The Commonwealth of Pennsylvania, through the Department of General Services, accepts the submission of the Bidder/Contractor for the awarded item(s) at the price(s) set forth below in accordance with: 1) the RFQ submitted by the Bidder/Contractor, if any; 2) the documents attached to this Contract or incorporated by reference, if any, and 3) the contract terms and conditions stored on the website address at www.dgs.state.pa.us for this type of Contract as of the date of the RFQ, if any, or other solicitation for this Contract, all of which, as appropriate, are incorporated herein by reference. When the Bidder/Contractor receives an order from a Commonwealth agency, the order constitutes the Bidder/Contractor's authority to furnish the item(s) to the agency at the time(s) and place(s) specified in the order. RFQ, as used herein, means Request for Quotations, Invitation for Bids, Invitation to Qualify, or Request for Proposals, as appropriate.

 Currency: USD

SPECIAL CONTRACT TERMS AND CONDITIONS **Sodium Chloride**

CONTRACT SCOPE/OVERVIEW: This legacy No. 6810-02(identified here and in the other documents as the "Contract") will cover the requirements of Commonwealth agencies for Sodium Chloride (Bulk).

ORDER OF PRECEDENCE: These Special Contract Terms and Conditions supplement the Standard Contract Terms and Conditions for Statewide Contracts for Supplies. To the extent that these Special Contract Terms and Conditions conflict with the Standard Contract Terms and Conditions For Statewide Contracts for Supplies, these Special Contract Terms and Conditions shall prevail.

TERM OF CONTRACT: The Contract shall commence on the Effective Date no earlier than August 1, 2008 and expire on July 31, 2009.

OPTION TO EXTEND: The Department of General Services reserves the right, upon notice to the Supplier, to extend the Contract or any part of the Contract for up to three (3) months upon the same terms and conditions. This will be utilized to prevent a lapse in Contract coverage and only for the time necessary, up to three (3) months, to enter into a new contract.

OPTION TO RENEW: The contract or any part of the contract may be renewed for additional TWO (1-year) terms by the mutual agreement between the Commonwealth and the Supplier(s). Price adjustments for renewals shall be negotiated and mutually agreed upon by the Department of General Services and the suppliers. Although each negotiation will be conducted independently, the percentage increase or the monetary increase shall be the same for all suppliers. The Department of General Services reserves the right to renew any and or all supplier contracts. Non-renewed contracts will be competitively re-bid. Estimated requirements (quantities) will be provided for any/ all renewal options. Upon renewal the Contract terms and conditions shall apply as the prior year.

OPTION FOR SEPARATE COMPETITIVE BIDDING PROCEDURE: The Department of General Services reserves the right to purchase supplies covered under this Contract through a separate competitive bidding procedure, whenever the department deems it to be in the best interest of the Commonwealth. The right will generally be exercised only when a specific need for a large quantity of the supply exists or the price offered is significantly lower than the Contract price.

ORDERS: The Department of Transportation will issue purchase order for the initial fill after August 1st and no later than August 30th of the current year. Each Engineering District may conduct a meeting with the awarded Supplier(s) to discuss initial fill deliveries and balance of season deliveries.

Upon completion of the initial fill each County Maintenance District shall request re-supply of sodium chloride from their awarded Supplier on or after November 1st current year. Re-supplying purchase orders are completed by County Maintenance Districts as re-supply is needed and the Supplier will deliver within 7 working days of receipt of the Purchase Order.

NO Blanket Delivery Orders are authorized on this contract.

PRICE CHANGE: The Supplier's price is adjusted (up or down) once each month during the months of November through the first week of April on the cost of diesel fuel used in transportation. The last price change completed before the first week of April will determine the pricing for the remaining months on the contract. The change in diesel price is calculated by comparing the applicable monthly diesel price with the base diesel price as stated in the OIL PRICE INFORMATION SERVICE (OPIS), PAD 1 REPORT published weekly. If the monthly figure is greater than the base, an upward price change is issued. If the monthly figure is less than the base, a downward price change is issued. A Change Notice to the contract is issued to incorporate the price change and change all contract awarded prices for deliveries on or after the effective date of the price change, unless the supplier is delinquent in delivery the price will remain the same on all delinquent purchase orders.

The price change will be the actual variance from the base.

The base diesel price and the monthly diesel price are established from the OIL PRICE INFORMATION SERVICE (OPIS), PAD 1 REPORT published weekly except last weeks in June and December by United Communications Group, Bethesda, MD. Telephone (301) 816-8950.

The base price for ULS-No2 diesel under this contract is \$4.2298 effective 5/26/2008. Calculated as follows, using OPIS data on the closest Thursday to the release date:

Base Price (cts/gal ULS-No2) = (Harrisburg Avg + Philadelphia Avg + Pittsburgh Avg)/3

The monthly diesel price will use the same formula but with OPIS data. ON THE second THURSDAY OF THE MONTH for the following month. The monthly price adjustment is EFFECTIVE ON THE 1ST BUSINESS DAY of the month. In the event that the report is not published for that week, the following day report will be used.

NOTE: All prices are determined by Delivery date.

NEW SOURCES: In the event that a new source is developed and placed in operation by an approved source already in Bulletin # 15 during the life of this contract, the new source is subject to approval by the Pennsylvania Department of Transportation before material is delivered to users of this contract.

ACCEPTANCE OF SODIUM CHLORIDE: On the basis of certification in accordance with the current Quality Control Plan on file with the Department of Transportation, Bureau of Maintenance and Operations (BOMO) and the specifications for Sodium Chloride Type 1, Grade 1 IAW, AASHTO M143 or ASTM D632. A current Quality Control Plan (QC Plan) forward to the Bureau of Maintenance and Operation (BOMO) within 15 working days of Notification of Award. Failure to supply the required Quality Control Plan may result in award to the next lowest supplier.

SPECIFICATIONS: Suppliers shall comply with Department of Transportation Publication 408, latest edition, Section 722. Sodium chloride roadway de-icer shall conform to the Pennsylvania Department of Transportation specifications for Sodium Chloride, dated March 2003. In addition, the supplier must furnish sodium chloride from a manufacturer listed in Publication # 35 Bulletin #15 and meeting the requirements of AASHTO - M 143 Type 1 or ASTM D632 latest revision or re-approval.

TESTING: Testing conducted by the Penn DOT Laboratory. Suppliers are notified, via certified letter, of test failures. Notification will occur on a weekly basis. After a supplier has received three such letters, their level of certification is changed. The changing of the level of certification will require more frequent testing of the material being delivered and the resubmission of an updated quality control plan that address the areas of the test results where the material did not meet specification.

STOCKPILE INSPECTION:

The Commonwealth, at its own discretion, may inspect any awarded supplier's stockpile/storage area used to store and from which the awarded material is shipped.

The inspection may include but not limited to the following:

1. Are the piles of material covered properly to ensure protection from adverse weather?
2. Proper sampling of material. Samples may be taken and forward to PennDOT Lab for testing for conformance to specifications listed in this contract.

If the inspection results in piles of material not being covered and/or test results failing, the awarded supplier using said stockpile/storage area may be notified to discontinue shipping material to PENNDOT locations from that stockpile/storage area.

If such notification is necessary, it shall be made by PennDOT in conjunction with the PA Department of General Services.

ESTIMATED QUANTITIES: (Department of Transportation). The Department of Transportation has supplied estimates for this contract that reflect their possible needs for delivery from August thru April. It is further understood and agreed that the Department of Transportation will purchase 75 % of their of their county estimates, and that the Supplier will provide this commodity to 130% of the Department's estimates at the awarded contract price(s). In the event that the supplier elects to discontinue re-supply above the 130% of the estimated quantity, the Supplier shall notify the Department of General Services and the Department of Transportation in writing of their intentions not to continue to supply this commodity above 130%. The notification is made prior to the actual receipt quantity reaching 100% of the original estimated quantity.

(State Agencies). There is no minimum purchase amount for the agency estimates; however the Supplier will provide this commodity to 130% of the agencies estimates at the awarded contract price. In the event that the supplier elects to discontinue re-supply above the 130% of the estimated quantity, the Supplier shall notify the Department of General Services in writing of their intentions when the actual receipt quantity reaches 100% of the estimated quantity.

(Political Subdivisions). The Supplier agrees and is bound to supply, in accordance with the terms and conditions of this Contract, such quantities of Sodium Chloride as are represented by the actual requirements of participating political subdivisions. Those Political Subdivisions that have decided to participate in the Contract have filed binding agreements with the Department of General Services that require:

1. The Political Subdivision to purchase 60% of required quantities of Sodium Chloride, up to 140% of the tonnage requirements listed, exclusively from the Supplier; and
2. The Political Subdivision is responsible directly to the Supplier for payment under each purchase order.
3. In the event that the supplier elects to discontinue re-supply above the 140% of the estimated quantity, the Supplier shall notify the Department of General Services and the Department of Transportation in writing of their intentions not to continue to supply this commodity above 140%. The notification is made prior to the actual receipt quantity reaching 100% of the original estimated quantity.

The Supplier acknowledges that the participating Political Subdivisions are intended beneficiaries under the Contract and are real parties in interest with the capacity to sue and be sued in their own name and without joining the Commonwealth of Pennsylvania, Department of General Services.

The Supplier shall furnish quarterly reports to the commodity specialist no later than the 15th of the month following each quarter. Each report shall indicate name and address of the Supplier, Contract number, and period covered by the report. List the following information on the report for each order received.

Tons Ordered	Tons Delivered	Unit Price	Total Cost	Political Subdivision
--------------	----------------	------------	------------	-----------------------

DELIVERY AN LOTS:

For reference purposes, the DOT plant location listing is attached. These locations are subject to change and the Commonwealth of Pennsylvania reserves the right to add delete and/ or alter locations as necessary. For the purposes of this contract, the quantity delivered on a given day to a specific stockpile is considered a lot for delivery. INITIAL FILL / RESERVE INITIAL FILL (Department of Transportation) – August 1st to October 31st. Reflects the estimated tonnage of sodium chloride that may be ordered by each County Maintenance District beginning August 1st but no later than August 30th, for delivery no later than October 31st. The amount of material estimated for the initial fill period may be decreased due to storage and/or financial constraints. If an initial fill estimated order quantity estimate is reduced, the 75% of the total estimated order quantity will still be purchased. The minimum order quantity for Department of Transportation orders only is 150 tons per stockpile location unless a stockpile location has a maximum storage capacity of 150 Tons or less. The minimum delivery quantity, for

Department of Transportation only, during the initial fill period is 5 trucks or 150 tons per stockpile per day, unless the ordered quantity is less than 5 trucks or 150 tons, in such cases the entire order for that stockpile is delivered same day.

State Agencies and Political Subdivisions: (August 1st to October 31st) The minimum order quantity for state agencies and municipalities using this contract is 22 tons per stockpile location. The minimum delivery quantity during the initial fill period is 5 trucks or 150 tons per stockpile per day, unless the ordered quantity is less than 5 trucks or 150 tons, in such cases the entire order for that stockpile is delivered same day. All state agencies and political subdivisions are encouraged to have the minimum requirement (60%) delivered before November 1st.

BALANCE OF SEASON –Reflects the estimated re-supply of the estimated quantity from November 1st to April 30th up to 130% of the original estimated quantities. These quantities are predicated on the severity of the winter weather conditions and may be increased or decreased in accordance with the actual needs.

The minimum order quantity for Department of Transportation orders only is 4 trucks or 100 tons per stockpile location; unless a stockpile location maximum storage capacity is 100 Tons or less. Delivery of material to Department of Transportation locations completed within seven (7) business days after receipt of the purchase order. Orders received at the Supplier's place of business prior to 11:59am daily delivered within seven (7) business days of the order received date, orders received at the Supplier's place of business after 12:00 noon are consider the next business days order, and delivered within seven (7) business days of the next day.

All awarded Suppliers will acknowledge receipt of the re-supply order by faxing or emailing the County of Origin. The minimum delivery for the balance of season is 4 trucks or 100 tons per stockpile per day, unless the ordered quantity is less than 4 trucks or 100 tons, in such cases the entire order for that stockpile is delivered.

State Agencies and Political Subdivisions: (November 1st to April 30th) The minimum order for state agencies and municipalities using this contract is 22 tons per stockpile location. The minimum delivery is 4 trucks or 100 tons per stockpile per day, unless the ordered quantity is less than 4 trucks or 100 tons, in such cases the entire order for that stockpile is delivered. with the exception of the City of Philadelphia. Deliveries to the City of Philadelphia are 10 trucks or 250 tons per stockpile per day. Delivery of material to these locations complete within seven (7) business days after receipt of the purchase order unless the Agency/Political Subdivision's stockpile capacity is less than 100 tons in which delivery is completed with five (5) business days. Orders received at the Supplier's place of business prior to 11:59am daily are considered the same business day's order. Orders received at the Supplier's place of business after 12:00 noon are considered the next business day's order

OTHER – Orders for Department of Transportation re-supply, placed after April 30th, shall be delivered and complete within 30 business days after the awarded supplier receives the purchase order. The minimum daily delivery requirement is 100 tons per day to a Department of Transportation stockpile listed on a purchase order. The entire quantity ordered for a stockpile deliver for order less than 100 tons per stockpile.

The Department of Transportation and all State agency locations reserve the right to replenish stockpiles between May 15th and July 31st, which may exceed the established maximum quantities.

DELIVERIES: Each County Maintenance District will accept deliveries of the initial fill between the hours of 7:00 AM and 3:00 PM, Monday through Friday, except holidays, in absence of a prior agreed upon schedule. The initial fill and remainder of the season deliveries are shipped in accordance with the following:

- Department personnel must be present to receive all materials being shipped unless otherwise agreed upon. Shipments made in a continuous manner so that the availability of receiving personnel is scheduled efficiently.

- The Supplier and or his Transportation Company shall confirm the schedule of deliveries 24 hours prior to delivery. The Supplier and or his Transportation Company shall coordinate notification of deliveries with the County Maintenance Manager or his designee prior to delivery.
- Deliveries any time other than weekdays between the hours of 7:00 AM and 3:00 PM scheduled only upon agreement and coordination with the County Maintenance Manager or his designee.
- Protect all deliveries of salt by waterproof covering throughout the shipping process. The Department may reject unprotected shipments.
- Department personnel receiving all materials should clearly note any issues regarding the material on the bill of lading whether material is received or rejected.

WEIGHING: On all bulk shipments originating outside the Commonwealth of Pennsylvania, certified weight slips from the supplier must accompany each truck. Shipments originating within the Commonwealth weigh by a licensed Public Weigh Master and accompanied by a certified weight slip. An electronic digital measuring device is acceptable if a source has the capability in its scale. The scale used require approval by the department of Agriculture, Bureau of Rides and Measures Standards, or tested and approved by a scale repair service with testing capabilities with appropriate weights and procedures as contained in Scale Code NIST Handbook 44. Electronic signatures certifying the weight slip are acceptable.

The Supplier is responsible for the preparation of accurate weight slips, certification attesting to the accuracy of the weights recorded, and assuring conformance with Department of Transportation Publication 408 or latest version, Section 107.23 (b) Mass (Weight) Limits and Weighing, including the payment of liquidated damages as specified herein.

INSPECTION: (Includes Department of Transportation, State Agencies, and Political Subdivisions) Because of the seasonal nature of the Commonwealth's winter program, materials received in the field must satisfy the specifications and be ready for immediate use by the Commonwealth. The use of substandard materials has a direct bearing on winter road maintenance operations. The using agency will collect samples per the PennDOT Maintenance Manual, Publication 23, Chapter 4. The samples will be tested to ensure that they meet specifications. A delivery is defined as the required daily tonnage of material.

Material That Does Not Appear To Meet Specifications. Materials that do not appear to meet specifications at the time of delivery the using agency may reject and turn away. Samples will be taken from deliveries that do not appear to meet specification and these samples will be forwarded to the PennDOT laboratory for testing to determine whether, in fact, the material did or did not meet specifications.

If the using agency accepts and uses these materials and testing later determines that the material did not meet specifications, the procedures established under the Testing paragraph of these Special Contract Terms and Conditions will apply. If the accepted materials are found to have met specifications, no actions are taken against the awarded supplier.

If the using agency rejects delivery of materials that do not appear to meet specifications and testing later determines that the materials in fact did not meet specifications, the awarded supplier is deemed to have failed to make a delivery and this addressed under the Liquidated Damages provision of this contract. If, however, testing later determines that the materials did meet specifications, the Department of General Services will take no action against the awarded supplier.

DISTRICT 6-0 SOURCE PICK-UP OPTION PROGRAM OPTION: PennDOT District 6 has the option of pick-up or delivery of salt to meet their needed initial fill quantities from August 1, 2006 thru October 31, 2006. The Department will issue purchase orders for the pick-up of initial fill quantities after August 1st and no later than August 30th of the current year. The PennDOT County Maintenance Manager or their designee is responsible for arranging a mutually agreed upon schedule with the awarded supplier. The PennDOT County Maintenance Manager or their designee must contact the awarded supplier at least 48 hours prior to the mutually agreed upon day of pick-up.

MINIMUM ORDER (F.O.B. SOURCE PICK-UP ONLY): The minimum order quantity for any one F.O.B. source pick-up purchase order is 22 tons. All F.O. B. pick-ups must have PennDOT Bureau of Maintenance Operations salt manager approval.

FIRST COME, FIRST SERVE BASIS: For F.O.B. source pick-up, the salt will be loaded in Department trucks on a first come, first serve basis.

INVOICING: When billing, the supplier will furnish an original and two copies of the invoice. In cases where computerization requires the supplier to retain the original invoice, three copies of the billing are acceptable; however, stamp and designate one of the copies: "ORIGINAL DUE TO COMPUTERIZED OR AUTOMATIC MACHINE ACCOUNTING."

LIQUIDATED DAMAGES: (Includes Department of Transportation, State Agencies, and Political Subdivisions) During the Re-supply period of November 1 through March 30, deliveries that do not meet the daily delivery tonnage requirements and/or the established order completions period as stated in the Contract, shall be considered cause for interruption of the proper implementation of the Commonwealth's winter roadway safety program. The Commonwealth and the awarded supplier, therefore, presume that in the event of any such delay, the amount of damage which will be sustained from a delay daily delivery tonnage requirements and/or the established order completions period specified will be \$100.00 per business day per delivery. A delivery is defined as the required daily tonnage of material. The Commonwealth and the awarded supplier further agree that in the event of any such delay, the awarded supplier shall pay such amount as liquidated damages not as a penalty. The Commonwealth shall be held responsible for roadways that are officially closed, obstructed, or impassable due to winter weather conditions and is required to releases the supplier from the liquidated damages for the day(s) of obstruction to traffic.

The Commonwealth has the following option for deducting amounts due to the Commonwealth as liquidated damages:

- May deduct such from any money payable to the awarded supplier or
- May bill the awarded supplier as a separate item.

It is the responsibility of the Department of General Services to investigate instances of late or incomplete deliveries by gathering information from the using agency and the contractor. The Department will determine whether liquidated damages are an appropriate remedy in each instance. The Commonwealth shall notify the awarded supplier in writing of any claims for liquidated damages pursuant to this paragraph before the date the Commonwealth deducts such sums from the money payable to the awarded supplier.

EMERGENCY CONDITIONS: If the awarded supplier is not able to perform because of an emergency condition as determined by the Commonwealth, the Commonwealth may institute the following option:

Mine/Stockpile Pickup: The Commonwealth shall have the option of purchasing the Sodium Chloride FOB mine/stockpile location loaded on Department trucks or Department rental trucks (22 ton minimum capacity). In those instances, cost for sodium chloride FOB mine/stockpile location will be the cost provided for the county which the stockpile is located less the trucking transportation costs to the delivery locations.

Stockpile Location (City/County/State)	Stockpile Price/Ton	Pickup	Supplier Name

Stockpile (City/County/State)	Location	Stockpile Price/Ton	Pickup	Supplier Name

NON-CONTRACT PURCHASE: The Commonwealth reserves the right to purchase Sodium Chloride from another supplier in the event the awarded contract supplier has failed to meet the delivery requirements established in this proposal and that failure interferes with the proper implementation of the Commonwealths' programs. Department's may process an emergency purchase requisition upon receipt of facsimile/email approval from the Department of General Services.

REPORTS:

The awarded supplier is required to send to the DGS Commodity Specialist listed in the contract a biweekly open order report for all sodium chloride orders during the period November 1st to April 30th.

The Supplier shall furnish quarterly reports to the commodity specialist no later than the 15th of the month following each quarter. Each report shall indicate the following

Name and address of the Supplier

Contract number

period covered by the report

Tons Ordered

Tons Delivered

Order Fulfillment (# of days between order date and DELIVERY date)

Unit Price

Total Cost

Location (PennDOT, Agency, Political Subdivision)

Location County

INQUIRES: Direct all questions concerning this proposal to the appropriate buyer named herein.
