questions

about this Arrangement. The PH-MCO agrees to perform under the terms of this Appendix beginning on the effective date of this Appendix pending CMS approval. In the event that CMS rejects this Appendix, the parties shall work in good faith to propose an alternate arrangement to CMS within twenty (20) business days of notification of rejection by CMS. In the event that the parties fail to negotiate an acceptable proposed alternative within the twenty-day period specified herein, or in the event that CMS does not accept the alternative jointly submitted by the Parties pursuant to this paragraph, all obligations under this Appendix are immediately terminated without further recourse from either party. No payment obligation under this Arrangement shall arise prior to CMS approval of this Appendix.

## **EXHIBIT B(1)**

### **MCO PAY FOR PERFORMANCE**

This Exhibit B(1) defines a potential payment obligation by the Department to the PH-MCO for Quality Performance Measures achieved per HEDIS<sup>®</sup> as defined below. This Exhibit is effective only if the PH-MCO operates a HealthChoices program in this HealthChoices zone under this Agreement in the month of December 2022. If the PH-MCO does not operate a HealthChoices program in this HealthChoices zone under this Agreement in the month of December 2022 the Department has no payment obligation under this Exhibit.

This Exhibit supplements but does not supplant Exhibits that provide for Pay for Performance (P4P) and incorporate different dates in Section II. below.

#### **I. Quality Performance Measures**

For 2022, the Department selected ten (10) HEDIS<sup>®</sup> and two (2) Pennsylvania Performance Measure (PAPM) as quality indicators (representing MY 2021 data) for the MCO P4P program. The Department chose these indicators based on an analysis of past data indicating the need for improvement across the HealthChoices Program as well as the potential to improve health care for a broad base of the HealthChoices population. The twelve (12) quality indicators are:

##### HEDIS<sup>®</sup>

1. Comprehensive Diabetes Care: HbA1c Poor Control (>9.0%)
2. Controlling High Blood Pressure
3. Prenatal Care in the First Trimester
4. Postpartum Care
5. Well-Child Visits in the First 15 Months
6. Child and Adolescent Well-Care Visits (Total)
7. Annual Dental Visit (Ages 2 – 20 years)
8. Asthma Medication Ratio
9. Lead Screening in Children
10. Plan All Cause Readmissions – Count of Observed 30-Day Readmissions

##### PAPM

1. Developmental Screening First Three Years of Life
2. Maternal Home Visiting

The MCO P4P Program measures Benchmark Performance and Improvement Performance. The PAPM measure, Developmental Screening First Three Years of Life, will be eligible for a performance goal and an Improvement Performance component. While this measure does not have a national benchmark, the measure value will be calculated the same as HEDIS measures in the benchmark performance, Section I. A., below.

NOTE: The MCO P4P measures are subject to change due to NCQA specifications.

**A. Benchmark Performance:** The Department will award a Benchmark Performance payout amount for each measure in Section I. that will range from 0% up to and including 125% of the measure's value. The PH-MCO's Maximum Program Payout amount is equivalent to 43% of the sum of the amounts defined in Section II. below divided by twelve (12) (consisting of eleven (11) quality indicators with Annual Dental Visit counted twice). The Department will make Benchmark Performance payouts for performance relative to the HEDIS<sup>®</sup> MY 2021 benchmarks, for all measures excluding Developmental Screening First Three Years of Life. A goal has been set for Developmental Screening First Three Years of Life (see Section I.A.3.) If the PH-MCO's HEDIS MY 2021 performance rate is below the 50<sup>th</sup> Percentile Benchmark, the Department will implement a 75% off-set. The Department will distribute the payouts according to the following criteria:

1. All HEDIS<sup>®</sup> Measures

- HEDIS<sup>®</sup> MY 2021 rate at or above the 90<sup>th</sup> percentile benchmark: 125 percent of the measure value.
- HEDIS<sup>®</sup> MY 2021 rate at or above the 75<sup>th</sup> percentile and below the 90<sup>th</sup> percentile benchmark: 100 percent of the measure value.
- HEDIS<sup>®</sup> MY 2021 rate at or above the 50<sup>th</sup> percentile and below the 75<sup>th</sup> percentile benchmark: No payout.
- HEDIS<sup>®</sup> MY 2021 rate below the 50<sup>th</sup> percentile benchmark: -75 percent offset

2. Annual Dental Visit Performance Only

- The Benchmark Performance measure value applicable to Annual Dental Visit Performance is equal to double the Benchmark Performance measure value (as identified in Section I.A.).
- The -50% off-set will be applied to double the Benchmark Performance measure value (as identified in Section I. A.).

3. Developmental Screening First Three Years of Life

- Performance goal at or above 57.00 percent (57.00%): 100 percent of the measure value.
- Performance goal below 57.00 percent (57.00%): No payout

4. **Benchmark Bonus Bundles:** The Department will award a Benchmark Bonus Bundle payment for two groups of measures in the current MCO P4P model. If a bundle payment is earned this payment method will apply in addition to I.A.

The first bundle is the Perinatal and Infant Bundle. The measures in this bundle are:

- Prenatal Care in the First Trimester
- Postpartum Care, and
- Well-Child Visits in the First 15 Months

The second bundle is the Child and Adolescent Well Care Bundle. The measures in this bundle are:

- Child and Adolescent Well Care Visits (Total) and
- Lead Screening in Children

a. Perinatal and Infant Bundle:

- If the rate for Prenatal Care in the First Trimester, Postpartum Care and Well-Child Visits in the First 15 Months is  $\geq 90^{\text{th}}$  percentile benchmark: 130% of the measure value payout for each measure.
- If the rate for Prenatal Care in the First Trimester, Postpartum Care and Well-Child Visits in the First 15 Months is  $\geq 75^{\text{th}}$  percentile benchmark: 115% of the measure value payout for each measure.
- If a rate achieved is  $\geq 50^{\text{th}}$  percentile benchmark or below: No bonus payout will be issued.

NOTE: If one or more of the measures in the bundle achieves a  $\geq 75^{\text{th}}$  percentile benchmark and another measure(s) achieves a  $\geq 90^{\text{th}}$  percentile benchmark, the measure(s) that achieved the  $\geq 75^{\text{th}}$  percentile benchmark will receive 115% of the measure value payout, while the measure(s) that achieved a  $\geq 90^{\text{th}}$  percentile benchmark will receive 130% of the measure value payout.

b. Child and Adolescent Well Care Bundle:

- If the rate for Child and Adolescent Well Care Visits (Total) and Lead Screening in Children are  $\geq 90^{\text{th}}$  percentile benchmark: 130% of the measure value payout will be issued for each measure.

If the rate for Child and Adolescent Well Care Visits (Total) and Lead Screening in Children are  $\geq 75^{\text{th}}$  percentile benchmark: 115% of the measure value payout will be issued for each measure.

- If the rate achieved for any of the measures is  $\geq 50^{\text{th}}$  percentile benchmark or below: No bonus payout will be issued.

NOTE: If one or more of the measures in the bundle achieves a  $\geq 75^{\text{th}}$  percentile benchmark and another measure(s) achieves a  $\geq 90^{\text{th}}$  percentile benchmark, the measure (s) that achieved the  $\geq 75^{\text{th}}$  percentile benchmark will receive 115% of the measure value payout, while the other measure(s) that achieved a  $\geq 90^{\text{th}}$  percentile benchmark will receive 130% of the measure value payout.

**B. Improvement Performance:** The Department will award an Improvement Performance payout amount for each measure in Section I. that will range from 0% up to and including 100% of the measure's value. The PH-MCO's Maximum Program Payout amount is equivalent to 43% of the sum of the amounts defined in Section II. below divided by twelve (12) (consisting of eleven (11) unique quality indicators with Annual Dental Visit counted twice).

The improvement performance payout scales will be applied contingent on benchmark percentile performance for each HEDIS MY 2021 measure (see Section I.C.1. and I.C.2.).

- If improvement is achieved and the benchmark performance for that measure is  $\leq 50^{\text{th}}$  percentile, Scale 1 will be applied.
- If improvement is achieved and the benchmark performance for that measure is  $> 50^{\text{th}}$  percentile and  $< 75^{\text{th}}$  percentile, Scale 1 will be applied.
- If improvement is achieved and the benchmark performance  $\geq 75^{\text{th}}$  percentile (see Section I.C.2.), Scale 2 will be applied.

Scale 2 applies to improvement performance for the PAPM Developmental Screening the First Three Years of Life. Receiving the Improvement Performance payout is not contingent on meeting the goal of 57.00 percent (57.00%) for Developmental Screening First Three Years of Life.

1. Scale 1:

The Department will make Improvement Performance payouts for incremental performance improvement from the previous year rate. Incremental performance improvements are measured comparing rates from HEDIS<sup>®</sup> MY 2020 (RY 2021) to HEDIS<sup>®</sup> MY 2021 (RY 2022).

- $\geq 5$  Percentage Point Improvement: 100 percent of the measure value.
- $\geq 4$  and  $< 5$  Percentage Point Improvement: 80 percent of the measure value.
- $\geq 3$  and  $< 4$  Percentage Point Improvement: 70 percent of the measure value.
- $< 3$  Percentage Point Improvement: No payout

## 2. Scale 2:

The Department will make Improvement Performance payouts for incremental performance improvement from the previous year rate. Incremental performance improvements are measured comparing rates from HEDIS<sup>®</sup> MY 2020 (RY 2021) to HEDIS<sup>®</sup> MY 2021 (RY 2022) and PAPM MY 2020 (RY 2021) to PAPM MY 2021 (RY 2022).

- $\geq 5$  Percentage Point Improvement: 100 percent of the measure value.
- $\geq 4$  and  $< 5$  Percentage Point Improvement: 100 percent of the measure value.
- $\geq 3$  and  $< 4$  Percentage Point Improvement: 100 percent of the measure value.
- $\geq 2$  and  $< 3$  Percentage Point Improvement: 85 percent of the measure value.
- $\geq 1$  and  $< 2$  Percentage Point Improvement: 75 percent of the measure value.
- $\geq 0.5$  and  $< 1$  Percentage Point Improvement: 50 percent of the measure value.
- $< 0.5$  Percentage Point Improvement: No payout.

## 3. Annual Dental Visit Performance Only

The Improvement Performance measure value available for Annual Dental Visit Performance is equal to double the Improvement Performance measure value (identified in Section I.C.).

- C. Health Equity:** The PH-MCO is eligible for a Health Equity Improvement Performance payout for Controlling High Blood Pressure, Comprehensive Diabetes Care: HbA1c Poor Control ( $>9.0\%$ ), Prenatal Care in the First Trimester, Postpartum Care and Well-Child Visits in the First 15 Months for their African American population. The PH-MCO's Maximum Program Payout amount is equivalent to 10% of the sum of the amounts defined in Section II. below divided by five (5) unique quality indicators.

Scale 2 (See Section I. B. 2.) applies to improvement performance for the Health Equity quality measures Controlling High Blood Pressure, Comprehensive Diabetes Care: HbA1c Poor Control ( $>9.0\%$ ), Prenatal Care in the First Trimester, Postpartum Care and Well-Child Visits in the First 15 Months.

- D. Maternal Home Visiting:** The PH-MCO is eligible for a Home Visiting Performance payout for meeting a set of performance goals. The PH-MCO's Maximum Program Payout amount is equivalent to 4.0% of the sum of the amounts defined in Section II. below.

- **Tier 1** – Greater than 6 home visits and 8-10 EPSDT visits: 100 percent of the relevant incentive pool
- **Tier 2** – Between 4-6 home visits and 6-7 EPSDT visits: 20 percent of the relevant incentive pool
- **Tier 3** - Less than 4 home visits: No payout

## II. **Payment for MCO Pay for Performance**

The Department will inform the PH-MCO of the Maximum Program Payout amount by November 30, 2022.

The Maximum Program Payout amount will be equivalent to two (2.0) percent of the sum of the amounts defined below:

### Limitation on Payout Amounts

The total awarded payout amount to a PH-MCO, which includes Benchmark Performance (I.A.) and Improvement Performance (I.C.), cannot exceed the Maximum Program Payout amount, as identified in Section II. below.

Capitation Revenue - For the purpose of this Exhibit, Capitation Revenue is defined as all Capitation revenues paid or payable by the Department to the PH-MCO in accordance with this Agreement or another HealthChoices Agreement, Appendix 3b and Appendix 3f, for the program period July 2021 through June 2022 inclusive of allowance amounts for the risk sharing and risk pool arrangements. Any settlements for the risk sharing and risk pool arrangements will not be considered in the Capitation Revenue.

Maternity Care Revenue - For the purpose of this Exhibit, Maternity Care Revenue is defined as all Maternity Care payments, paid or payable by the Department to the PH-MCO in accordance with this Agreement, for the program period July 2021 through June 2022.

If the PH-MCO has purchased the assets or liabilities of a PH-MCO that previously contracted with the Department to operate a HealthChoices program in the same zone ("Previous PH-MCO"); or if the Department transferred the Members enrolled in the Previous PH-MCO, who did not make a different choice, to the current PH-MCO; then the Department will allow the PH-MCO to include Capitation Revenue and Maternity Care Revenue paid to the Previous PH-MCO for the program period July 2021 through June 2022, provided the Previous PH-MCO relinquishes any claims to payment under the terms of this Exhibit B(1).

Capitation Revenues or Maternity Care Revenue paid or payable by the Department can be included in only one Maximum Program Payout amount provided by the Department. Transition in HealthChoices Agreements or in PH-MCOs will not lead to double counting of any set of revenue when the Department calculates Maximum Program Payout amounts.

Per 42 C.F.R. 438.6(b)(2)(ii) –(iii), this incentive arrangement does not automatically renew and is made available to both public and private PH-MCOs under the same terms of performance.

NOTE: The Department may change the payout methodology based on reporting restrictions due to a natural disaster, pandemic or other unforeseen events. The payout methodology will be shared with the PH-MCOs prior to finalizing.

If the Department has a payment obligation to the PH-MCO pursuant to this Exhibit B(1), the Department will issue the payment by August 31, 2023. If the PH-MCO has a payment obligation to the Department pursuant to this Exhibit B(1), the Department will reduce a subsequent payment to the PH-MCO by this amount.

## Exhibit B(2)

### **PH-MCO and BH-MCO INTEGRATED CARE PLAN (ICP) PROGRAM** **PAY FOR PERFORMANCE PROGRAM**

This Exhibit B(2) defines a potential payment obligation by the Department to the PH-MCOs for Quality Performance Measures achieved per HEDIS® and select Pennsylvania Performance Measures (PAPMs), as defined below.

This Exhibit is effective only if the PH-MCO operates a HealthChoices program in this HealthChoices zone under this Agreement in the month of December 2022. If the PH-MCO does not operate a HealthChoices program in this HealthChoices zone under this Agreement in the month of December 2022, the Department has no payment obligation under this Exhibit.

The Department will provide financial incentives to the PH-MCOs and the Behavioral Health Managed Care Organizations (BH-MCOs) for the Integrated Care Plan (ICP) Program. The Department will provide a funding pool from which dollars will be paid to the PH-MCO based on shared PH/BH-MCO performance measures outlined in this Exhibit. The Department expects this ICP Program to improve the quality of health care and reduce Medical Assistance (MA) expenditures through enhanced coordination of care between the PH-MCOs, BH-MCOs and providers.

**A. In order to be eligible for payments under the ICP**, the PH-MCO must submit Operations Report 17 for Calendar Year (CY) 2022 following the time frames outlined within the Report Description and that contains the following specific data requirements for individuals with serious persistent mental illness (SPMI).

1. **Member stratification** - Re-stratification shall be conducted on all members in the targeted SPMI population from the previous calendar year in January. New members shall have an initial stratification level established within sixty (60) days of the date of identification that a member has SPMI. The PH-MCO will report on the member ID, initial stratification level, and six (6) month re-stratification level. Members will be stratified as follows:
  - a. Four (4) = high PH/high BH needs
  - b. Three (3) = high PH/low BH needs
  - c. Two (2) = low PH/high BH needs
  - d. One (1) = low PH/low BH needs
2. **Integrated Care Plan/Member Profile** - At least **1200 members** must receive an ICP that has been used in care management activity by both the PH and BH MCO. For purposes of this requirement, the Department considers an ICP or member profile, to be the collection, integration and documentation of key physical and behavioral health information that is easily accessible in a timely manner to persons with designated access. The ICP must be reviewed and

updated at least annually. An ICP will not count towards the required amount if the member has disenrolled from the PH-MCO prior to the calendar year. An ICP will count towards the required amount if a member has an ICP and disenrolls from the PH-MCO during the calendar year.

3. **Hospitalization Notification and Coordination** - Each PH-MCO and BH-MCO will jointly share responsibility for notification of all inpatient hospital admissions and will coordinate discharge and follow-up. This includes at a minimum the individual's member identification, the date of inpatient admission and name of the acute care hospital. Additional information sharing is encouraged as appropriate per HIPAA and regulatory standards. Notification to the partner MCO of hospital admissions shall occur within one (1) business day of when the responsible MCO partner learns of the admission (e.g., if the PH-MCO knows of an admission, it will notify the BH-MCO within one (1) business day and vice versa). Each PH-MCO will attest on the Operations 17 report that 90% of the admission notifications occurred within one (1) business day of the PH-MCO learning of the admission. The PH-MCO must maintain documentation to support the attestation of 90% admissions notifications.

For CY 2022, the PH-MCO must create a process to share and discuss the ICP with the Member and the member's Primary Care Provider (PCP). Beginning in CY 2023 sharing and discussing the ICP with both the Member and member's PCP will become an eligibility requirement for an incentive payout.

The Operations Report 17 will be reviewed to verify the accuracy of the stratification, number of integrated care plans, hospital notification information and sharing and discussing the ICP with the Member and Member's PCP.

## **B. Performance Measures**

The performance measures for the 2022 ICP Program include the following:

1. Initiation and Engagement of Alcohol and Other Drug Dependence Treatment\*
  - a. Initiation rate\*

8. Cardiovascular Monitoring for People with Cardiovascular Disease and Schizophrenia (SMC)\*
9. Follow-Up After Emergency Department Visit for Alcohol and Other Drug Abuse or Dependence (FUA)\*
10. Follow-Up After Emergency Department Visit for Mental Illness (FUM)\*

NOTE: The ICP P4P measures are subject to change due to NCQA specifications.

### **C. Payment for MCO Performance**

The ICP P4P Program measures Benchmark Performance and Improvement Performance. Payments will be based on meeting a Benchmark/Goal and an incremental improvement calculated from the previous HEDIS®/PAPM MY 2020 (RY2021) to the current HEDIS®/PAPM MY 2021 (RY 2022).

- **Benchmark Performance:** The Department will make a Benchmark Performance payout for performance relative to the HEDIS® MY 2021 (RY 2022) benchmarks, for all measures excluding the measures below which will have a goal assigned:
  - Initiation and Engagement of Alcohol and Other Drug Dependence Treatment – Engagement rate,
  - Emergency Room Utilization for Individuals with SPMI,
  - Combined BH-PH Inpatient 30 Day Readmission Rate for Individuals with SPMI,
  - Combined BH-PH Inpatient Admission Utilization for Individuals with SPMI.

There is no Benchmark Performance payout for Diabetes Screening for People with Schizophrenia or Bipolar Disorder who are using Antipsychotic Medications, Diabetes Care for People with Serious Mental Illness: Hemoglobin A1c (HbA1c) Poor Control (>9/0%) and Cardiovascular Monitoring for People with Cardiovascular Disease and Schizophrenia.

The Department will award a Benchmark Performance or Goal payout amount for each measure that will range from 0% up to and including 125% of

the measure's value, defined as half of the PH-MCO's Maximum Program Payout amount divided by seven (7) quality indicators.

The Department will distribute the payouts according to the following criteria:

- a. All HEDIS® Measures
  - HEDIS® MY 2021 rate at or above the 90<sup>th</sup> percentile benchmark: 125 percent of the measure value.
  - HEDIS® MY 2021 rate at or above the 75<sup>th</sup> percentile and below the 90<sup>th</sup> percentile benchmark: 100 percent of the measure value.
  - HEDIS® MY 2021 rate at or above the 50<sup>th</sup> percentile and below the 75<sup>th</sup> percentile benchmark: 75 percent of the measure value.
- b. Emergency Department Utilization for Individuals with SPMI
  - Performance goal at or below 142.00: 100 Percent of the measure value.
  - Performance goal above 142.00: No payout.
- c. Combined BH-PH Inpatient 30 Day Readmission Rate for Individuals with SPMI
  - Performance goal at or below 15.00%: 100 Percent of the measure value.
  - Performance goal above 15.00%: No payout.
- d. Combined BH-PH Inpatient Admission Rate for Individuals with SPMI
  - Performance goal at or below 22.00: 100 percent of the measure value.
  - Performance goal above 22.00: No payout.
- e. Initiation and Engagement of Alcohol and Other Drug Dependence Treatment – Engagement rate
  - Performance goal at or above 32.00%: 100 percent of the measure value.
  - Performance goal below 32.00%: No payout.
- **Improvement Performance:** The Department will award an Improvement Performance payout amount for each measure that will range from 0% up to and including 100% of the measure's value, defined as half of the PH-MCO's Maximum Program Payout amount divided by eight (8) quality indicators.

The measures below will only receive an incremental payout:

- Diabetes Screening for People with Schizophrenia or Bipolar Disorder who are using Antipsychotic Medications
- Diabetes Care for People with Serious Mental Illness: Hemoglobin A1c (HbA1c) Poor Control (>9/0%)

- Cardiovascular Monitoring for People with Cardiovascular Disease and Schizophrenia

NOTE: For Diabetes Screening for People with Schizophrenia or Bipolar Disorder who are using Antipsychotic Medications and Cardiovascular Monitoring for People with Cardiovascular Disease and Schizophrenia, if the denominator is small (<30) the payout may change to a Benchmark Performance payout from an Improvement Performance payout. For Diabetes Care for People with Serious Mental Illness: Hemoglobin A1c (HbA1c) Poor Control (>9/0%), if the denominator is small (<30), the Improvement Performance payout would change to a Goal payout.

There is no Improvement Performance payout for Follow-Up After Emergency Department Visit for Alcohol and Other Drug Abuse or Dependence and Follow-Up After Emergency Department Visit for Mental Illness.

The Improvement Performance payout scales will be applied contingent on benchmark percentile performance for each HEDIS® MY 2021 measure.

- If improvement is achieved and the benchmark performance for that measure is <50<sup>th</sup> percentile, Scale 1 will be applied.
- If improvement is achieved and the benchmark performance for that measure is ≥50<sup>th</sup> percentile and <75<sup>th</sup> percentile, Scale 1 will be applied.
- If improvement is achieved and the benchmark performance ≥75<sup>th</sup> percentile Scale 2 will be applied.

a. Scale 1:

The Department will make Improvement Performance payouts for incremental performance improvement from the previous year rate. Incremental performance improvements are measured comparing rates from HEDIS® MY 2020 (RY 2021) to HEDIS® MY 2021 (RY 2022).

Scale 1 applies to Initiation and Engagement of Alcohol and Other Drug Dependence Treatment-Initiation rate and Adherence to Antipsychotic Medications for Individuals with Schizophrenia

- ≥ 5 Percentage Point Improvement: 100 percent of the measure value.
- ≥ 4 and < 5 Percentage Point Improvement: 80 percent the measure value.
- ≥ 3 and < 4 Percentage Point Improvement: 60 percent the measure value.
- ≥ 2 and < 3 Percentage Point Improvement: 40 percent the measure value.

- $\geq 1$  and  $< 2$  Percentage Point Improvement: 20 percent the measure value.
- $< 1$  Percentage Point Improvement: No payout.

b. Scale 2:

The Department will make Improvement Performance payouts for incremental performance improvement from the previous year rate. Incremental performance improvements are measured comparing rates from MY 2020 (RY 2021) to MY 2021 (RY 2022) and PAPM MY 2020 (RY 2021) to PAPM MY 2021 (RY 2022).

Scale 2 applies to the following measures:

- Initiation and Engagement of Alcohol and Other Drug Dependence - Engagement rate,
  - Emergency Department Utilization for Individuals with SPMI
  - Combined BH-PH Inpatient Admission Utilization Rate for Individuals with SPMI
  - Combined BH-PH Inpatient 30 Day Readmission Rate for Individuals with SPMI
  - Diabetes Screening for People with Schizophrenia or Bipolar Disorder who are using Antipsychotic Medications,

## Exhibit B(3)

### PROVIDER PAY FOR PERFORMANCE PROGRAM

The Provider Pay-for-Performance (Provider P4P) program described in this Exhibit B(3) is for services rendered by providers during a Calendar Year (CY) and defined in Section I below.

#### I. Provider P4P Program Requirements

All Provider P4P programs must target improvements in the quality of or access to health care services for HealthChoices members and must not limit the appropriate use of services by members.

- A. The PH-MCO is required to develop a Provider P4P program using the following **mandatory** ten(10) HEDIS<sup>®</sup> Quality Measures (per HEDIS<sup>®</sup> MY 2021 Technical Specifications, Vol. 2), one (1) PA Performance Measures (PAPM) and three (3) Electronic Quality Measure:

The incentives must be structured to pay defined minimal amounts to dentists for performing episodes of preventive care for new and established recipients in at least two age bands (0-5 years and 6-20 years). The specific incentive model will be relatively uniform across the HealthChoices program. The incentive model will be determined by the Department in cooperation with all HealthChoices PH-MCOs.

The Provider P4P payments are part of the monthly capitation process, as identified in Appendix 3b. Coverage for Members in a freestanding IMD is specified in Section VII. E. 13.
1. If the PH-MCO has unspent Provider P4P funds, as determined by the Department, upon receipt and review of Report #40, the Department may reduce a future payment to the PH-MCO by the unspent amount or the Department may direct unspent Provider P4P funds provided to the PH-MCO per this Exhibit for the current or a prior program year. Any directed P4P funds are to be used in support of an initiative to improve access to care or improved quality outcomes for Members.

The PH-MCO must be able to separately identify and track each payment to a provider for each specific mandatory HEDIS® Quality Measure identified in the Provider P4P program.
- C. Each PH-MCO may determine the frequency of issuing payments to its providers. However, the Department recommends, at a minimum, quarterly

payouts. The PH-MCO must issue Provider P4P payments to its providers for services rendered under approved terms of this Exhibit B(3) to be paid out in full no later than June 30 of the subsequent calendar year.

Expenditures for this program are reported on annual Report #40 as required by the annual Financial Reporting Requirements. Reported disbursements should only reflect disbursements for the specified program year.

#### **V. Clinical Review**

The Department may choose to perform a clinical review of the Provider Pay-for-Performance program. The PH-MCO must reasonably cooperate with Department staff during the clinical review process.

## **Exhibit B(4)**

### **HOSPITAL QUALITY INCENTIVE PROGRAM (HQIP)**

The Department is administering a HQIP. This program is designed to incentivize acute care general hospitals, and potentially other hospitals, enrolled in HealthChoices to improve the quality of healthcare services. The Department developed this initiative as part of its commitment to promote cost-effective, quality healthcare through an outcome and value-based payment structure. The Department makes an annual determination of Hospital Quality measures.

The Department will measure performance by hospital statewide across HealthChoices. The performance measurements will not be PH-MCO specific. The Department will make two HQIP payment(s) to the PH-MCO with one made on or before July 31, 2022 and the second on or before October 31, 2022 per this Agreement if the PH-MCO is responsible to operate a HealthChoices program per this Agreement on July 1, 2022 and October 1, 2022, respectively.

The Department's obligation for this program across all PH-MCOs that are responsible to operate a HealthChoices program in any or all zones on July 1, 2022 is \$30 million for the 2022 performance year and October 1, 2022, is \$80 million for the 2021 performance year for a total obligation paid during calendar year 2022 of \$110 million. The Department will divide the \$30 million and \$80 million, respectively, across all PH-MCOs participating in HealthChoices in any or all zones based on each PH-MCO's monthly enrollment, as determined by the Department. If a PH-MCO operates in more than one HealthChoices zone, the Department will make each HQIP payment, as determined above, to the PH-MCO's zone having the largest enrollment.

The Department will calculate the HQIP payments by hospital and will provide a schedule of HQIP payment(s) and instructions to each PH-MCO. The PH-MCO will make HQIP payments to hospitals per the instructions within ten business days of the later of the receipt of this payment or the PH-MCO's receipt of payment instructions from the Department. The PH-MCO will not be required to make HQIP payments that exceed, in total, the amount paid by the Department for this purpose.

The Department will continue this HQIP for subsequent calendar years' performance. The Department will share hospital quality data prepared per this program with all PH-MCOs.

The PH-MCO must submit a transition plan how they are going to transition existing CBCM initiatives using CBCM funds to hire staff to meet the requirement of not using CBCM funds to hire PH-MCO staff by the end of Q1 2022. The PH-MCO must provide quarterly updates on the CBCM transition plan by the end of each quarter.

**The PH-MCO shall only use funding for CBCM services that have been approved by the Department in writing.**

If the PH-MCO has not spent at least \$0.75 PMPM from each Base Capitation Rate after risk adjustment on their approved CBCM program as determined by the Department as of June 30 of the subsequent calendar year, the Department will apply a sanction to the PH-MCO in an amount equivalent to the difference between the \$0.75 PMPM multiplied by the PH-MCO's Member Months for the applicable CBCM program year minus the actual amount spent by the PH-MCO on their approved CBCM program. If applicable, the Department will recover this sanction amount by reducing a future payment to the PH-MCO. The Department may agree to waive this sanction based on additional information provided by the PH-MCO to the Department detailing the reasons why the expenditures for the CBCM program were less than the required \$0.75 PMPM.

If the Department determines the PH-MCO made CBCM expenditures that were not in accordance with the PH-MCO's approved CBCM plan, upon advanced written notice to the PH-MCO, the Department may require that the PH-MCO resubmit any required CBCM reporting to remove these expenditures. Please refer to the paragraph above if the resubmitted report(s) result in expenditures that are less than the required \$0.75 PMPM.

- G. Families who decline Home Visiting services at initial outreach must receive follow up outreaches by the PH-MCO to the parent/caregiver every 90 days until the child has reached age 18 months to ensure the family does not need home visiting support. Services will be individualized and will focus on the parent/caregiver-child dyad and family supports. The needs and risks identified in the family's plan of care must be addressed at every visit. Subsequent home visits must be tailored to the family and must follow the objectives, interventions and goals outlined in the plan of care.
- O. In-person home visits are preferred but the use of telemedicine visits are allowed in situations where in-person visits are not possible, such as during a public health emergency. Telemedicine visits must provide the same level of care and achieve the same outcomes as an in-person home visit. Telephone calls are acceptable in situations where the family does not possess or have access to video technology. Text messages may be used to provide supplemental communication between visits but are not considered a telemedicine visit. The PH-MCO or contracted Home Visiting agency must obtain and document informed consent for the use of telemedicine technology for the initial telemedicine visit.

The plan of care addresses the family's needs, applies the family's strengths and is outcome focused. The plan of care includes family-specific objectives, interventions and goals based on identified needs and risks. If any safety concerns are identified for the parent/caregiver or child, a safety plan must be included.

### MEDICATION ADHERENCE PAY FOR PERFORMANCE

This Exhibit B(6) defines a potential payment obligation by the Department to the PH-MCO for managing Members with a diagnosis of Hepatitis C to cure through adherence to their medication regimen as verified through point of sale claims for Hepatitis C medication dispensed and by the Member's subsequent laboratory test post medication regimen for viral load.

The Department will make a one-time payment in the amount of \$1,000 to the PH-MCO for each Member with a diagnosis of Hepatitis C that has received Hepatitis C medication(s), as identified on the Department's Specialty Drug List, within the given calendar year and received a subsequent laboratory test that confirms the Member has achieved cure. Example: A Member's last Hepatitis C medication was dispensed on October 1, 2021 and a Sustained Viral Response (SVR) was administered on February 15, 2022 with cure. The Member will be considered for the second semi-annual period.

The Department will verify eligible Members for this incentive payment through encounter data for pharmacy services that have dates of service during the given calendar year and for which the PH-MCO submits an SVR that confirms the Member achieved cure. The PH-MCO will notify the Department of SVRs it has obtained that document undetectable Hepatitis C Ribonucleic Acid (RNA) twelve to twenty-four weeks following completion of the medication therapy. The Department will not utilize an SVR if it utilized an SVR for the same Member that is dated less than 24 months prior, or if the MCO has not followed procedures specified by the Department.

The Department will accept a SVR from the PH-MCO if at least one of the following criteria is met, along with other requirements:

- A. The PH-MCO has paid for a Hepatitis C drug for the Member during the given calendar year; OR
- B. The Member was enrolled with the PH-MCO on the date the SVR was completed and confirmed cure.

If the Member switches PH-MCOs prior to the date of the SVR confirming cure, the Department will make a proportional payment to the PH-MCO in which a Member was enrolled on the date of the SVR. If the PH-MCO did not make a payment for any days of the medication regimen received by the switching Member, the one-time payment will be multiplied by 10 percent (10.0%); If the PH-MCO paid for 1 to 28 days of the medication regimen received by the switching Member, the one-time payment will be multiplied by 50 percent (50.0%); If the PH-MCO paid for 29 days or more of medication regimen received by the switching Member, the PH-MCO will receive the one-time payment in full. The difference between the one-time payment less the proportional payment, will be paid to the PH-MCO from which the Member switched.

The Department will process one payment to the PH-MCO for each semi-annual period for the given calendar year. Each payment will total the sum of the one-time payments earned plus

any proportional payments earned by the PH-MCO during that period. The Department will determine the inclusion of Members in each semi-annual period based on the date of service for that Member's last Hepatitis C drug claim as identified through encounter data. The Department will not process each semi-annual payment until, at the earliest, nine months after the end of the semi-annual period. Members that have been determined cured will be included in only one of the two semi-annual periods during the given calendar year.

If the PH-MCO has purchased the assets or liabilities of a PH-MCO that previously had an Agreement with the Department to operate a HealthChoices program ("Previous PH-MCO"); or if the Department transferred the Members enrolled in the Previous PH-MCO, who did not make a different choice, to the current PH-MCO; then the Department will include claims paid by the Previous PH-MCO.

## **EXHIBIT B(7)**

### **MATERNITY CARE BUNDELED PAYMENT**

1. Maternity Care Bundle: As part of VBP, the PH-MCO must utilize a Maternity Care Bundled Payment for Network Providers that elect to take part in the model, use a maternity care team, and have at least twenty (20) births annually attributed to the maternity care team. A PH-MCO utilizing a Maternity Care Bundled Payment must require that the Network Provider use a maternity care team that:
  - a. Includes at least one (1) clinician (physician, CRNP, CNW, or other) who is qualified and licensed to provide prenatal care to pregnant women.
  - b. Includes at least one (1) clinician (physician, CRNP, CNW, or other) who is qualified and licensed to assist in vaginal delivery of babies.
  - c. Includes at least one (1) clinician (physician, CRNP, CNW, or other) who is qualified and licensed to provide newborn services.
  - d. Provides access to at least one (1) physician who is qualified to treat women with high-risk pregnancies, to treat complications experienced during pregnancy or childbirth, and to perform cesarean sections.
  - e. Provides access to at least one (1) hospital that has the capability to perform cesarean sections and treat common complications of labor and delivery.
  - f. Provides access to at least one (1) physician practice, hospital, clinical laboratory, or other entity that has the ability to perform laboratory tests or imaging studies needed as part of prenatal care, labor and delivery, and postpartum care.
  - g. Includes at least one (1) individual, such as a doula, community health worker, social worker, or peer recovery specialist, to coordinate the care of the pregnant woman to address other needs, including behavioral health, substance use disorder, and Social Determinants of Health.
  
2. Payment to the Maternity Care Team: The target price of the bundle shall be prospectively developed with the maternity care team. The PH-MCO shall pay the maternity care team the applicable fee-for-service payments and perform a retrospective review to compare the fee-for-service payments to the target price. If the fee-for-service payments made for the services included in the bundle are less than the target price, the PH-MCO shall include the difference in a pool of shared savings. On an annual basis, the PH-MCO shall determine the amount of shared savings to be paid to a Network Provider using a maternity care team as specified in section 9.

The PH-MCO must base the prospectively developed target price on:

- a. The trimester in which the pregnant woman engaged in care;
- b. Historical spending, with factors taken into consideration that reflect patient acuity.

In addition, the PH-MCO may base the prospectively developed target price on:

Blended regional prices of vaginal births, cesarean section rates, including prenatal, postpartum, and newborn services for up to sixty (60) days postpartum, with a proportion of cesarean sections set for 2021 at:

- i. 27.25% cesarean sections in the Southeast Zone
  - ii. 27.25% cesarean section in the Southwest Zone
  - iii. 29.25% cesarean sections in the Lehigh/Capital Zone
  - iv. 30.75% cesarean sections in the Northeast Zone
  - v. 31.50% cesarean sections in the Northwest zone
3. Services included in the bundle: The PH-MCO must develop a target payment that includes all services provided during pregnancy episode: prenatal care, labor and delivery, care coordination services, and up to sixty (60) days postpartum for the mother and newborn, other than contraceptive care.
  4. Services excluded from the bundle: Contraceptive care, including placement of long-acting reversible contraception.
  5. Pregnancies excluded from the bundle: Non-singleton pregnancies.
  6. Stop loss mechanism: If the cost of the maternity care episode (including services provided during pregnancy, labor and delivery, and postpartum) for a member exceeds 300% of the target price of the maternity care bundle, then no costs over 300% of the target price of the bundle will be attributed to the Maternity Care Team.
  7. Quality Measures: The PH-MCO shall use the following quality measures to determine its incentive payments:
    - a. Social Determinants of Health Screening: Complete at least one (1) Social Determinants of Health screening using a Nationally recognized tool, during the episode duration with submission of G9919 (positive screening result) or G9920 (negative screening result) Procedure Codes. Claims must include appropriate ICD-10 Z-codes when relevant those determinant areas as defined by Social Determinants of Health.

## Exhibit G

### OPIOID USE DISORDER CENTERS OF EXCELLENCE

- A. The PH-MCO must contract with all physical health Opioid Use Disorder Centers of Excellence (OUD-COE) enrolled in the MA Program as Provider Specialty Type 232 – Opioid Center of Excellence within the HealthChoices zones in which the PH-MCO operates, unless the PH-MCO demonstrates to OMAP’s satisfaction that the PH-MCO is not able to reach a contractual agreement with the OUD-COE, or that the OUD-COE is not compliant with the terms of this Exhibit.
- B. The PH-MCO must pay the Department’s per-member-per-month (PMPM) rate of \$277.22 for community-based care management services rendered by an OUD-COE when the OUD-COE has appropriately submitted a claim using procedure code G9012 (other specified case management service not elsewhere classified). This PMPM will be made in payment for a bundle of care management services rendered by the OUD-COE. Claims for procedure code G9012 may only be paid to providers enrolled in the MA Program as Provider Specialty Type 232 – Opioid Center of Excellence, as described in Medical Assistance Bulletin 01-20-08/08-2011/11-20-02/19-20-01/21-20-01/31-20-08. The PH-MCO must require that an OUD-COE provides care management services in accordance with the OUD-COE’s service description approved by DHS and in accordance with the terms of this Exhibit in order to receive payment for procedure code G9012. DHS will provide the PH-MCO with approved services descriptions for OUD-COEs within the PH-MCO’s zone(s) upon approval.

For members with OUD who are receiving services from OUD-COEs that are dually enrolled in the MA Program as Federally Qualified Health Centers (FQHCs), the MCOs will pay the \$277.22 per-member-per-month rate to Provider Type 08, Clinic, when procedure code G9012 is billed on a claim for a four-digit Service Location Code that is enrolled as Provider Specialty 232, Opioid Center of Excellence. The MCO will make payment to the service location enrolled as Provider Specialty 080, FQHC, in accordance with Section VII.E.5 of this Agreement.

The PH-MCO must coordinate with a member’s BH-MCO and any OUD-COE providing services to the member in accordance with Section V.D.2 of this Agreement to ensure that the member’s care is coordinated and not duplicated.

- C. The following services, when provided as clinically appropriate and included or reflected in the individual member’s care plan, constitute community-based care management services covered by procedure code G9012.
1. Screening and Assessment

- a. Assessments to identify a member's needs related to Social Determinants of Health, administered in home and community-based settings whenever practicable
- b. Level of Care Assessments, which may be completed either by the OUD-COE or through a referral. If a level of care assessment results in a recommendation of MAT, the OUD-COE must provide education related to MAT.
- c. Screenings for clinical needs that require referrals or treatment

## 2. Care Planning

- a. Development of integrated, individualized care plans that include, at a minimum:
  - 1. A member's treatment and non-treatment needs
  - 2. The member's preferred method of care management, such as in-person meetings, phone calls, or through a secure messaging application
  - 3. The identities of the members of the member's community-based care management team, as well as the members of the member's individual support system
- b. Care coordination with a member's primary care provider, mental health service provider, drug & alcohol treatment provider, pain management provider, obstetrician or gynecologist, and PH-MCO, as applicable

## 3. Referrals

- a. Facilitating referrals to necessary and appropriate clinical services according to the member's care plan, including:
  - 1. Primary Care, including screening for and treatment of positive screens for: HIV, Hepatitis A (screening only); Hepatitis B; Hepatitis C; and Tuberculosis.
  - 2. Perinatal Care and Family Planning Services
  - 3. Mental Health Services
  - 4. Forms of medication approved for use in MAT not provided at the OUD-COE Provider's enrolled service location(s)
  - 5. MAT for pregnant women, if the OUD-COE Provider does not provide MAT to pregnant women

6. Drug and Alcohol Outpatient Services
  7. Pain Management
- b. Facilitating referrals to any ASAM Level of Care that is clinically appropriate according to a Level of Care Assessment
  - c. Facilitating referrals to necessary and appropriate non-clinical services according to the results of the member's needs identified through a Social Determinants of Health screening
4. Monitoring
    - a. Individualized follow-up with members and monitoring of members' progress per the member's care plan, including referrals for clinical and non-clinical services
    - b. Continued and periodic re-assessment of a member's Social Determinants of Health needs
    - c. Performing Urine Drug Screenings at least monthly
  5. Making and receiving warm hand-offs. In the event of a warm hand-off from an overdose event, the OUD-COE must provide education related to overdose risk and naloxone.
- D. Any member of an OUD-COE's care management team may provide the care management services described above if they are appropriately licensed or credentialed to do so. A PH-MCO may not require an OUD-COE to document provision of each of these services every month for every patient in order to receive the PMPM payment but may conduct a chart review for a member to determine whether these services have been provided over time.
- E. The PH-MCO must pay a claim for procedure code G9012 when it determines that the OUD-COE has met the following requirements:
1. During the first calendar month a Member is engaged with the OUD-COE, the OUD-COE has provided and documented one community-based care management service, as defined in Section C of this Exhibit, and one service for the treatment of a condition associated with an ICD-10 diagnosis code related to OUD.
  2. During subsequent months a Member is engaged with the OUD-COE, the OUD-COE has provided and documented one community-based care management service, as defined in Section C of this Exhibit. If a Member does not receive a care management service for two or more consecutive months, the OUD-COE

must also provide a treatment service in addition to a care management service to receive the PMPM for a subsequent month.

3. The OUD-COE has documented the care management service encounter within the Member's electronic health record, including the following information:
    - a. Date of encounter
    - b. Location of encounter
    - c. Identity of the individual employed by the OUD-COE with whom the Member met
    - d. Duration of encounter
    - e. Description of service provided during the encounter
    - f. Next planned activities that the OUD-COE and the Member will undertake
  4. The community-based care management service for which the G9012 procedure code claim is being submitted is not duplicative, overlapping, or redundant of other care or case management services for which the PH-MCO has already paid on a Member's behalf.
  5. The OUD-COE has obtained written Member consent to share OUD related information with the Member's Physical HealthChoices MCO (PH-MCO), Behavioral HealthChoices MCO (BH-MCO) or Community HealthChoices MCO (CHC-MCO) consistent with state and federal laws and regulations for the purpose of coordinating comprehensive services that address the Member's physical and behavioral needs and any needs related to social determinants of health.
- F. The PH-MCO may not pay multiple claims using procedure code G9012 to an OUD-COE for the same Member in the same calendar month. The PH-MCO may require a claim using procedure code G9012 be submitted each time a Member receives a community-based care management service from an OUD-COE, but it may only pay one claim per month. The PH-MCO may pay the PMPM to more than one OUD-COE for services provided to an individual Member during the same calendar month only during the Member's first two months of engagement with an OUD-COE.
- G. The PH-MCO may not require anything additional of the OUD-COEs in order to receive the PMPM, including data reporting. OUD-COEs will submit data to DHS monthly.
- H. The PH-MCO will perform a claims analysis on an annual basis, due to the Department no later than July 31 of the calendar year following the year for which claims are being analyzed. The PH-MCO will identify OUD-COE clients as those members for whom a

G9012 procedure code claim was submitted during the previous year and will analyze the additional claims submitted for those members, focusing on the metrics defined below. The purpose of this analysis will be to monitor COEs for adherence with the terms of their provider contracts and to ensure quality services are being provided to the PH-MCO's members.

- I. The PH-MCO will analyze the following metrics through claims analysis. The format for this analysis, along with instructions and a standard methodology to analyze the measures, will be designated by the Department through its Operations Reporting requirements found on the Pennsylvania HealthChoices Extranet. The Department will provide data to the PH-MCO to support this analysis upon request.
  1. Percentage of Members who received a service rendered by a primary care provider. The measure is calculated by determining the number of enrollee-COE pairs (unique combinations of enrollees receiving a treatment or care management service from a COE during the reporting period) who received a service rendered by a primary care provider during a COE service window.
  2. Percentage of Members who received a pain management service. The measure is calculated by determining the number of enrollee-COE pairs (unique combinations of enrollees receiving a treatment or care management service from a COE during the reporting period) who received a pain management service during a COE service window.
  3. Percentage of Members who were prescribed a benzodiazepine while prescribed buprenorphine. The measure is calculated by determining the number of enrollee-COE pairs (unique combinations of enrollees receiving a treatment or care management service from a COE during the reporting period) who were concurrently prescribed a benzodiazepine while prescribed buprenorphine or methadone. This measure is based on the PQA measure "Concurrent Use of Opioids and Benzodiazepines (COB)" and has been updated to the latest value sets.
  4. Percentage of Members who were prescribed an opiate while prescribed buprenorphine. The measure is calculated by determining the number of enrollee-COE pairs (unique combinations of enrollees receiving a treatment or care management service from a COE during the reporting period) who were concurrently prescribed an opioid while prescribed buprenorphine or methadone. This measure is based on the PQA measure "Concurrent Use of Opioids and Benzodiazepines (COB)" and has been updated to the latest value sets.
  5. Percentage of Members who are pregnant. The measure is calculated by determining the number of female enrollee-COE pairs where the enrollee can be identified as pregnant from a Medicaid-paid delivery during the reporting period. NOTE: the reporting period for this measure is from October 8 of the previous calendar year to October 7 of the reporting period (calendar year) of the other measures. This measure and other pregnancy related measures (Measures 6, 7,

and 8) include enrollee-COE pairs from both the current year and the previous year.

6. Percentage of pregnant Members who received a timely prenatal initial visit. The measure is calculated by first determining the number of female enrollee-COE pairs who were identified as pregnant in Measure 5 and their pregnancy that overlapped for at least 42 days with a COE service window. The measure reports the percentage of these women who received timely prenatal care according to the HEDIS definition. NOTE: the reporting period for this measure is based on qualifying deliveries that occur between October 8 of the previous calendar year to October 7 of the reporting period (calendar year) of the other measures. This measure and other pregnancy related measures (Measures 5, 7, and 8) include enrollee-COE pairs from both the current year and the previous year.
7. Percentage of pregnant Members who received a timely post-partum care visit. The measure is calculated by first determining the number of female enrollee-COE pairs who were identified as pregnant in Measure 5 and had at least 1 day of overlap between their COE service window and the period from 7 to 84 days postpartum. The measure reports the percentage of these women who received timely postpartum care according to the HEDIS definition. NOTE: the reporting period for this measure is from October 8 of the previous calendar year to October 7 of the reporting period (calendar year) of the other measures. This measure and other pregnancy related measures (Measures 5, 6, and 8) include enrollee-COE pairs from both the current year and the previous year.
8. Percentage of pregnant Members receiving post-partum contraception. The measure is calculated by first determining the number of female enrollee-COE pairs who were identified as pregnant in Measure 5 and had at least 1 day of overlap between their COE service window and the period from delivery to 60 days postpartum. The measure reports the percentage of these women who received postpartum contraception according to the HEDIS definition for “Contraceptive Care – Postpartum Women”. NOTE: the reporting period for this measure is from October 8 of the previous calendar year to October 7 of the reporting period (calendar year) of the other measures. This measure and other pregnancy related measures (Measures 5, 6, and 7) include enrollee-COE pairs from both the current year and the previous year.
9. Percentage of Members who received buprenorphine. The measure is calculated by determining the number of enrollee-COE pairs (unique combinations of enrollees receiving a treatment or care management service from a COE during the reporting period) who received Buprenorphine during the COE service window.
10. Percentage of Members who received naltrexone. The measure is calculated by determining the number of enrollee-COE pairs (unique combinations of enrollees receiving a treatment or care management service from a COE during the reporting period) who received naltrexone during the COE service window.

11. Duration of medication-assisted treatment. The measure determines the duration (90, 180, and 270 days) of medication for opioid use disorder (MOUD) treatment (defined by continuity of pharmacotherapy, NQF 3175) for enrollee-COE pairs (unique combinations of enrollees receiving a treatment or care management service from a COE during the reporting period) who had at least one claim for MOUD in the COE service window. NOTE: For this measure, the reporting period is two (2) calendar years, the current year and the previous year.
12. Percentage of Members screened for Hepatitis B, Hepatitis C, HIV, and Tuberculosis. The four separate measures are calculated by determining the number of enrollee-COE pairs (unique combinations of enrollees receiving a treatment or care management service from a COE during the reporting period) who were screened for (1) Hepatitis B, (2) Hepatitis C, (3) HIV, and (4) Tuberculosis during the COE service window.
13. Percentage of female Members receiving contraception. The measure is calculated by determining the number of female enrollee-COE pairs (unique combinations of female enrollees receiving a treatment or care management service from a COE during the reporting period) who received any type of contraception during the COE service window.
14. Percentage of female Members who received long-acting reversible contraception. The measure is calculated by determining the number of female enrollee-COE pairs (unique combinations of female enrollees receiving a treatment or care management service from a COE during the reporting period) who received any long-acting reversible contraception (LARC) during a COE service window.
15. Percentage of Members with emergency department visits. The measure is calculated by determining the number of enrollee-COE pairs (unique combinations of enrollees receiving a treatment or care management service from a COE during the reporting period) who had an ED visit during a COE service window.
16. Percentage of Members with inpatient acute stays, excluding drug and alcohol stays. The measure is calculated by determining the number of enrollee-COE pairs (unique combinations of enrollees receiving a treatment or care management service from a COE during the reporting period) who had an inpatient acute care stay (excluding stays in an inpatient drug and alcohol treatment facility) after engaging in treatment from a COE during a COE service window.

### **PRIOR AUTHORIZATION GUIDELINES FOR PARTICIPATING MANAGED CARE ORGANIZATIONS IN THE HEALTHCHOICES PROGRAM**

#### **A. General Requirement**

The HealthChoices Physical Health Managed Care Organizations (PH-MCOs) must submit to the Department all written policies and procedures for the Prior Authorization of services. The PH-MCO may require Prior Authorization for any services that require Prior Authorization in the Medical Assistance Fee-for-Service (FFS) Program. The PH-MCO must notify the Department of the FFS authorized services they will continue to prior authorize and the basis for determining if the service is Medically Necessary. The PH-MCO must receive advance written approval from the Department to require the Prior Authorization of any services not currently required to be Prior Authorized under the FFS Program. For each service to be Prior Authorized, the PH-MCO must submit for the Department's review and approval the written policies and procedures in accordance with the guidelines described below. The policies and procedures must:

- Be submitted in writing, for all new and revised criteria, prior to implementation;
- Be approved by the Department in writing prior to implementation;
- Adhere to specifications of the HealthChoices RFP, HealthChoices Agreement, federal regulations, and applicable policy in Medical Assistance General Regulations, Chapter 1101 and DHS regulations;
- Ensure that physical health care is Medically Necessary and provided in an appropriate, effective, timely, and cost efficient manner;
- Adhere to the applicable requirements of Centers for Medicare and Medicaid Services (CMS) Guidelines for Internal Quality Assurance Programs of Health Maintenance Organizations (HMOs), Health Insuring Organizations (HIOs), and Prepaid Health Plans (PHPs), contracting with Medicaid/Quality Assurance Reform Initiative (QARI);
- Include an expedited review process to address those situations when an item or service must be provided on an urgent basis; and
- Be submitted on an annual basis for review and approval.

Future changes in state and federal law, state and federal regulations, and court cases may require re-evaluation of any previously approved Prior Authorization proposal. Any deviation from the policies and procedures approved by the Department, including time frames for decisions, is considered to be a change and

requires a new request for approval. Failure of the PH-MCO to comply may result in sanctions and/or penalties by the Department. The Department defines prior authorization as a determination made by a PH-MCO to approve or deny payment for a Provider's request to provide a service or course of treatment of a specific duration and scope to a Member prior to the Provider's initiation or continuation of the requested service.

The DHS Prior Authorization Review Panel has the sole responsibility to review and approve all prior authorization proposals from the PH-MCOs.

## **B. Guidelines for Review**

1. Basic Requirements:
  - a. The PH-MCO must identify individual service(s), medical item(s), and/or therapeutic categories of drugs to be Prior Authorized.
  - b. If the Prior Authorization is limited to specific populations, the PH-MCO must identify all populations who will be affected by the proposal for Prior Authorization.
2. Medically Necessary Requirements:
  - a. The PH-MCO must describe the process to validate medical necessity for:
    - covered care and services;
    - procedures and level of care;
    - medical or therapeutic items.
  - b. The PH-MCO must identify the source of the criteria used to review the request for Prior Authorization of services. The criteria must be consistent with the HealthChoices contract definition for a service or benefit that is Medically Necessary. All criteria must be submitted to the Department for evaluation and approval prior to implementation.
  - c. For PH-MCOs, if the criteria being used are:
    - Purchased and licensed, the PH-MCO must identify the vendor;
    - Developed/recommended/endorsed by a national or state health care provider association or society, the PH-MCO must identify the association or society;

- Based on national best practice guidelines, the PH-MCO must identify the source of those guidelines;
  - Based on the medical training, qualifications, and experience of the PH-MCO's Medical Director or other qualified and trained practitioners, the PH-MCO must identify the individuals who will determine if the service or benefit is Medically Necessary.
- d. PH-MCO guidelines to determine medical necessity of all drugs that require prior authorization must be posted for public view on the PH-MCO's website. This includes, but is not limited to, guidelines to determine medical necessity of both specific drugs and entire classes of drugs that require prior authorization for health and safety reasons, non-formulary designations, appropriate utilization, quantity limits, or mandatory generic substitution. The guidelines must specify all of the conditions that the PH-MCO reviewers will consider when determining medical necessity including requirements for step therapy.
- e. The PH-MCO must identify the qualification of staff that will determine if the service is Medically Necessary. Health Care Providers, qualified and trained in accordance with the CMS Guidelines, the RFP, the HealthChoices Agreement, and applicable legal settlements must make the determination of Medically Necessary services.

For children under the age of twenty-one (21), requests for service will not be denied for lack of Medical Necessity unless a physician, dentist or other health care professional with appropriate clinical expertise in treating the Member's condition or disease determines:

- That the prescriber did not make a good faith effort to submit a complete request, or
- That the service or item is not Medically Necessary, after making at a minimum three reasonable efforts to contact the prescriber prior to issuing a denial for the requested service. For Drug denials, refer to Exhibit BBB. The reasonable efforts to contact the prescriber must be documented in writing.

### 3. Administrative Requirements

- a. The PH-MCO's written policies and procedures must identify the time frames for review and decisions and the PH-MCO must demonstrate that the time frames are consistent with the following required

maximum time frames:

- Immediate: Inpatient Place of Service Review for emergency and urgent admissions.
- 24 hours: All drugs; and items or services which must be provided on an urgent basis.
- 48 hours: (following receipt of required documentation) Home Health Services.
- 21 days: All other services.

- b. The PH-MCO's written policies and procedures must demonstrate how the PH-MCO will ensure adequate care management and overall continuity of care among all levels and specialty areas.
- c. The PH-MCO's written policies and procedures must explain how Prior Authorization data will be incorporated into the PH-MCO's overall Quality Management plan.

4. Notification, Grievance, and DHS Fair Hearing Requirements

The PH-MCO must demonstrate how written policies and procedures for requests for Prior Authorization comply and are integrated with the Member and Provider notification requirements and Member Grievance and DHS Fair Hearing requirements of the RFP and Agreement.

5. Requirements for Care Management/Care Coordination of Non-Prior Authorized Service(s)/Items(s)

For purposes of tracking care management/identification of certain diagnoses or conditions, and with advance written approval from the Department, the PH-MCO may choose to establish a process or protocol requiring notification prior to service delivery. This process must not involve any approvals/denials or delays in receiving the service. The PH-MCO must notify Providers of this notification requirement. This process may not be administratively cumbersome to Providers and Members. These situations need not comply with the other Prior Authorization requirements contained in this Exhibit.

## EXHIBIT J

### EPSDT GUIDELINES

The PH-MCO must adhere to specific Department regulations at 55 PA Code Chapters 3700 and 3800 as they relate to EPSDT examinations for individuals under the age of twenty-one (21) and entering substitute care or a child residential facility placement. These examinations must be performed within the timeframes established by the regulations. The scope of PH-MCO EPSDT requirements that address screening, diagnosis and treatment, tracking, follow-up and outreach, and interagency teams for children are provided below.

The PH-MCO must have written policies and procedures for providing all Medically Necessary Title XIX EPSDT services to all eligible individuals under the age of twenty-one (21) regardless of whether the service is included on the Medicaid State Plan. The PH-MCO must assist individuals in gaining access to necessary medical, social, education, and other services in accordance with the HealthChoices agreement.

#### 1. Screening

The PH-MCO must ensure that periodic EPSDT screens are conducted by a process, including data collection format, approved by the Department, on all Members under age twenty-one (21) to identify health and developmental problems. These screens must be in accordance with the most current periodicity schedule developed by the Department and recommended pediatric immunization schedules, both of which are based on guidelines issued by the American Academy of Pediatrics (AAP) and the Centers for Disease Control and Prevention (CDC).

#### 2. Diagnoses and Treatment

If a suspected problem is detected by a screening examination, the child must be evaluated as necessary for further diagnosis. This diagnosis is used to determine treatment needs. Following an EPSDT screen, if the screening Provider suspects developmental delay and the child is not receiving services at the time of screening, s/he is required to refer the child (not over five (5) years of age) through CONNECT, 1-800-692-7288, for referral for local Early Intervention Program services. The PH-MCO is also responsible to ensure that a child is referred to the county Intellectual Disabilities (ID) office for a determination of eligibility for home and community-based services. The Intellectual Developmental Disabilities County contacts are found at <http://pafamiliesinc.org/understanding-systems/intellectual-disabilities/intellectual-developmental-disabilities-county-contact-information-for-pennsylvania>. The PH-MCO is responsible for developing a system that tracks treatment needs as they are identified and ensures that appropriate follow-up is pursued and reflected in the medical record (see Section 3, Tracking, for all requirements).

OBRA '89 entitles individuals under the age of twenty-one (21) to receive all Medically Necessary health care services that are contained in Section 1905(a) of the Social Security Act and required to treat a condition diagnosed during any encounter with a Health Care Provider practicing within the scope of state law. Any Medically Necessary health care,

eligible under the federal Medicaid program, required to treat conditions detected during a visit must be covered by the PH-MCO, except Behavioral Health Services which will be covered through the BH-MCO. Even though the PH-MCO is not responsible for behavioral health treatment, it is still responsible for identifying Members who are in need of behavioral health treatment services, and for linking the Member with the appropriate BH-MCO.

The PH-MCO must have a system in place to address the need for and furnish expanded services. Such policies will be clearly communicated to Providers and Recipient through the Provider Manual and the Member Handbook. If a Health Care Provider prescribes services or equipment for an individual under the age of twenty-one (21), which is not normally covered by the MA Program, or for which the PH-MCO requires Prior Authorization, the PH-MCO must follow the Prior Authorization requirements outlined in Section V.B. and Exhibit H of the contract.

### 3. Tracking

The PH-MCO must establish a tracking system that provides information on compliance with EPSDT service provision requirements in the following areas:

- Initial visit for newborns. The initial EPSDT screen shall be the newborn physical exam in the hospital.
- EPSDT screen and reporting of all screening results.
- Diagnosis and/or treatment, or other referrals for children.
- Other tracking activities include: Number of comprehensive screens (reported by age); hearing and vision examinations; dental screens; age appropriate screens; complete age appropriate immunizations; blood lead screens; prenatal care for teen mothers; provision of eyeglasses to those in need of them; dental sealants; newborn home visits; referral of very low birth weight babies to early intervention; referral of Members under the age of five (5) with elevated blood lead levels to early intervention; routine evaluation for iron deficiencies; maternal depression screening; screenings for developmental delays and autism spectrum disorders; depression screenings; and timely identification and treatment of asthma.

### 4. Follow-ups and Outreach

The PH-MCO must have an established process for reminders, follow-ups and outreach to Members that includes:

- Written notification of upcoming or missed appointments within a set time period, taking into consideration language and literacy capabilities of Members.
- Telephone protocols to remind Members of upcoming visits and follow-up on missed appointments within a set time period.

- If requested, any necessary assistance with transportation to ensure that recipients obtain necessary EPSDT screening services. This assistance must be offered prior to each due date of a child's periodic examination.
- Protocols for conducting outreach with non-compliant Members, including home visits, as appropriate.
- A process for outreach and follow-up to Members under the age of twenty-one (21) with Special Needs, such as homeless children.
- A process for outreach and follow-up with County Children and Youth Agencies and Juvenile Probation Offices to assure that they are notified of all Members under the age of twenty-one (21) who are under their supervision and who are due to receive EPSDT screens and follow-up treatment.
- The PH-MCO may develop alternate processes for follow up and outreach subject to prior written approval from the Department.

The PH-MCO shall submit to the Department reports, as requested, that identify its performance in the above four required services (Screening, Diagnosis and Treatment, Tracking, and Follow-up and Outreach).

Arranging for Medically Necessary follow-up care for health care services is an integral part of the Provider's continuing care responsibility after a screen or any other health care contact. In cases involving a Member under the age of twenty-one (21) with complex medical needs or serious or multiple disabilities or illnesses, case management services must be offered, consistent with the HealthChoices agreement and exhibits.

To assist the PH-MCO in provision of the above four (4) required services (Screening, Diagnosis and Treatment, Tracking and Follow-up and Outreach) to children in substitute care, the PH-MCO will be required to develop master lists of all enrolled children who are coded as such on the monthly membership files. The PH-MCO must assign specific staff to monitor the services provided to these children and to ensure that they receive comprehensive EPSDT screens and follow-up services. The assigned staff must contact the relevant agencies with custody of these Members or with jurisdiction over them (e.g., County Children and Youth Agency, Juvenile Probation Office) when a particular child has yet to receive an EPSDT screen or is not current with their EPSDT screen and/or immunizations and to ensure that an appointment for such service is scheduled.

Further, in addition to the EPSDT related Pennsylvania Performance Measures, the PH-MCO must submit to the Department reports, as requested, providing all data regarding children in substitute care (e.g., the number of children enrolled in substitute care who have received comprehensive EPSDT screens, the number who have received blood level assessments, etc.).

## 5. Interagency Teams for EPSDT Services for Children

For the ongoing coordination of EPSDT services for Members under the age of twenty-one (21) identified with Special Needs, the PH-MCO must appoint a PH-MCO representative who will ensure coordination with other health, education and human services systems in the development of a comprehensive individual/family services plan.

The goal is to develop and implement a comprehensive service plan through a collaborative interagency team approach, which ensures that children have access to appropriate, coordinated, comprehensive health care. To achieve this goal, The PH-MCO must ensure the following:

- Children have access to adequate pediatric care.
- The service plan is developed in coordination with the interagency team, including the child (when appropriate), the adolescent and family members and a PH-MCO representative.
- Development of adequate specialty Provider Networks.
- Integration of covered services with ineligible services.
- Prevention against duplication of services.
- Adherence to state and federal laws, regulations and court requirements relating to individuals with Special Needs.
- Cooperation of PH-MCO Provider Networks.
- Applicable training for PCPs and Providers including the identification of PH-MCO contact persons.

### HEALTHCARE EFFECTIVENESS DATA AND INFORMATION SET (HEDIS®)

HEDIS® is a set of standardized performance measures designed to reliably compare health plan performance. HEDIS® performance measures are divided into five domains of care:

- Effectiveness of care,
- Access/availability of care,
- Experience of care (Adult and Child CAHPS®),
- Utilization and Relative resource use, and
- Health plan descriptive information.

The Department requires that the PH-MCOs:

- A. Must produce rates for all Medicaid reporting measures, with the exclusion of the behavioral health measures, unless otherwise specified by the Department.
- B. Must follow NCQA specifications as outlined in the HEDIS® Technical Specifications clearly identifying the numerator and denominator for each measure.
- C. Must have all HEDIS® results validated by an NCQA-licensed vendor. The Department currently contracts with an NCQA-licensed entity to validate the MCOs' HEDIS® results used in public reporting. The MCO may utilize these validation results for other purposes such as pursuit of accreditation. The Department may at some future date relinquish the direct contracting of NCQA validation activities.
- D. Must assist with the HEDIS® validation process by the Department's NCQA licensed contractor.
- E. Must demonstrate how HEDIS® results are incorporated into the MCO's overall Quality Improvement Plan.
- F. Must submit validated HEDIS® results annually on June 15<sup>th</sup> unless otherwise specified by the Department.

Measures publicly reported in the HealthChoices Consumer Guide are based on the Department's NCQA-licensed organization's validated findings.

## **Consumer Assessment of Healthcare Providers and Systems (CAHPS®)**

CAHPS® are a set of standardized surveys that assess patient satisfaction with the experience of care. CAHPS® surveys (Adult and Child) are subsets of HEDIS® reporting required by the Department. For HEDIS®, MCOs must contract with an NCQA-certified vendor to administer the survey according to the HEDIS® survey protocol that is designed to produce standardized results. The survey is based on a randomly selected sample of Members from the MCO and summarizes satisfaction with the experience of care through ratings and composites.

In addition to the Adult survey, HEDIS® incorporates a CAHPS® survey of parental experiences with their child's care. The separate survey is necessary because children's health care frequently requires different Provider Networks and addresses different consumer concerns (e.g. child growth and development).

The HEDIS® protocol for administering CAHPS® surveys consists of a mail protocol followed by telephone administration to those not responding by mail. MCOs must contract with a certified vendor to administer both the Adult and Child CAHPS® surveys. The MCO must generate a sample frame for each survey sample and arrange for an NCQA-certified auditor to verify the integrity of the sample frame before the certified vendor draws the sample and administers the survey. The MCOs are also required to have the certified vendor submit Member level data files to NCQA for calculation of HEDIS® and CAHPS® survey results. The Department requires that the MCOs:

- A. Must conduct both an Adult and Child CAHPS® survey using the current version of CAHPS®.
- B. Must include all Medicaid core questions in both surveys.
- C. Must add the additional three adult dental, four child dental and two (2) equity questions for the child and the adult sections listed below.,

### COORDINATION WITH BH-MCOS

The HealthChoices PH-MCOs and the BH-MCOs are required to develop and implement written agreements regarding the interaction and coordination of services provided to Recipients enrolled in the HealthChoices Program. These agreements must be submitted and approved by the Department. The PH-MCOs and BH-MCOs in the HealthChoices Zone are encouraged to develop uniform coordination agreements to promote consistency in the delivery and administration of services. A sample coordination agreement (which does not include all required procedures) can be found in Exhibit Q, Sample Model Agreement. Complete agreements, including operational procedures, must be available for review by the Department upon request. The agreements must be submitted for final review and approval to the Department at least thirty (30) days prior to the implementation of the HealthChoices Program. The written agreements must include, but not be limited to:

- Procedures which govern referral, collaboration and coordination of diagnostic assessment and treatment, prescribing practices, the provision of emergency room services and other treatment issues necessary for optimal health and prevention of disease. The PH-MCO and the BH-MCO must collaborate in relation to the provision of emergency room services. Emergency services provided in general hospital emergency rooms are the responsibility of the Member's PH-MCO, regardless of the diagnosis or services provided. The only exception is for emergency room evaluations for voluntary or involuntary commitment pursuant to the 1976 Mental Health Procedures Act which is the responsibility of the BH-MCO. Responsibility for inpatient admission will be based upon the Member's primary diagnosis. Procedures must define and explain how payment will be shared when the Member's primary diagnosis changes during a continuous hospital stay;
- Procedures, including Prior Authorization, which govern reimbursement by the BH-MCO to the PH-MCO for behavioral health service provided by the PH-MCO or vice versa and the resolution of any payment disputes for services rendered. Procedures must include provisions for differential diagnosis of persons with co-existing physical and behavioral health disorders, as well as provisions for cost-sharing when both Physical and Behavioral Health Services are provided to a Member by a service Provider;
- Procedures for the exchange of relevant enrollment and health-related information among the BH-MCO, the PH-MCO, and PCP and Behavioral and Physical Health Services Providers in accordance with federal and state confidentiality laws and regulations; (e.g., periodic treatment updates with identified primary and relevant specialty Providers);
- Policy and procedures for obtaining releases to share clinical information and providing health records to each, other as requested, consistent with state and federal confidentiality requirements;

- Procedures for training and consultation to each other to facilitate continuity of care and cost-effective use of resources;
- A mechanism for timely resolution of any clinical and fiscal payment disputes, including procedures for entering into binding arbitration to obtain final resolution;
- Procedures for serving on interagency teams, as necessary;
- Procedures for the development of adequate Provider Networks to serve Special Needs populations and coordination of specialized service plans between the BH-MCO service managers, Behavioral Health Service Provider(s) and the PH-MCO PCP for Members with special health needs (e.g., Behavioral Health Services for individuals under the age of twenty-one (21) in medical foster care and older adults with coexisting physical and behavioral health disorders);
- The BH-MCO is required to provide behavioral health crisis intervention and other necessary In-Plan Services to Members with behavioral health Emergency Conditions. The PH-MCO and BH-MCO must establish clear procedures for coordinating the transport and treatment of persons with behavioral health emergencies who initially present themselves at general hospital emergency rooms to appropriate behavioral health facilities;
- Procedures for the coordination and payment of emergency and non-emergency medically necessary ambulance transportation of Members. All emergency and non-emergency medically necessary ambulance transportation for both physical and behavioral health covered services is the responsibility of the Member's PH-MCO even for a behavioral health diagnosis.
- Procedures for the coordination of laboratory services;
- Mechanisms and procedures to ensure coordination between the BH-MCO service managers, Member services staff and BH-MCO network Providers with the PH-MCO's Special Needs Unit. The effectiveness of these mechanisms shall be included as an area for review by the BH-MCO's Quality Assurance Program and the PH-MCO's Quality Management Program;
- Procedures for the PH-MCO to provide physical examinations required for the delivery of Behavioral Health Services, within designated time frames for each service;
- Procedures for the interaction and coordination of pharmacy.

To ensure that there is support for the coordination of care between the PCP and the behavioral health Provider, appropriate county contacts can be found at the following Internet addresses:

### PH-MCO RECIPIENT COVERAGE DOCUMENT

This Recipient Coverage Document (RCD) includes descriptions of policies supported by the Department's data systems and processes. In cases where policies in this document conflict with another provision of the Managed Care Organization's (PH-MCO) Agreement, the Agreement will take precedence.

PH-MCO coverage as detailed in this document does not imply coverage under a BH-MCO, or CHC-MCO. Refer to the BH-MCO RCD for behavioral health coverage guidelines and CHC-MCO PCD for Community Health Choices coverage guidelines.

The Department will provide sufficient information to the PH-MCO to reconcile PH-MCO membership data and amounts paid to and recovered from the PH-MCO. The Department will pay capitation to only one PH-MCO per recipient per month.

#### **Coverage Rules**

A PH-MCO is responsible for a Member if coverage is determined by applying the general rules found in any of paragraphs A, B, or C below, subject to exceptions and clarifications found in paragraphs D, E, F, and G.

Refer to the HealthChoices Intranet site for additional information on Recipient coverage, clarifications, examples, and Membership Enrollment/Disenrollment procedures.

- A. Responsibility to Provide MA Benefits - Unless otherwise specified, the PH-MCO is responsible for providing MA benefits to its Members in accordance with eligibility information included on the Daily or Monthly 834 Eligibility File, which is provided by the Department to each PH-MCO.
- B. Membership Files/Coverage Dates/Eligibility - Daily and Monthly 834 Eligibility Files are provided to each PH-MCO containing information and changes that apply to its Members. The PH-MCO is responsible for providing services for each PH-MCO Member identified on the Daily or Monthly 834 Eligibility File from the first day of the calendar month or the PH-MCO Start Date, whichever is later, through the last day of the calendar month or the PH-MCO coverage end date, if different. The Department will pay Capitation to the PH-MCO from the first day of coverage in a month through the last day of the calendar month, except when transferring to a CHC-MCO. If a PH-MCO member transfers to a CHC-MCO the Department will pay capitation to the PH-MCO only through the day prior to the CHC begin date. PH-MCO coverage dates beyond the last day of the month are preliminary information that is subject to change.

eCIS will retain a Member's PH-MCO selection for six (6) months after a Member becomes ineligible for MA. These Members will become the responsibility of the same PH-MCO if they regain MA eligibility during that six-month period and their

category of assistance and geographic location are valid for that PH-MCO. Upon regaining MA eligibility, the PH-MCO Start Date will be the MA eligibility Start Date on Client Information System (eCIS) or the date MA eligibility was reopened in eCIS, whichever is later.

- C. Benefit Packages - The Department has established two benefit packages based on age: Adult and Children's. The Adult package includes individuals age 21 years old or older. The Children's package includes individuals under age 21 years. Refer to the Daily and Monthly 834 Eligibility Files to determine benefits during a month based on these criteria.
- D. Exceptions and Clarifications - The Department will recover Capitation payments made for Members who the Department has determined the PH-MCO was not responsible for providing services.

The PH-MCO will not be responsible for and will not be paid when the Department notifies the PH-MCO of Members for whom they are not responsible.

- 1. Errors in PH-MCO coverage identified from any source must be reported to the Department within forty-five (45) days of receipt of the Daily 834 Eligibility File for changes to be considered.

If a Recipient is enrolled in a PH-MCO in error, that PH-MCO is responsible for covering the Recipient until the Department is notified and the correction is applied to the eCIS eligibility record.

If at the time of notification to the Department, the Member was disenrolled in error from a PH-MCO and the Member is enrolled in a different PH-MCO, the Member will be reenrolled in the previous PH-MCO effective the first of the next month. However, if at the time of notification, the Recipient is covered by FFS, the Recipient will be reenrolled into the same PH-MCO effective the day following notification to the Department.

- 2. If eCIS shows an exemption code or a facility/placement code that precludes PH-MCO coverage, the Recipient will not be enrolled in a PH-MCO.
- 3. If eCIS shows Fee-For-Service (FFS) coverage that coincides with PH-MCO coverage, the Member may use either coverage and there will be no monetary adjustment between the Department and the PH-MCO. (This is subordinate to #7 below.)
- 4. If a PH-MCO has actual knowledge that a Member is deceased, and if such Member shows on either the Daily or Monthly 834 Eligibility File as active, the PH-MCO is required to notify the County Assistance Office (CAO) and the Department. The Department will recover Capitation payments made for up to twenty-one (21) months after the service month in which the date of death occurred.

5. The Department will recover Capitation payments for Members who were later determined to be ineligible for PH-MCO coverage or who were placed in a setting that results in the termination of PH-MCO coverage by the Department. The Department will recoup payments back to the month following the month in which the termination of coverage occurred, for up to twelve (12) months afterwards (e.g., today's date is 9/18/2020 and central office staff end date managed care coverage 9/30/2020 – payments are recouped for 10/2019 through 9/2020. See Section F for examples of placements that result in termination of coverage).
6. The Department is not responsible for making a Capitation payment for a month in which a Member aged twenty-one through sixty-four (21 – 64) resides in a free-standing IMD at least sixteen (16) days in that calendar month and the Member's condition is not related to a Substance Use Disorder (SUD). This applies without regard to the number of days in the month in which the Member is enrolled in the PH-MCO. Recovery of capitation payments that meet these criteria is limited to 18 (eighteen) months. Additionally, the Department will make a separate payment to the PH-MCO for the days the Member does not reside in the freestanding IMD during a calendar month as noted in Section VII.E.13 of the Agreement.
7. A newborn is the responsibility of the PH-MCO that covered the mother on the newborn's date of birth. Where eCIS does not reflect this, the PH-MCO must notify the Department to correct coverage. The Department will generate Capitation payments as appropriate. Limitations in Sections E-2 and E-3 applicable to the mother will apply to the newborn.

Exception #1: If mother is in a PH-MCO, and C&Y assumes custody of the newborn at birth and places the child in a county within the same HC zone as the mother, the child's coverage will mirror the mother's PH-MCO coverage.

Exception #2: If mother is in a PH-MCO, and C&Y assumes custody of the newborn at birth and places the child in a county outside of the same HC zone where the mother resides, the child will be FFS until auto-assignment or the selected PH-MCO is effective in the new HC County.

8. A Member's change of residence out of a PH-MCO's service area does not necessarily exempt the PH-MCO from the responsibility to provide MA benefits. It is the PH-MCO's responsibility to inform the CAO of the address change upon receipt of information that a Member is residing outside the PH-MCO service area.
9. Pursuant to the rules outlined in the RCD, the absence of MA eligibility indicated on eCIS for a certain date does not necessarily exempt the PH-MCO from its responsibility to provide MA benefits for that date. Refer to Section E, Coverage During Inpatient Hospital Stays, for applicable rules.

10. Dual Eligibles who are enrolled in Medicare Part D and who turn 21 years of age will be identified by the Department on the first Friday of each month, and will be disenrolled from the PH-MCO effective the end of the month in which the Department identifies that the Member turned 21 years of age. In addition, newly identified Dual Eligibles age 21 and over will be disenrolled the end of the month following the month in which Medicare Part D is posted to their eligibility record. The PH-MCO remains responsible for these Members through the disenrollment date.
  
11. The Department reserves the right to intercede in requests for expedited enrollments when Medically Necessary. The Department's determination for the expedited enrollment will be final. The Capitation rate will be retroactively adjusted for each PH-MCO based on the effective date of the expedited enrollment.
  
12. The PH-MCO must provide Out-Of-Area Covered Services for a Member as long as they remain a resident of the Commonwealth and the zone. The PH-MCO remains responsible for a Member who is:
  - attending a college or university in a state other than Pennsylvania,
  - attending a college or university in a zone other than their zone of residence, or
  - traveling outside of the zone.

At the sole discretion of the Department, the Member may be disenrolled from the PH-MCO and enrolled in FFS. The Department will take into consideration such factors as distance from Pennsylvania, the intensity and duration of medically required services, and whether the PH-MCO has a business presence nearby.

- E. Change in PH-MCO Coverage During Inpatient Hospital Stays - Payment responsibility when an MA Recipient has managed care coverage during part of a hospital stay is detailed in the Rules below. Note that one or more of these rules may apply during a particular hospital stay.

<b>RULE: E-1.</b>	
<b>Condition</b>	<b>A Recipient who is covered by FFS when admitted to a hospital becomes eligible for PH-MCO coverage while still in the hospital.</b>
<b>PH-MCO Coverage Responsibility</b>	As of the PH-MCO start date, the PH-MCO is responsible for physician, DME, and all other covered services not included in the hospital bill.
<b>MA FFS Coverage Responsibility</b>	The FFS program is responsible for the hospital bill through the date of discharge.  Note: If the Recipient is discharged from the initial hospital and admitted to another hospital (acute or rehabilitation) after the PH-MCO Start Date, FFS is only responsible for the stay in the initial hospital through the date of discharge. The PH-MCO is responsible for the stay in the subsequent hospital upon admission.

<b>RULE: E-2.</b>
-------------------

<b>Condition</b>	<b>A Recipient who is covered by a PH-MCO when admitted to a hospital loses PH-MCO coverage and assumes FFS coverage while still in the hospital.</b>
<b>PH-MCO Coverage Responsibility</b>	<p>The PH-MCO is responsible for the hospital stay with the following exceptions:</p> <p>EXCEPTION #1: If the Recipient is still in the hospital on the FFS coverage begin date, and the Recipient's FFS coverage begin date is the first day of the month, the PH-MCO is financially responsible for the stay through the last day of that month.</p> <p>Example: If a Recipient covered by the PH-MCO is admitted to a hospital on June 21 and the FFS coverage begin date is July 1, the FFS program assumes payment responsibility for the stay on August 1. The PH-MCO remains financially responsible for the stay through July 31.</p> <p>EXCEPTION #2: If the Recipient is still in the hospital on the FFS coverage begin date, and the Recipient's FFS coverage begin date is any day other than the first day of the month, the PH-MCO is financially responsible for the stay through the last day of the following month.</p> <p>Example: If a Recipient covered by a PH-MCO is admitted to a hospital on June 21 and the FFS program coverage begin date is July 15, the FFS program assumes payment responsibility for the stay on September 1. The PH-MCO program remains financially responsible for the stay through August 31.</p>
<b>MA FFS Coverage Responsibility</b>	<p>Starting with the FFS coverage begin date, FFS is responsible for physician, DME, and other bills not included in the hospital bill.</p> <p>EXCEPTION #1: The FFS program is financially responsible for the stay beginning on the first day of the next month.</p> <p>EXCEPTION #2: The FFS program is financially responsible for the stay beginning on the first day of the month following the next month.</p>

<b>RULE: E-3.</b>	
<b>Condition</b>	<b>A Recipient covered by a PH-MCO when admitted to a hospital transfers to another PH-MCO while still in the hospital.</b>
<b>PH-MCO Coverage Responsibility</b>	<p>The surrendering PH-MCO is responsible for the hospital stay with the exceptions below. As of the gaining PH-MCO's Start Date, it is responsible for the physician, DME, and all other covered services not included in the hospital bill.</p> <p>EXCEPTION #1: If the Recipient is still in the hospital on the gaining PH-MCO Start Date, and the Recipient's gaining PH-MCO Start Date is the first day of the month, the surrendering PH-MCO is financially responsible for the stay through the last day of the month. The gaining PH-MCO is financially responsible for the stay beginning on the first day of the next month.</p> <p>Example: If a Recipient is admitted to a hospital on June 21 and the gaining PH-MCO start date is July 1, the gaining PH-MCO assumes payment responsibility for the stay on August 1. The surrendering PH-MCO remains financially responsible for the stay through July 31.</p> <p>EXCEPTION #2: If the Recipient is still in the hospital on the gaining PH-MCO coverage begin date, and the gaining PH-MCO Start Date is any day other than the first day of the month, the surrendering PH-MCO is financially responsible for the stay through the last day of the following month. The gaining PH-MCO is financially responsible for the stay beginning on the first day of the month following the next month.</p> <p>Example: If a Recipient is admitted to a hospital on June 21 and the gaining PH-MCO start date is July 15, the gaining PH-MCO assumes payment responsibility for the stay on September 1. The surrendering PH-MCO remains financially responsible for the stay through August 31.</p>
<b>MA FFS Coverage Responsibility</b>	There is no FFS coverage in this example.

<b>RULE: E-4a.</b>	
<b>Condition</b>	<b>A Recipient covered by a PH-MCO when admitted to a hospital loses and regains MA eligibility while in the hospital (Recipient is not discharged), resulting in a break in PH-MCO coverage. The Department's Division of Medicaid Management Information Systems (MMIS) Operations becomes aware of the break in PH-MCO coverage by the end of the month following the month in which it is lost.</b>
<b>PH-MCO Coverage Responsibility</b>	<p>MMIS Operations will reopen the Recipient's PH-MCO coverage retroactive to the day it was end-dated on eCIS and adjust the Capitation payment accordingly. The PH-MCO continues to be financially responsible for the stay including the physician, DME, and all other covered services.</p> <p>Example: A Recipient who is admitted to the hospital on March 10 loses MA eligibility effective March 22 and regains it on April 9 retroactive to March 22. The PH-MCO coverage on eCIS shows the Recipient was end-dated March 31 and reopened in the PH-MCO with a new PH-MCO begin date of April 9. On April 25, MMIS Operations becomes aware of the situation.</p> <p>Because MMIS Operations is aware of the loss of MA eligibility within the month following the month in which it was lost, MMIS Operations reopens the PH-MCO coverage retroactive to April 1, the day after the PH-MCO end-date is posted on eCIS (March 31). The PH-MCO continues to be financially responsible for the stay including the physician, DME, and all other covered services.</p>
<b>MA FFS Coverage Responsibility</b>	There would be no FFS coverage in this example.

<b>RULE: E-4b.</b>	
<b>Condition</b>	<b>A Recipient covered by a PH-MCO when admitted to a hospital loses and regains MA eligibility while in the hospital (Recipient is not discharged), resulting in a break in PH-MCO coverage. MMIS Operations does not become aware of the break in PH-MCO coverage by the end of the month following the month in which it is lost.</b>
<b>PH-MCO Coverage Responsibility</b>	<p>Example: Same as in RULE: E-4a except, because MMIS Operations is not aware of the break in PH-MCO coverage by the end of the month following the month in which it was lost, the PH-MCO coverage is not reopened retroactive to the day it was end-dated on eCIS (March 31). The PH-MCO is only responsible for covering the Recipient through the end of March.</p>
<b>MA FFS Coverage Responsibility</b>	FFS is responsible effective April 1.

<b>RULE: E-4c.</b>	
<b>Condition</b>	<b>A Recipient covered by a PH-MCO when admitted to a hospital loses MA eligibility while in the hospital (Recipient is not discharged). The Recipient regains MA eligibility retroactively after the month following the month in which the MA eligibility was ended, regardless of when MMIS Operations became aware of the action.</b>
<b>PH-MCO Coverage Responsibility</b>	<p>Example: A Recipient who is admitted to the hospital on March 10 loses MA eligibility effective March 22. The Recipient regains MA eligibility on May 15 retroactive to March 22. The PH-MCO coverage on eCIS shows the Recipient was end-dated March 31 and reopened in the PH-MCO with a new start date of May 15.</p> <p>Because the MA eligibility was not reopened within the month following the month in which it was lost, the PH-MCO coverage is not reopened retroactive to the day it was end-dated on eCIS (March 31). The PH-MCO is only responsible for covering the Recipient through the end of March.</p>

The PH-MCO coverage on eCIS shows the Recipient was end-dated March 31 and reopened in the PH-MCO with a new begin date of April 22.</p> <p>Because the Recipient was discharged from the hospital before the MA eligibility was reopened, which resulted in a 3-day period of FFS coverage on eCIS, MMIS Operations does not reopen the PH-MCO coverage retroactive to April 1. The PH-MCO is only responsible for the stay through the end of March.</p>
<b>MA FFS Coverage Responsibility</b>	FFS is responsible effective April 1.

- F. Other Causes for Coverage Termination and Involuntary Disenrollment. If a condition described in the following sections occurs, the PH-MCO must notify the Department. In accordance with the Department's disenrollment guidelines, MMIS Operations will take action to disenroll the Member. The Department will recoup payments back to the month following the month in which the termination of coverage occurred, for up to twelve (12) months afterwards. For example, today's date is 9/18/2020 and central office staff end date managed care coverage 9/30/2019 – payments are recouped for 10/2019 through 9/2020).

If a Recipient is placed in a setting listed in these sections and is under FFS prior to the PH-MCO's Start Date, PH-MCO coverage will be voided and adjustments will be processed for any Capitation payments made.

The PH-MCO must notify the Department within sixty (60) days following the satisfaction of the Department's disenrollment guidelines in order for MMIS Operations to end-date the member's enrollment. Failure on the part of the PH-MCO to notify MMIS Operations within the sixty (60) days will result in the end date being delayed, thereby extending the PH-MCO's responsibility for covering the Recipient. The PH-MCO should not hold and then later submit the notifications.

The PH-MCO must make a reasonable effort to obtain the certification from the Provider. If the Provider certification is not received within seventy-two (72) hours of the Member's request for expedited review, the PH-MCO must decide the Grievance within the standard time frames as set forth in this Exhibit, unless the time frame for deciding the Grievance has been extended by up to fourteen (14) days at the request of the Member. ##### **1. Fair Hearing Process**

- a. A Member or Member's representative must file a Complaint or Grievance with the PH-MCO and receive a decision on the Complaint or Grievance before filing a request for a Fair Hearing. If the PH-MCO fails to provide written notice of a Complaint or Grievance decision within the time frames specified in this Exhibit, the Member is deemed to have exhausted the Complaint or Grievance process and may request a Fair Hearing.
- b. The Member or the Member's representative may request a Fair Hearing within one hundred and twenty (120) days from the mail date on the written notice of the PH-MCO's first level Complaint decision or Grievance decision for any of the following:
  - i. the denial, in whole or part, of payment for a requested service or item based on lack of Medical Necessity;
  - ii. the denial of a requested service or item because the service or item is not a covered service;
  - iii. the reduction, suspension, or termination of a previously authorized service or item;
  - iv. the denial of a requested service or item but approval of an alternative service or item;
  - v. the failure of the PH-MCO to provide a service or item in a timely manner, as defined by the Department;
  - vi. the failure of a PH-MCO to decide a Complaint or Grievance within the specified time frame;
  - vii. the denial of payment after a service or item has been delivered because the service or item was provided without authorization by a Provider not enrolled in the MA Program;

- viii. the denial of payment after a service or item has been delivered because the service or item is not a covered service for the Member;
  - ix. the denial of a Member's request to dispute a financial liability, including cost sharing, copayments, premiums, deductibles, coinsurance, and other Member financial liabilities.
- c. The request for a Fair Hearing must include a copy of the written notice of decision that is the subject of the request unless the PH-MCO failed to provide written notice of the Complaint or Grievance decision within the time frames specified in this Exhibit.
- d. A Fair Hearing may be requested as follows:
- i. Fax: 1-717-772-6328
  - ii. Mail: Department of Human Services  
OMAP – HealthChoices Program  
Complaint, Grievance and Fair Hearings  
P.O. Box 2675  
Harrisburg, Pennsylvania 17105-2675
- e. A Member who files a request for a Fair Hearing that disputes a decision to discontinue, reduce, or change a service or item that the Member has been receiving must continue to receive the disputed service or item at the previously authorized level pending resolution of the Fair Hearing, if the request for a Fair Hearing is hand delivered, faxed, or post-marked within ten (10) days from the mail date on the written notice of decision.
- f. Upon receipt of the request for a Fair Hearing, BHA or the Department's designee will schedule a hearing. The Member and the PH-MCO will receive notification of the hearing date by letter at least ten (10) days before the hearing date, or a shorter time if requested by the Member. The letter will outline the type of hearing, the location of the hearing (if applicable), and the date and time of the hearing.
- g. The PH-MCO is a party to the hearing and must be present. The PH-MCO, which may be represented by an attorney, must be prepared to explain and defend the issue on appeal. BHA's decision is based solely on the evidence presented at the hearing. The absence of the PH-MCO from the hearing will not be reason to postpone the hearing.
- h. The PH-MCO must provide Members, at no cost, with records, reports, and documents relevant to the subject of the Fair Hearing.
- i. BHA will issue an adjudication within ninety (90) days of the date the Member filed the first level Complaint or the Grievance with the PH-MCO,

not including the number of days before the Member requested the Fair Hearing. If BHA fails to issue an adjudication within ninety (90) days of receipt of the initial request of the first level complaint or grievance, less the time it took the member to request a Fair Hearing, the PH-MCO must comply with the requirements at 55 Pa. Code § 275.4 regarding the provision of interim assistance upon the request for such by the Member. When the Member is responsible for delaying the hearing process, the time limit by which BHA must issue the adjudication prior to interim assistance being afforded will be extended by the length of the delay attributed to the Member.

- j. BHA's adjudication is binding on the PH-MCO unless reversed by the Secretary of Human Services. Either party may request reconsideration from the Secretary within fifteen (15) days from the date of the adjudication. Only the Member may appeal to Commonwealth Court within thirty (30) days from the date of the BHA adjudication or from the date of the Secretary's final order, if reconsideration was granted. The decisions of the Secretary and the Court are binding on the PH-MCO.

## **2. Expedited Fair Hearing Process**

- a. A Member or the Member's representative may file a request for an expedited Fair Hearing with the Department either in writing or orally.
- b. A Member must exhaust the Complaint or Grievance process prior to filing a request for an expedited Fair Hearing.
- c. BHA will conduct an expedited Fair Hearing if a Member or a Member's representative provides the Department with a signed written certification from the Member's Provider that the Member's life, physical or mental health, or ability to attain, maintain, or regain maximum function would be placed in jeopardy by following the regular Fair Hearing process or if the Provider provides testimony at the Fair Hearing which explains why using the usual time frames would place the Member's life, physical or mental health, or ability to attain, maintain, or regain maximum function in jeopardy.
- d. A Member who files a request for an expedited Fair Hearing that disputes a decision to discontinue, reduce, or change a service or item that the Member has been receiving must continue to receive the disputed service or item at the previously authorized level pending resolution of the Fair Hearing, if the request for an expedited Fair Hearing is made orally, hand delivered, or post-marked within ten (10) days from the mail date on the written notice of decision.
- e. Upon the receipt of the request for an expedited Fair Hearing, BHA or the Department's designee will schedule a hearing.

- f. The PH-MCO is a party to the hearing and must be present. The PH-MCO, which may be represented by an attorney, must be prepared to explain and defend the issue on appeal. The absence of the PH-MCO from the hearing will not be reason to postpone the hearing.
- g. The PH-MCO must provide the Member, at no cost, with records, reports, and documents relevant to the subject of the Fair Hearing.
- h. BHA will issue an adjudication within three (3) business days from receipt of the Member's oral or written request for an expedited review.
- i. BHA's adjudication is binding on the PH-MCO unless reversed by the Secretary of Human Services. Either party may request reconsideration from the Secretary within fifteen (15) days from the date of the adjudication. Only the Member may appeal to Commonwealth Court within thirty (30) days from the date of adjudication or from the date of the Secretary's final order, if reconsideration was granted. The decisions of the Secretary and the Court are binding on the PH-MCO.

#### **E. Provision of and Payment for Service or Item Following Decision**

1. If the PH-MCO, BHA, or the Secretary reverses a decision to deny, limit, or delay a service or item that was not furnished during the Complaint, Grievance, or Fair Hearing process, the PH-MCO must authorize or provide the disputed service or item as expeditiously as the Member's health condition requires but no later than seventy-two (72) hours from the date it receives notice that the decision was reversed. If the PH-MCO requests reconsideration, the PH-MCO must authorize or provide the disputed service or item pending reconsideration unless the PH-MCO requests a stay of the BHA decision and the stay is granted.
2. If the PH-MCO, BHA, or the Secretary reverses a decision to deny authorization of a service or item, and the Member received the disputed service or item during the Complaint, Grievance, or Fair Hearing process, the PH-MCO must pay for the service or item that the Member received.

If a Member requests both an external appeal/review and a Fair Hearing, and the decisions rendered as a result of the external review and Fair Hearing are in conflict with one another, the PH-MCO must abide by the decision most favorable to the Member. In the event of a dispute or uncertainty regarding which decision is most favorable to the Member, the PH-MCO must submit the matter to the Department's Grievance and Appeals Coordinator for review and resolution.

### **REPORTING SUSPECTED FRAUD, WASTE, AND ABUSE**

The following requirements are adapted from 55 PA Code §1101, General Provisions for the Medical Assistance Program, specifically 55 PA Code §1101.75(a) and (b), Provider Prohibited Acts, which are directly adapted from the 62 PS §1407, (also referred to as Act 105 of 1980, Fraud and Abuse Control Act) and Federal Regulations 42 C.F.R. §§438.608(a)(7-8) and 455.23(a). The basis for Recipient referrals is 55 PA Code §1101.91 and §1101.92, Recipient Misutilization and Abuse and Recipient Prohibited Acts. For information on these regulations, go to the Pennsylvania Code and Bulletin website.

#### **Reporting Requirements:**

PH-MCOs are required to report to the Department any act by Providers/Recipients/Caregivers/Employees that may affect the integrity of the HealthChoices Program under the Medical Assistance Program. Specifically, if the PH-MCO suspects that either Fraud, Abuse or Waste (as discussed in Section V.O.4, Fraud and Abuse, of the Agreement) may have occurred, the PH-MCO must report the issue to the Department's Bureau of Program Integrity (BPI). In addition to referrals to the Department, the PH-MCO is required to simultaneously submit fraud referrals to the Pennsylvania Office of Attorney General Medicaid Fraud Control Section in accordance with 42 C.F.R. §438.608(a)(7). The referrals shall be submitted \ using the Department's PH-MCO Referral Form. Fraud referrals submitted to the Department using the PH-MCO Referral Form will be automatically sent to the Pennsylvania Office of Attorney General's Medicaid Fraud Control Section. The PH-MCO must have a process to notify BPI of any adverse actions and/or provider disclosures taken during the credentialing/re-credentialing process. Depending on the nature or extent of the problem, it may also be advisable to place the individual Provider on prepayment review or suspend payments to avoid unnecessary expenditures during the review process.

In addition to referrals to the Department, the PH-MCO is required to simultaneously submit fraud referrals directly to the Pennsylvania Office of Attorney General, Medicaid Fraud Control Section as provided in 42 C.F.R. §438.608(a)(7). Fraud referrals to the Pennsylvania Office of Attorney General, Medicaid Fraud Control Section will be submitted by using the Department's PH-MCO Referral Form. Fraud referrals submitted to the Department using the PH-MCO Referral Form will be automatically forwarded by the Department to the Pennsylvania Office of Attorney General, Medicaid Fraud Control Section. After the referral form is submitted, the PH-MCO is required to upload the supporting documentation to the Department using DocuShare. The PH-MCO is also required to upload the same supporting documentation to the Office of Attorney General, Medicaid Fraud Control Section through ShareFile.

The PH-MCO must also notify the Department if it recovers overpayments or improper payments related to Fraud, Waste or Abuse of Medical Assistance funds from non-administrative overpayments or improper payments made to Network Providers, or otherwise takes an adverse action against a Provider, e.g. restricting the Members or services of a PCP.

PH-MCOs are also required to report quality issues to the Department for further investigation. Quality issues are those which, on an individual basis, affect the Recipient's health (e.g. poor-quality services, inappropriate treatment, aberrant and/or abusive prescribing patterns, and withholding of Medically Necessary services from Recipient).

All Fraud, Abuse, Waste or quality referrals must be made promptly, within thirty (30) days of the identification of the problem/issue. The PH-MCO must conduct a preliminary investigation to the level of an indication of indicia of fraud. The PH-MCO may informally consult with other state agencies or law enforcement to reach this determination. The PH-MCO must send to BPI all relevant documentation collected to support the referral. Such information includes, but is not limited to, the materials listed on the "Checklist of Supporting Documentation for Referrals" located at the end of this exhibit. The Fraud and Abuse Coordinator, or the responsible party completing the referral, should check the appropriate boxes on the "Checklist of Supporting Documentation for Referrals" form to indicate the supporting documentation that is sent with each referral. A copy of the completed checklist and all supporting documentation should accompany each referral. Any egregious situation or act (e.g. those that are causing or imminently threaten to cause harm to a Member or significant financial loss to the Department or its agent) must be referred immediately to the Department's Bureau of Program Integrity for further investigation.

Failure to comply with the requirements of Exhibit KK will result in sanctions and or corrective action as stated in the HealthChoices Agreement. The Department must suspend all Medicaid payments to a provider after a determination that there is a credible allegation of fraud for which an investigation is pending against an individual or entity unless the Department has good cause not to suspend payments or to suspend payments in part. (42 C.F.R. 455.23 (a)). Upon notification from the Department of the imposition of a payment suspension, the PH-MCO, at a minimum, must also suspend payments to the provider.

The following processes are required for Provider/Caregiver and Employee referrals, unless prior approval is received from BPI. Reports must be submitted online using the PH-MCO Referral Form. Fraud allegations will result in an automatic dual referral to the Office of Attorney General and the Department. The instructions and form templates are located on the HealthChoices extranet website under Managed Care Programs/Fraud and Abuse.

Once completed, the PH-MCO must electronically submit the form to BPI. Additionally, the following information must be submitted to BPI electronically using a DocuShare folder designated by BPI:

- Checklist of Supporting Documentation for Referrals, accessible on the PH-MCO Referral Form,
- A copy of the confirmation page which will appear after the "Submit" button is clicked, submitting the PH-MCO Referral Form, and
- All supporting documentation. Referrals will not be processed but will be returned for further development if they are received without all supporting documentation.

The same information must be uploaded to the Office of Attorney General, Medicaid Fraud Control Section ShareFile system.

If DocuShare is inaccessible for any reason, the PH MCO will notify the BPI contract monitor, then mail the supporting information above to the below address:

Department of Human Services  
Bureau of Program Integrity – DPPC/DPR  
P.O. Box 2675  
Harrisburg, PA 17105-2675

All suspected member fraud, abuse and/or waste should be reported directly to the Bureau of Program Integrity's Recipient Restriction Section by the PH-MCO's Recipient Restriction Coordinator using the established restriction referral process.

In the event member fraud is suspected but the criteria for restriction is not met, the PH-MCO's Restriction Coordinator should forward all supporting documentation, including a narrative description of the alleged fraud, to the Department's Recipient Restriction Section.

All subsequent information should also be sent to the Recipient Restriction Section at:

### SPECIAL NEEDS UNIT

A member with Special Needs is based upon a non-categorical or generic definition of Special Needs. This definition will include but not be limited to key attributes of ongoing physical, developmental, emotional or behavioral conditions or life circumstance which may serve as a barrier to the member's access to care or services. Examples of members with Special Needs will include but not be limited to: Children with Special Health Care Needs including those requiring skilled or unskilled home shift care, Children in Substitute Care, those with limited English Proficiency, or special communication needs due to sensory deficits those with Physical and/or Intellectual/ Developmental Disabilities, those with HIV/AIDS, those with significant behavioral challenges, or members requiring transportation assistance. Examples of factors in the determination of a member with Special Need(s) include but are not limited to the following:

- Require care and/or services of a type or amount that is beyond what is typically required;
- Require extensive rehabilitative, habilitative, or other therapeutic interventions to maintain or improve the level of functioning for the individual;
- May require that primary care be managed by a specialist, due to the nature of the condition;
- May incur higher morbidity without intervention and coordination in the care of the individual;
- Require care and/or services that necessitate coordination and communication among Network Providers and/or Out-of-Network Providers including, but not limited to, housing, food, and employment challenges;
- Require care and/or services that necessitate coordination and collaboration with public and private community services organizations outside the PH-MCO;
- Require coordination of care and/or services between the acute inpatient setting and other facilities and Community Providers;
- Result in the Member requiring assistance to schedule or make arrangements for appointments or services, including arranging for transportation to and from appointments;
- Result in the need for language, communication, or mobility accommodations; or
- Result in the need for a Member to be accompanied or assisted while seeking or receiving care by an individual who may act on the Member's behalf.

- Require assistance in discharge planning from an inpatient or long-term care or pediatric residential setting to ensure the member will receive services in the least restrictive environment possible.
- Children who are in the custody of Office of Children, Youth and Families (OCYF) or known to have an open case with OCYF.
- Any condition, event or life circumstance that as a result inhibits a member's access to any necessary service or support needed to address their medical condition or maintain their current level of functioning.

### **Structure and Staffing Requirements of the Special Needs Unit**

The PH-MCO will be required to develop, train, and maintain a unit within its organizational structure that will be responsible to provide support and case management services to members with Special Needs in a timely manner.

This unit will be headed by a Special Needs Coordinator who must have access to and periodically consult with the Medical Director.

The PH-MCO Special Needs Unit case manager must function as the single point of contact to coordinate all health care needs including social determinates of health needs for vulnerable populations.

The case management staff must follow the Case Management Society of America standards of practice.

Individual case management staff that are eligible should be certified case managers or be working toward certification. Staff who are not currently certified or are not eligible to become certified must be supervised by a certified case manager.

The staff members will work in close collaboration with the BMCO SNU and the Enrollment Assistance Program Contractor's Special Needs contact person.

The Department expects the PH-MCO's Special Needs Unit to be staffed by individuals with either a medical and/or social services background, in sufficient number to initiate a response to a Member's inquiry within two (2) Business Days or sooner in urgent situations.

The Department expects the core staff members of the Special Needs Unit to be responsible primarily for the functions and operations associated with the unit, including the primary case management and care coordination for members and families receiving special needs services.

The Department also expects that at times the Special Needs Unit staff will have access to the resources of other departments within the PH-MCO to supplement the Special Needs Unit in assisting Members with Special Needs. The PH-MCO must show evidence of their access to and use of individuals with expertise in the treatment of Members with Special Needs to provide consultation to the Special Needs Unit staff, as needed.

The PH-MCO shall use knowledgeable and independent organizations such as consumer groups, disability advocacy groups, Special Needs consumers, and the Department of Health District Offices, when providing training to its Special Needs Unit staff, whenever possible.

### **Special Needs Unit Functions and Requirements**

The primary purpose of the Special Needs Unit is to ensure that each Member with Special Needs receives access to appropriate primary care, access to specialists trained and skilled in the needs of the Member including behavioral health and substance use disorder services, information about the access to a specialist as PCP if appropriate, information about and access to all covered services appropriate to the Member's condition or circumstance, including pharmaceuticals and DME, and access to needed community services to support housing, food and employment needs.

The Special Needs Unit must have a direct link to the Utilization Management functions of the PH-MCO and have input into the case review process. The PH-MCO must have procedures in place that ensure the proactive identification of and outreach to Members with Special Needs who may not self-identify as having a Special Need.

The PH-MCO Special Needs Unit case manager must function as the single point of contact to coordinate all health care needs including social determinates of health needs for vulnerable populations.

In the event that a Member is not satisfied with PH-MCO performance in any area, the Special Needs Unit case manager will be responsible for facilitating dispute resolution and for informing the Member of the Complaint, Grievance, and DHS Fair Hearing mechanisms that are available and assisting in that process as needed or requested.

Members with Special Needs determined to have ongoing needs for assistance will be assigned to a particular Special Needs Unit case manager and will have ready access to their Special Needs Unit case manager as long as they are enrolled in the PH-MCO. This case manager will be responsible to develop and maintain a Plan of Care (POC) for the member according to standards set forth in the CMSA standards of case management.

Members with Special Needs are permitted to change case managers as needed during their enrollment.

The Special Needs Unit will perform the following functions:

- Conduct necessary training for all PH-MCO staff to acquaint them with the purpose and function of the Special Needs Unit and the need to coordinate within departments to serve Members with Special Needs.
- Work towards education and training in the use of LifeCourse™ tools.

Meet face-to-face at least twice a year with the child and family and/or caregivers for the most complex members receiving shift care services. At least one of the face-to-face visits must be at the time of initial or recertification of shift care services. The PH-MCO staff must be appropriate licensed Special Needs Unit case management staff.

- Provide case management services for children in the custody of OCYF or known to have an active case.
- Ensure coordination between the PH-MCO and other health, education, and human services systems including County Children and Youth Services Offices, County Office of Intellectual Disability Services Offices and Juvenile Justice Offices. For a more inclusive list see Exhibit OO.
- The coordination between the PH-MCO and other health education, and human services systems may include coordination with the state level offices for these agencies as well. For example, the PH-MCOs would be expected to work with the Office of Developmental Programs (ODP) state office and the Family Facilitator on efforts to discharge children in a pediatric residential setting.
- Educate families with children in a pediatric residential setting on the role of ODP's Family Facilitator and the support that can be provided to the family and the member to ensure the best long-term plan for their child.
- Ensure adherence to state and federal laws, regulations, Departmental agreements and court requirements relating to individuals with Special Needs.
- A contact within the Special Needs Unit must be designated to act as a liaison with the BMCO SNU staff and the Enrollment Assistance Program contractor's Special Needs contact person.
- The PH-MCO must develop an appropriate automated process to operationalize the information on Special Needs individuals supplied by the Enrollment Assistance Program contractor.
- Sufficient telephone and alternative communication channels must be established to allow ready and timely interactions between the PH-MCO Special Needs Unit Coordinator, case managers, the Office of Medical Assistance Programs, the Enrollment Assistance Program contractor, Members with Special Needs, Providers (Network and Out-of-Network) and other health, education, and human services systems servicing Members with Special Needs and involved agencies.
- The PH-MCO Special Needs Unit must have a resource account email box in place for receipt of transition of care documentation to ensure timely access to all medically necessary services. The Special Needs Unit Coordinator and multiple staff must have access to this resource account.
- Appropriate arrangements must be made to effectively assist Members with Special Needs who speak languages other than English in accordance with the

RFP and Agreement requirements. In addition, efforts must be made to match Members with communication barriers due to disability or linguistic background with Providers with whom they can effectively communicate.

- Serve on interagency teams upon request by a Member or their family to facilitate and coordinate delivery of Physical Health Services contained in treatment plans for children and/or adults including, but not limited to, Individual Family Service Plans, Individual Educational Plans, Individual Habilitation Plans, and Individual Behavioral Health Treatment Plans.
- Special Needs Unit case managers must have a working knowledge of Children and Adolescent Support Services Program (CASSP) and the Community Support Program (CSP) principles and principles of drug and alcohol treatment.
- Ensure cooperation of the PH-MCO's Provider Network. Special Needs Unit case managers must facilitate communication and coordinate service delivery between primary care, specialty, ancillary, substance use disorder and behavioral health Providers to ensure Member's timely and uninterrupted access to care.
- Assist in the development of adequate Provider Networks, such as pediatric specialists, to serve Special Needs populations. Special Needs Unit case managers must assist and support Members with Special Needs in making an informed choice between Providers of equivalent services within the network. When adequate network capacity does not exist to allow for choice between network Providers of equivalent services, case managers must facilitate and coordinate services rendered by Out-of-Network Providers.
- Conduct necessary training for PCPs to assist them in providing services to diverse populations including the identification of the PH-MCO's Special Needs Unit contact persons.
- Provide ongoing coordination with PCPs to continually serve Special Needs population's Members.
- Attend ad hoc meetings, workgroups, etc., hosted by the Department that require mandatory attendance by Special Needs Unit staff.
- Attend public/community sponsored meetings with the Department's representative(s) at the discretion of the PH-MCO.
- If the PH-MCO chooses to subcontract any of the Special Needs Unit functions, the PH-MCO must maintain accountability by assigning responsibility for oversight of the subcontract to a senior executive within the organization.
- Conduct necessary training for all PH-MCO providers to acquaint them with the purpose and function of the Special Needs Unit and identify a contact within the Special Needs Unit as a direct contact for any provider to refer a member with special needs for assistance.

- Provide assistance to any member needing help in filing a Complaint, Grievance, or Fair hearing, and serve in an advocacy role to assist the member in obtaining any information necessary from any PH-MCO provider in support of a Complaint, Grievance or DHS Fair Hearing.
- Provide assistance to any member needing additional help to access the Department's Medical Assistance Transportation Program.
- Provide assistance to any member needing help transitioning from a pediatric to an adult provider. Proactively identify individuals between the ages of 18 and 21 that may be considered to be medically fragile members and provide enhanced assistance to them in transitioning to an adult provider. During this transitioning process ensure that they can receive care from a Pediatrician and adult Primary Care Provider at the same time to facilitate a seamless transition to adult care. These youth should be provided case management, at a minimum, until a successful transition is complete.
- Work in coordination with the Department's Resource Facilitation Team (RFT), other Department of Human Services Program Offices, and Service Coordinators to provide transition assistance to members receiving home shift care services under EPSDT into Home and Community Based Waivers and adult systems of support. This will include functioning as a liaison between the RFT and the member and family.
- For members in inpatient or residential facilities, the SN case manager will be responsible to take the lead with discharge planning to ensure the member is transitioning not only to the most appropriate and community-based environment for the child as possible, but to ensure that the environment and supports such as shift care, DME, and available community supports are in place in the new setting prior to any discharge occurring. Provide all necessary oversight including home or site visits with family or other caregivers to ensure adequate supports are in place for a safe discharge. Members in residential facilities will be required to be in active case management by a SNU PH-MCO case manager until the member is successfully discharged home or to another community or other care setting.
- Conduct face-to-face case management activities with members for whom telephonic case management has proven ineffective, and desired goals have not been attained. Utilize and interface with community-based care management staff to maintain a person-centered approach and to ensure that member-specific needs are being met.

The PH-MCO will develop, implement, and maintain a targeted Quality Management component focused on Members with Special Needs that is integrated into the Quality Management/Utilization Management Program as outlined in Exhibit M(1), Quality Management and Utilization Management Program Requirements.

The Special Needs Unit will provide data as required for special needs related to existing and new Operations (OPS) Reports and ad hoc requests concerning members with special needs.

The PH-MCO must collaborate with the Department to implement recommendations put forth in the white paper “Improving Pennsylvania’s Pediatric Shift Care Nursing Through Collaboration”.

## Exhibit NN(1)

### **SPECIAL NEEDS UNIT CASE MANAGEMENT STANDARDS**

This Exhibit NN(1) defines and supports the requirements for operationalization of Special Needs Unit (SNU) case management services within the PH-MCO. National case management standards and Pennsylvania specific standards were used in the development of the criteria set forth in this exhibit.

While these standards apply to any member who needs case management services, Section F. provides additional detail related to children residing in a residential care facility or in an extended hospital stay.

The SNU Case Manager (CM) is required to utilize needs assessments that have been completed to determine the member's immediate needs, encourage participation in case management, and establish a working relationship with the member or caretaker.

#### A. Assessment

1. The assessment must include at a minimum medical, behavioral, substance use, social determinate of health needs and sufficient information to perform risk stratification of the member/family/caregiver needs.
2. The SNU CM must review the needs assessment for the member/family/caregiver to determine areas of needs and develop a plan of care.
3. The SNU CM must ensure a culturally sensitive approach to all communication with member/family/caregiver.
4. The SNU CM must utilize and/or perform re-assessments at a minimum on a semi-annual basis in order to identify changing needs and incorporate the newly identified needs to the plan of care. The PH-MCO should perform a re-assessment if there is diagnosis of a new chronic health condition or an inpatient stay that would be indicative of a change in status or needs.

The SNU CM is required to work with the member/family/caregiver to develop a comprehensive plan of care that will guide all members of the care team to reach the goals outlined therein.

#### B. Plan of Care includes:

1. Documentation and prioritization of identified care needs, barriers, care gaps and solutions. This may include needs of family members/caregivers as these will impact member's success in reaching identified goals.

2. Evidence of member focused plan of care developed with member/family/caregiver and documentation of input from the care team.
3. The use of the LifeCourse™ framework, life span planning and other appropriate tools to assist with the development of a comprehensive plan of care.
4. Identify and document preferred methods of communication, including best contact modalities.
5. Incremental goals developed, documented, and assessed on a regular basis to meet the overarching goal of the plan of care as identified for and by the member/family/caregiver. The overarching goal may focus on prevention of emergency room visits, hospital, or long-term facility admissions, and of allowing the member to reside safely in the least restrictive setting.
6. Evidence and documentation of the coordination with individual(s) and/or local/community-based organization(s) responsible for the activities necessary to meet the goals.
7. Timeframes for achievement of goals.

The SNU CM is required to lead the implementation and coordination of care necessary to ensure progress is made towards member's goals.

C. Implementation and Coordination of Plan of Care includes:

1. Evidence of SNU CM involvement in the implementation of the steps necessary to meet the goals identified in the plan of care, including educational and training needs.
2. Evidence of SNU CM lead on the active and ongoing coordination of services and resources needed to mitigate the barriers and care gaps.
3. Documentation of coordination with the entire care team to provide successful outcomes.

The SNU CM is required to provide consistent monitoring, updating and evaluation of the steps essential to meet the goals documented in the plan of care.

D. Monitoring and Evaluation of Plan of Care includes:

The SNU CM is required to communicate and maintain case management services until such time the member/family/caregiver and the care team determine that the services are no longer necessary.

E. Closure of Case Management Services:

1. Upon completion of all goals identified as part of the plan of care, member/family/caregiver and all team members agree that regular SNU CM services are no longer necessary.

3. Understanding that member can access SNU CM services at any time even after the plan of care has been closed.

F. Specifics for Children in a Residential Facility or Extended Inpatient Hospital Stay (facilities). An Extended Inpatient Hospital Stay is defined for the purpose of this requirement as any inpatient stay in a hospital or other type of inpatient facility that extends beyond 30 days.

1. The PH-MCO will establish and maintain a working relationship with facilities and the Office of Developmental Programs' Family Facilitator.
2. In addition to the requirements specified in the previous Sections of this Exhibit the plan of care must identify and address services to achieve childhood milestones in the areas of:

4. The SNU CM must monitor children in facilities at least quarterly to determine that services identified in the plan of care are being delivered according to the plan and that the environment is conducive to the health and safety of the child. This includes services that may be reimbursed and overseen by other organizations, for example, Respiratory, Physical, Occupational and Speech Therapy, behavioral health, Nutritionist or Dietitian.
5. Discharge planning for each child must begin upon admission, updated as care needs change, and have the primary goal of going home to family or a family model alternative. The discharge plan must include:

### **ENCOUNTER DATA SUBMISSION REQUIREMENTS AND PENALTY APPLICATIONS**

The submission of timely and accurate Encounter Data is critical to the Department's ability to establish and maintain cost effective and quality managed care programs. Consequently, the requirements for submission and metrics for measuring the value of the data for achieving these goals are crucial.

#### **CERTIFICATION REQUIREMENTS**

All PH-MCOs must be certified through the Department's MMIS prior to the submission of live Encounter Data. The certification process is detailed on the Pennsylvania HealthChoices Extranet.

#### **SUBMISSION REQUIREMENTS**

- Timeliness:

With the exception of NCPDP Encounters, all PH-MCO approved Encounters and those specified PH-MCO-denied Encounters must be approved in the Department's MMIS by the last day of the third month following the month of initial PH-MCO adjudication. NCPDP Encounters must be submitted and approved in the Department's MMIS within thirty (30) days following the PH-MCO adjudication.

- Metric:

During the six months following the month of the initial MMIS adjudication, Encounters will be analyzed for timely submission.

- Failure to achieve the Department's MMIS approved status for 98% of all PH-MCO paid and specified PH-MCO denied Encounters by the last day of the third month following initial PH-MCO adjudication may result in a penalty.
- Any Encounter Data corrected or initially submitted after the last day of the third month following initial PH-MCO adjudication may be subject to a penalty.

#### Accuracy and Completeness:

Accuracy and completeness are based on consistency between Encounter Data submitted to the Department's MMIS and information for the same service maintained by the PH-MCO in their Claims/service history database.

- Metric:

Accuracy and completeness will be determined through a series of analyses of PH-MCO Claims history data and Encounters received and processed through the Department's MMIS. This analysis will be done at least yearly but no more than twice a year and will consist of making comparisons between encounter samples and what is found in the PH-MCO's claims history. Samples may also be drawn from the PH-MCO's service history and compared with Encounters processed through the Department's MMIS.

Samples will be drawn proportionally based on the PH-MCO financial expenditures for each transaction type submitted during the review period. Each annual or semi-annual analysis will be based on a statistically valid sample of no less than 200 records.

**PENALTY PROVISION**

Timeliness:

Failure to comply with timeliness requirements will result in a sanction of up to \$10,000 for each program month.

Completeness and Accuracy:

Errors in accuracy or completeness that are identified by the Department in an annual or semi-annual analysis will result in sanctions as follows. An error in accuracy or completeness or both, in one sample record, counts as one error.

Percentage of the sample that includes an error	Sanction
Less than 1.0 percent	None
1.0 – 1.4 percent	\$4,000
1.5 – 2.0 percent	\$10,000
2.1 - 3.0 percent	\$16,000
3.1 – 4.0 percent	\$22,000
4.1 – 5.0 percent	\$28000
5.1 – 6.0 percent	\$34,000
6.1 – 7.0 percent	\$40,000
7.1 – 8.0 percent	\$46,000
8.1 – 9.0 percent	\$52,000
9.1 – 10.0 percent	\$58,000
10.1 percent and higher	\$100,000

The PH-MCO may not impose additional prior authorization requirements for drugs and products included on the Statewide PDL. Quantity limits can be no more restrictive than the Department's quantity limits.

The PH-MCO must submit the policies, procedures, and guidelines to determine medical necessity of drugs included on the Statewide PDL to the Department. Submissions must occur prior to the effective date of the changes as determined by the Department and at least annually.

- d. The PH-MCO may use a Formulary or PDL to manage MA covered drugs and products that are outside the scope of the Statewide PDL as long as the Department has prior approved it and the Formulary or PDL meets the clinical needs of the MA population.

The Formulary or PDL must be developed and reviewed at least annually by the PH-MCO's P&T Committee, as defined in Section 6 of this Exhibit.

- e. The PH-MCO must allow access to all non-formulary or non-preferred drugs that are included in the CMS Quarterly Drug Information File, other than those excluded from coverage by the Department, when determined to be Medically Necessary through a process such as Prior Authorization (including Step Therapy), in accordance with Prior Authorization of Services Section V. B.1. and Exhibit H, Prior Authorization Guidelines for Participating Managed Care Organizations in the HealthChoices Program, and this Exhibit.
- f. The PH-MCO must receive written approval from the Department of the Formulary or PDL, the list of specialty drugs, quantity limits, age edits, and the policies, procedures and guidelines to determine medical necessity of drugs and products not included on the Statewide PDL that require prior authorization, including drugs that require step therapy and drugs that are designated as non-formulary or non-preferred, prior to implementation of the Formulary or PDL, the designation of specialty, and the requirements. PH-MCOs may add drugs to the specialty drug list that are in therapeutic classes already included on the specialty drug list prior to receiving approval from the Department. However, these additions must be included in the specialty drug designations submitted to the Department for written approval. Submissions for annual reviews must occur at least thirty (30) days before effective date of the updated information.

#### 4. Prior Authorization of Drugs

- a. For Covered Drugs that require Prior Authorization (including step therapy) as a condition of coverage or payment:
  - i. The PH-MCO must provide a response to the request for prior authorization by telephone or other telecommunication device indicating approval or denial of the prescription within twenty-four (24) hours of the request, and
  - ii. If a Member's prescription for a medication is not filled when a prescription is presented to the pharmacist due to a Prior Authorization requirement, the PH-MCO must instruct the pharmacist to dispense either a:
    - Fifteen (15) day supply if the prescription qualifies as an Ongoing Medication, unless the PH-MCO or its designated subcontractor issued a proper written notice of benefit reduction or termination at least ten (10) days prior to the end of the period for which the medication was previously authorized and a Grievance or DHS Fair Hearing request has not been filed, or
    - A seventy-two (72) hour supply of a new medication.
- b. For drugs not able to be divided and dispensed into individual doses, the PH-MCO must instruct the pharmacist to dispense the smallest amount that will provide at least a seventy-two (72) hour or fifteen (15) day supply, whichever is applicable.
- c. The requirement that the Member be given at least a seventy-two (72) hour supply for a new medication or a fifteen (15) day supply for an Ongoing Medication does not apply when a pharmacist determines that the taking of the prescribed medication, either alone or along with other medication that the Member may be taking, would jeopardize the health or safety of the Member.
- d. In such an event, the PH-MCO and/or its subcontractor must require that its participating dispensing Provider make good faith efforts to contact the prescriber.
- e. If the PH-MCO denies the request for prior authorization, the PH-MCO must issue a written denial notice, using the appropriate Drug Denial Notice template within twenty-four (24) hours of receiving the request for prior authorization.

Grievance or DHS Fair Hearing request is resolved.

- g. Requests for prior authorization will not be denied for lack of medical necessity unless a physician reviews the request for a medical necessity determination. Such a request for prior authorization must be approved when, in the professional judgment of the physician reviewer, the services are medically necessary to meet the medical needs of the Member.
- h. In addition, for children under the age of twenty-one (21), requests for service will not be denied for lack of medical necessity unless a physician or other health care professional with appropriate clinical expertise in treating the Member's condition or disease determines:
  - i. That the prescriber did not make a good faith effort to submit a complete request, or
  - ii. That the service or item is not medically necessary, after making a reasonable effort to contact the prescriber prior to issuing a denial for the requested service. The reasonable effort to contact the prescriber must be documented in writing.
- i. When medication is authorized due to the PH-MCO's obligation to continue services while a Member's Grievance or Fair Hearing is pending, and the final binding decision is in favor of the PH-MCO, a request for subsequent refill of the prescribed medication does not constitute an Ongoing Medication.
- j. The PH-MCO guidelines to determine medical necessity of Covered Drugs outside the scope of the Statewide PDL cannot be more stringent than the FFS guidelines. The PH-MCO must follow the Statewide PDL Prior Authorization guidelines for drugs and products included on the Statewide PDL.
- k. The PH-MCO must comply with the requirements for Prior Authorization of Services, Section V. B. 1. and Exhibit H, Prior Authorization Guidelines for Participating Managed Care Organizations in the HealthChoices Program, and receive written approval from the Department prior to implementation and annually thereafter. If a PH-MCO covers a specific drug through both their medical and pharmacy benefits, the PH-MCO must apply the same Department approved prior authorization guidelines to prior authorization requests.

## **5. Provider and Member Notification**

The PH-MCO must have policies and procedures for notification to Providers and Members of changes to the Statewide PDL or MCO Formulary used by the PH-MCO for drugs and products outside the scope of the Statewide PDL, Prior Authorization requirements and other requirements for Covered Drugs such as, but not limited to, specialty program requirements.

- a. Written notification for changes to requirements must be provided to all affected Providers and Members at least thirty (30) days prior to the effective date of the change.

The provisions for any willing pharmacy apply if the PH-MCO or Subcontractor enters into agreements with specific pharmacies to provide defined drugs or services such as but not limited to, specialty, mail order, and 90-day supplies. PH-MCOs are required to contract on an equal basis with any pharmacy qualified to participate in the MA program that is willing to accept the same payment rate(s) and comply with the same terms and conditions for quality standards and reporting.

  - iii. The PH-MCO must submit annually the list of specific pharmacies contracted to provide defined drugs or services, and a list of the drugs or services each pharmacy is contracted to provide, to the Department for review and written approval. Submissions for annual reviews must occur at least thirty (30) days before the effective date of the updated information.
  - iv. The PH-MCO must notify the Department on an ongoing basis of the following: (1) specific pharmacies that are no longer contracted to provide defined drugs or services and the reason why, (2) pharmacies that request contracting to provide defined drugs or services but are not admitted into the specific pharmacy network and the reason why, (3) any pharmacies that are only contracted to provide a limited scope of defined drugs or services and the reason why.

- f. The PH-MCO and any subcontractor will not charge a fee related to a network pharmacy's claim unless the amount of the fee is disclosed and applied at the time of claim adjudication.

## **8. Drug Rebate Program**

Under the provisions of Section 1927 of the Social Security Act 42 U.S.C.A. 1396r-8, drug companies that wish to have their products covered through the MA Program (both FFS and managed care) must sign an agreement with the federal government to provide rebates to the State. The Affordable Care Act (ACA) provides for federal drug rebates for drugs paid for by the PH-MCOs.

If the PH-MCO negotiates and collects its own rebates and discounts for non-drug products that are not included on the Statewide PDL, the PH-MCO must report to the Department the full value of the rebates and discounts in a format designated by the Department. If the PH-MCO assigns responsibility for negotiating and/or collecting the rebates and discounts for non-drug products not included on the Statewide PDL to a subcontractor, the subcontractor must pass the full value of all rebates and discounts on drugs dispensed to the PH-MCO's Members back to the PH-MCO. The subcontractor may not retain any portion of the rebates or discounts. The PH-MCO must report the full value of all the rebates and discounts to the Department in a format designated by the Department.

## I. Data Sharing

The PH-MCO must provide timely and actionable data to its PCMHs. This data should include, but is not limited to, the following:

A PC-AICC is a practice that provide comprehensive physical and behavioral health care to those individuals who are high cost and in high need of medical and social services. These practices serve individuals who demonstrate non-episodic impactable medical costs over \$30,000 and are typically the costliest 2 - 3% of individuals who account for up to 40% of the PH-MCOs medical spend.
